SEA FLIERS PASS CAPE

Today

A Super-Race? Not Soon Coming, a Little Italian Saving the Old Home A Bright 5 Billion Spot

By Arthur Brisbane

ALAIN GERBAULT, who has sailed around the world in his 36-foot boat, "Firecrest," has found his mission. He will start a new colony in the South Sea, and in that tropical Utopia, carefully selecting native parents, he will build up a superrace of human beings.

To carry out his plan he will have to live some time. Mother Nature, wisely selecting and mixing natives of all kinds, has been trying to build up a superrace on this earth for at least 40,000,000 years, and her success thus far is not particularly brilliant.

If he could live long enough Mr. Gerbault would be surprised to find that in ten thousand years he couldn't raise the frontal angle of his "picked natives" by as much as one per cent.

To make a real super-race he would have to straighten those foreheads up to the perpendicular. That would take at least 100,000 years, probably 1,000,000 years.

Princess Marie Jose, crown princess of Italy, wife of the king's heir, expects a baby.

If it is a boy, and lives, it will be king some day, Mussolini on the one hand, and possibilities of revolution, on the other, permitting.

In Italy, as in France, in the old days, no woman can rule.

The French *Loi Salique* which prevented it was explained politely by a French king to an inquiring woman.

"France must have no woman on the throne, because under such circumstances a man might gove. France. With a man on the throne some woman will always be the real ruler, an excellent thing for the country."

In melodrama as the "old home" is about to be sold by the cruel mortgage holder, somebody comes in, pays the bill and everything ends happily.

In a modern melodrama entitled "Who Killed Prosperity?" higher income taxes for the unfortunate rich were more earnestly discussed than the plight of the poor unemployed that you always have with you.

At the critical moment comes news that income taxes and other internal revenue receipts are up $101,000,000, in spite of a one per cent income tax reduction that has been in effect for six months.

Inheritance taxes paid Uncle Sam $64,760,625, and tobacco, chiefly cigarettes, provided $450,339,060.

Imagine how prosperous Uncle Sam would be, if the people that want beer could get it, paying him several hundred millions a year, for the privilege, instead of giving millions to bootlegging and racketeering in return for bad whiskey?

France has more gold than she needs, is gathering in tens of millions of yellow metal every week. But France is not happy. Exports are down.

Poor old Uncle Sam, increasing his tariff and expecting to increase his income, finds that his customs are cut down instead of being higher.

Britain has troubles on which the sun never sets, scattered all around the world.

If it really is "always darkest before dawn," it is about time for the dawn to break.

However, one American, known to everybody in the United States, because he is able and has made many millions and is conspicuous in politics, finds one hopeful cloud the size of a man's hand and bigger.

Brokers' loans, says he, have diminished by five billions of dollars. They were eight billions in boom times. They are around three billions now. Those loans represent money that stock speculators and investors owe on stocks bought, not paid for.

If the brokers' loans dropped five billions it means that five billions have been paid and the stocks taken up. At least that is the theory.

Putting the average pric. of stocks thus taken up at $50, this would mean that 100,000,000 shares of stock have been taken "out of the market."

Such news means little to the man out of a job, or the farmer, offered 60 cents for wheat on the farm. But it means a good deal to intelligent financiers.

Calvin Coolidge says the whole world is benefitted by the French revival of financial power. He puts in few words qualities that make the French a great people: No one can estimate the future resources of a country that is willing to work, save, and face facts."

In addition, the French know how to think, and how to fight for their rights.

And French statesmen do all their worrying ABOUT FRANCE. They do not worry

2 BURN ALIVE IN WRECK OF AUTO

George Oswald, Jr., Brookline, and Hamilton Tremaine, Jamaica Plain, Are Victims

A Boston and a Brookline youth were fatally burned by gasoline today after their automobile had skidded into a tree at Teaticket, near Falmouth, on Cape Cod.

The victims were George P. Oswald, Jr., 20, of the Hotel Beaconsfield, Brookline, and Hamilton Tremaine, 20, of Jamaica Plain.

The tragedy climaxed a gay birthday party given to Oswald last night at the "High Hat" restaurant.

Both boys were returning to the summer homes of their parents at Falmouth when the fatal crash occurred.

The accident happened on a curve in the road, the car leaving the road on the left side, crashing inot a tree, then rebounding to become wedged between another tree and a stone wall.

COVERED WITH FLAMES

Explosion of the gasoline tank showered fire over the two youths pinned in the machine.

Members of the family of Capt. Frank A. Corey of the Falmouth Fire department nd other neighbors living near rushed to the road and attempted to save the two boys.

The heat of the flames drove the would-be rescuers back, however, and it was only with great difficulty that the Rev. James A. Coyle was able to administer the last rites to the blazing youths.

The blaze was extinguished by Falmouth firemen, under Chief Ray D. Wells.

TREMAINE KILLED OUTRIGHT

Tremaine, who was driving the open car with a folded top, was dead when taken from the charred wreckage. Oswald was still breathing, but died on the way to Cape Cod hospital in Hyannis.

Oswald was the son of George P. Oswald, vice president of the George E. Warren Corporation, dealers in coal, 31 St. James ave., Boston, and was formerly a student at Exeter Academy. He is survived by his parents, four sisters and a younger brother.

JAMAICA PLAIN BOY

Tremaine, who formerly lived in South Park ave., Longmeadow, Springfield, was the son of Mrs. Beatrice Hamilton Tremaine, of Southbourne st., Jamaica Plain. She is a cousin of Judge John A. Dennison of Springfield.

Young Tremaine was an aviation enthusiast and had done considerable flying. He attended Longmeadow Country day school before going to Deerfiedd Academy, from which he was graduated last June. He was preparing to enter Harvard in the fall.

Hoover to Review Foreign War Vets

Washington, Aug. 26 (AP)—President Hoover has accepted an invitation to review the parade of the Veterans of Foreign Wars in Baltimore on September 2. Prior to the review, Mr. Hoover will be a luncheon guest of Mayor Broening at the Maryland Club.

John R. Gordon, Ship Leader, Dies at 58

Washington, Aug. 26 (AP)—A prominent figure in American shipping for more than 20 years, John R. Gordon, 58, president of the Mercantile Fleet Corporation, died here today after an operation for appendicitis.

During the war he was a member of the ship control committee.

TODAY'S BANK STATEMENT

Boston balance	$24,000,000
Boston clearance	$53,000,000
New York balance	$151,000,000
New York clearance	$1,027,000,000

Newsie to Fly to Boston

Webster, Aug. 26 (AP)—Leonard Maiser, 16, newsboy for the Telegram and the Evening Gazette and airplane enthusiast, will realize an ambition of two years this week when he will fly from New York to Boston in a four-passenger plane that passes daily over the town. He will be accompanied by Richard Canavan, Bartlett high school athlete.

Through the sale of newspapers young Maiser has saved enough to make the trip, which he claims will be "the best vacation a boy could have."

BLAST WRECKS ROEWER HOME

Explosion of a hot-water tank, under which the gas had been left burning, wrecked the home of George E. Roewer, Boston attorney, at 40 Coolidge Hill rd., Cambridge, today, causing damage estimated at more than $20,000.

Mr. and Mrs. Roewer are spending the summer at a beach cottage and were permittin two Harvard students to occupy their house during their absence. No one was in it when the explosion occurred.

All the windows on the first floor, the front door, a section of the adjoining wall and the rear door were blown out.

Much of the furniture, including a large number of antiques, was ruined, and several valuable paintings, highly prized by the owner were destroyed.

Jagged holes were torn in the walls of several rooms, the kitchen ceiling was ripped open and plaster shaken from ceilings in all the other rooms. The windows of the garage in the rear of the house were also shattered. Only a few pieces of the wrecked water tank were found.

Most of the neighbors were also away for the summer, but the roar of the explosion was heard by occupants of a house a short distance away and they notified the police and rang a fire alarm.

Mrs. Patrick Carey Swims Hellespont

Istanbul, Turkey, Aug. 26 (AP)—Mercedes Gleitz, British swimmer, in private life Mrs. Patrick Carey, today swam the Hellespont for the second time, in three hours and three minutes. She has failed seven times to swim the English channel.

CHANEY, STAR OF 'THOUSAND FACES,' DEAD

Wife and Son at Bedside of Great Actor as the End Comes From Anemia

Los Angeles, Aug. 26 (AP)—Lon Chaney, whose grotesque screen characterizations won him the sobriquet of "The Man of a Thousand Faces," died here early today after a valiant battle against anaemia and congestion of the bronchial tubes.

A hemorrhage of the lungs shortly after midnight suddenly cut short the noted actor's fight for life after he had been reported on the road to recovery. He was 47 years old.

Chaney entered a hospital Aug. 15 for treatment of an anaemic condition resulting from a severe attack of pneumonia suffered in New York early this year. He failed to respond readily to treatment and last week three blood transfusions were resorted to. Saturday he became critically ill but was thought to have safely passed the crisis. Yesterday he was said by hospital attaches to be resting

MAN OF MYSTERY.

The hemorrhage which resulted in Chaney's death came with unexpected suddenness. He was dead in less than 30 minutes, his physicians said.

At his bedside was Mrs. Chaney, a constant attendant since he first was taken ill, and Creighton Chaney, a son by a former marriage.

The death of Chaney removes from Hollywood's varied ranks a veritable mystery man, known almost entirely by his screen appearances.

Away from the motion picture lot Chaney inevitably wore a pulled down cap, dark glasses and plain clothes. He commanded a large salary, made numerous investments and reputedly was wealthy but made few friends.

Born on April 1, 1883, in Colo-

Darrow Repudiates Maier Debate Story

Chicago, Aug. 26 (AP)—Clarence Darrow, Chicago attorney, today denied he was to debate Dr. Walter A. Maier, St. Louis, on atheism, as announced in New York by the American Lutheran publicity bureau.

"I never issued any challenge of this nature," Mr. Darrow said.

Grandson of Lodge to Campaign for Draper

By BERNARD J. DOHERTY

Henry Cabot Lodge, 3d, grandson of the late senator, today came out unqualifiedly for Eben S. Draper, G. O. P. candidate for United States senator.

He will take an active part in the campaign, making his first appearance tonight for Draper, when he presents the candidate of his choice over WBZ at 7:45.

"Of course I'm for Draper," declared Lodge. "I look forward to the privilege of presenting him over WBZ tonight."

OPENS OLD BREACH

The position of Lodge opens wide the old breach between the supporters of the late senator and the Coolidge-Butler machine which reached its height when Senator Lodge was humiliated at the Cleveland presidential convention. The late senator, a leader for more than a quarter of a century in the affairs of his party, was unrecognized at that convention, as punishment for his opposition to the Coolidge stand on the veteran legislation.

The younger Lodge's defection means also that the movement to oust the Old Guard headed by William M. Butler is in full swing.

Christian A. Herter, personal friend of Herbert Hoover and a frequent visitor at the White House, Sinclair Weeks, Mayor of Newton, B. Loring Young, former Speaker of the House, former State Treasurer James Jackson, have already come out for Draper.

SEE DRAPER VICTORY

This group of younger Republicans believe that Draper is the only candidate who can win the election in November.

With the primaries only three weeks away the Draper forces today prepared to go into high gear. Several surprises that the candidate has been guarding closely, it was given out, will be sprung soon.

In passing, the stand taken by Lodge effectively answers the position taken by William M. Butler that it was the wish of the late senator that he succeed him.

In Hunt for Teeth for Blue Sky Law

ATTY.-GEN. WARNER STAFF PHOTO DEPUTY WASHBURN

Atty.-Gen. Warner and Deputy Atty.-Gen. Washburn of New York State conferred on the best way to remove legal obstacles to the prosecution of swindling salesmen in stock frauds.

WARNER BILL IS DISMISSED

Dover, Del., Aug. 26 (AP)—Chief Justice James Pennewill, today dismissed the receivership bill filed by Ira I. Nelson, of Boston, against Warner Brothers Pictures, Inc., and Renwar, Inc.

The bill was dismissed on motion of Hugh M. Morris, counsel for the defendants, who based his motion on the ground the bill "as filed was neither signed nor verified by the complainant, as required by Rule 31 of this court."

In his petition asking for a receiver, Nelson alleged mismanagement on the part of the officers of the Warner company and excessive expenditures for properties said to have been purchased by Renwar, Inc., a holding company for Warner Brothers.

Admiral on Tour of Central America

Colon, C. Z., Aug. 26 (INS)—The United States cruiser Rochester, with Admiral E. H. Campbell on board, sailed today for Mexico, the first scheduled stop on a visiting tour of Central American countries. Admiral Campbell and his staff will visit the president of each Central Amecican republic.

Hurricane Sweeping On Toward Bermuda

Hamilton, Bermuda, Aug. 26 (INS)—All small shipping scurried to shelter today upon the weather bureau's report that a hurricane was only about 100 miles away and was fast approaching this island.

At 9:30 a. m. the wind had reached the velocity of a real gale.

Oesterreich Widow Must Be Tried Again

Los Angeles, Aug. 26 (AP)—Mrs. Walburga Oesterreich, whose trial for murder of her husband, Fred, ended in a jury disagreement, has been ordered to appear in court Friday for setting of a second trial.

BALANCE AND RECEIPTS

Washington, Aug. 26—Today's Treasury balance, $109,872,937.

U. S. customs receipts, $24,662,952.

'Glad Hand' for Erratic Visitors

Police Commissioner Eugene C. Hultman has adopted Mayor Curley's suggestion that every courtesy be extended to visitors driving through Boston during the Tercentenary celebration, and as a result police, instead of summoning those who violate driving rules, will present them with "Welcome Visitor" tags.

On the reverse side of the tag will be printed the traffic rules of the city.

$500,000 Loss in Car Foundry Blaze

Bloomsburg, Pa., Aug. 26 (AP)—One fireman was injured and damage estimated at $500,000 done early today when fire destroyed the Bloomsburg plant of the American Car & Foundry Co.

N. Y. WILL AID IN BLUE SKY CASES

The State of New York will cooperate with Massachusetts in the investigation by the Department of Public Utilities of cases involving Boston stock brokers, it was announced today by Atty. Gen. Joseph E. Warner.

Warner's announcement came at the conclusion of a conference with Deputy Attorney General Watson Washburn of New York who had earlier conducted examination of witnesses in connection with proceedings instituted by New York State against a Boston "tipster" sheet.

DESIRE TO CO-OPERATE.

"Mr. Washburn and I discussed the Blue-sky laws of both states," said Warner, "and went over the various phases of methods of operation with a desire to bring about

Two on Rum Boat Shot in Black Duck Chase

Newport, R. I., Aug. 26—In the same waters that saw her tragedy late last December, the converted Black Duck, rum-runner, now a coast guard boat, overhauled a rum-runner in Newport harbor today and wounded two of the latter's crew.

One of the men, "Chips" Munson of Fall River, was shot so seriously that he is dying at Fort Adams Hospital.

The second wounded man was shot through the finger but was taken with the remaining two of the rum runner's crew to Coast Guard Base 4 at New London.

Several hours before dawn, the crew of the former Black Duck, now Coast Guard Patrol Boat CG-134, sighted the fast motor cruiser Mardelle slipping in through the entrance of Narragansett Bay.

TRIES TO RUN AWAY

For a number of days and nights, Coast Guards have been conducting a careful patrol on the waters in and near Newport Harbor, following reports that considerable liquor was being shipped in for consumption by the throngs gathered for the cup yacht trials.

Believing the motor cruiser, because of the usually quiet hour, to be a rum runner, the Coast Guard boat, faster than any of its mates, slipped over toward the Mardelle and hailed her.

Instead of answering, the Mardelle, powered with three Liberty motors and with the four men of her crew wearing natty yachting uniforms, put on speed and made for the inner harbor.

The converted Black Duck followed, pursuer in the same sort of chase that occurred in December when she was pursued and when coast guards killed three of her crew and injured a fourth.

CHASE AMONG CUP YACHTS

Through the maze of yachts lying at anchor, in the shadows of the Lipton challenger Shamrock, the four potential America Cup defenders and the palatial craft of wealthy summer residents — the boats darted.

Had an ordinary Coast Guard patrol boat been pursuing, the Mardelle would have outdistanced her pursuer easily. But even the three

SIGHTED OFF COTUIT AND NEARING NEW YORK

Preparations Made to Receive Them There About 4 O'Clock

The German flying boat D-1422, piloted by Capt. Wolfgang von Granau, with three companions, was today reported to have passed over Cotuit on Cape Cod at 2:30 on its way to New York from Halifax.

Halifax, N. S., Aug. 26—Capt. Wolfgang von Gronau and his three companions on the final leg of their Germany-to-New York flight took off from this city today at 9:45 a. m., Boston daylight saving time.

They expect to reach New York before sunset.

Their Dornier-Wal seaplane D-1422, was refueled here during the night. The fliers were up early to prepare for the take-off, which was prevented for two hours by a heavy fog.

Then the skies began to clear and a warm sun burst forth, providing favorable conditions.

Conversing with a Dornier representative in New York to telephone Capt. von Gronau said shortly before the take-off that he hoped to reach his destination by 7 p. m., daylight time.

RESEMBLES A WHALE

The Dornier-Wal flying boat is monoplane type, is painted a battleship gray with no bright colors or trimmings. The wings bear the registration number D-1422 in large white figures and the same numbers are also on the tail fin. The boat has a four-bladed propellor.

The fuselage, with its blunt nose, smooth lines and enormous tail fins, resembles the "Wal"—whale—

German Plane Passes Watch Hill at 2:45

Westerly, R. I., Aug. 26 (AP)—The trans-Atlantic Dornier Wal plane of Capt. Wolfgang Von Gronau passed over Watch Hill, R. I., near here, at 2:45 p. m. (D. S. T.). The plane was sighted by Coast Guards stationed at Watch Hill, who reported seeing distinctly the marking D-1422. It was flying low and fast in the direction of New York.

$100,000 Blaze in Vermont

Derby Line, Vt., Aug. 26 (AP)—Damage estimated at $100,000 was caused by a fire which destroyed several warehouses here today, one containing 75,000 bushels of grain.

GERMANS TAKE OFF FROM HALIFAX, N. S., IN FLIGHT TO NEW YORK

FAVORED BY EXCELLENT WEATHER

Capt. Gronau Hopes to Reach End of Great Journey by Sunset

Continued from First Page

from which the machine takes its name. There is an open cockpit in the bow and a cabin amidships.

Although the fog had lifted and the sun was shining brilliantly over Halifax at the takeoff, the fliers faced unfavorable atmospheric conditions along the coast.

Two seaplanes of the Halifax Flying Club, which has been host to the visitors, accompanied the big "whale" over the first part of its flight to New York. One of the planes had flown to Marie Joseph yesterday and guided the German aviators into Halifax through the fog.

Von Gronau plans to land his flying boat off the Statue of Liberty, then taxi over the water to the Battery, thus becoming the first transatlantic flier to land on Manhattan Island from his own craft.

GERMANY BACKED FLIGHT

Interest in the flight was accentuated today with the revelation that the German government financed the expedition for gathering weather data to be used in the establishment of a regular commercial air lane from Germany to America.

This, added to the fact that British air enterprises already have a ship and two planes investigating the same route, accounts for the secrecy that enshrouded the takeoff last Monday from Warnemuende, on the Baltic Sea.

The fliers landed their plane here yesterday afternoon.

Capt. von Gronau and his three companions made the trip from Queensport, where they landed Sunday in two easy stages.

New York Prepares Welcome for Fliers

New York, Aug. 26 (INS)—Von Gronau and his companions will be officially welcomed to New York by Grover Whalen, chairman of the mayor's reception committee.

Boats with flags will be stationed in the harbor so the flying boat of the Germans may be guided to a safe landing.

None of the fliers has passports, it was understood, but the state and other departments have waived all formalities, it was announced, so the aviators will be able to come into New York without delay.

Boston Airport Ready to Welcome Germans

Preparations for receiving the German transatlantic fliers and servicing their plane if they come here were made today at Boston Airport.

Albert L. Edson, airport superintendent, checked over the airport emergency speedboat and had it placed in readiness to go out to the fliers' seaplane once it has landed off the port—if it does.

Preparations were also made at the Curtiss-Wright and the Skyways hangars for refueling and replenishing the oil supply of the Dornier-Wal "Whale."

If the Germans intended to stop at Boston, it was estimated that they would reach here about 3:30 p. m.

Germans Bring First Air Mail From Iceland

Halifax, N. S. Aug. 26 (AP)—The first air mail from Iceland and Greenland to Canada was brought to Halifax by Captain Wolfgang von Gronau in his German flying boat. He delivered the mail to D. A. King, postmaster, on his arrival yesterday.

German Experts Disagree on Flight's Possibilities

Berlin, Germany, Aug. 26—Director Milatz, of the Dornier-Wahl flying school, today said:

"Captain Von Gronau is the first to fly the Atlantic with a regular air traffic craft instead of the flying gasoline tanks usually used. His flight shows the possibilities of regular trans-Atlantic traffic.

Director Wronsky, of the Luft-Hansa, said:

"Captain Von Gronau's flight is a wonderful pioneering achievement, but a regular air line across the north Atlantic appears still impossible. Greenland has nine months of fog. Airmen need instruments not yet invented to assure the regularity of flight necessary for a commercial undertaking in those regions."

N. Y. TO AID IN BLUE SKY CASES

Continued from First Page

greater concord of action in future.

"It is our desire to co-operate as we need each other's assistance.

Examination of witnesses opened today with F. Delano Putnam as special commissioner for New York State in charge. The first witness was William F. Carter, formerly employed as a clerk on the Financial Debaters' Criterion, with headquarters on Devonshire st.

The New York attorney-general has brought a bill in equity in New York Supreme Court, seeking to enjoin Leonard S. Rollnick and Abner S. Werblin from the further sale of securities in New York as a result of their activities with Advance-Rumely stock.

FAIL TO FIND JARVIS

Deputy Atty. Gen. Washburn, who is head of the securities division of the New York attorney general's office, seeks to question a number of witnesses including William L. Jarvis of W. L. Jarvis Co., Devonshire st., brokers.

For two weeks the process servers armed with summonses from the New York Supreme Court have tried vainly to locate Jarvis and others.

As a result of their failure, Deputy Washburn will confer today with Atty. Gen. Joseph E. Warner in an attempt to arrange Massachusetts summonses, so the men can be examined.

Present at today's examination, conducted behind closed doors in Room 418 of the Pemberton sq., courthouse, were Attys. Joseph V. Carroll and Edmund O'Callaghan.

Failure of the securities division of the Massachusetts Department of Public Utilities to act against unlicensed stock brokers and salesmen today was declared to be one of the greatest obstacles to the success of the drive against stock frauds in this state.

Although the unlicensed dealers are usually the most unscrupulous, they have reaped harvests unmolested, because the securities division stood aloof on the plea of lack of jurisdiction over any save licensed operatives, it is said.

Atty.-Gen. Warner today said he was studying this and other problems in order to make enforcement of the Blue Sky Law as effective as possible.

Five Old Ladies Seek Auto Ride to Beach

An automobile ride to Nantasket! This is the dream of five old ladies, who confided their longing for such a trip during the fine weather to a secretary of the Family Welfare Society Bureau for Aged Women.

The Boston Evening American is asking for two volunteers who will lend cars for the ride that will make these old ladies happy and grateful.

"When winter comes my rheumatism always gets bad and I have to sit indoors and wish it was warm and I could have a ride lolling back on the cushions and watching the pretty flower gardens and fruit trees along the country roadsides," sighed one of the old ladies, "But I have no friends to take me riding and no money, so I probably never will get a nice long ride like that."

She lives in a shabby little room where even the lone geranium on the window sill refuses to bloom in the garden of brick walls all around it.

Another old lady who has never seen the shore resort is as eager as a child to behold it, provided "someone she knows goes along to enjoy it with me."

Such a trip will mean as much to these old ladies, shut in by age and infirmities, as a trip to Paris will mean to the typical New England girl. Automobile rides are red letter occasions in their lives and the reward of their happiness in the event is well worth the time spent in playing their host.

If you would fill these hearts with sunshine telephone the Boston Evening American, Liberty 4000. The five old ladies will have their bonnets on for the ride Wednesday afternoon.

Free of Death Charge Guilty of Bad Driving

Edward J. Berry, Huntress st., Quincy, and Jerome G. Gibson, Warner st., Dorchester, were today found not guilty of the charge of manslaughter of Edward Monahan, 21, of Talbot ave., Dorchester, in municipal court. Monahan was driving with Berry on July 23, and crashed Gibson's car, causing death.

Judge Goode found the two guilty of driving so as to endanger lives. Berry was fined $100 and appealed. Gibson was given a similar wine, and a month's suspended sentence.

One Guilty, 4 Put On Probation, in Lottery

Renewed efforts on the part of the police to wipe out lotteries brought about the arraignment of six men in Municipal court today. Sam Sagansky, of the West End, was given two months and appealed. Peter Vivio, Sam Rosenblatt, Joseph Tenney and Charles Stack were put on probation, and Louis W. Evans was found not guilty.

EX-PRESIDENT OF PERU FACES PUNISHMENT

Cruiser on Which He Fled the Country "Surrenders" to the Rebels

Lima, Aug. 26 (AP)—Official announcement was made today that the cruiser Aimirante Grau, on which is quartered former President Augusto B. Leguia, "has surrendered."

Presumably the Aimirante Grau will deliver the former President to the new military junta in Lima, following requests by students that Leguia be prosecuted.

The former President resigned yesterday morning and went aboard the cruiser with his family. He intended to sail for Panama, it was understood, but Lieut.-Col. Luis Sanchez Cerro, who began the Peruvian revolt at Arequipa, demanded that Leguia be turned over to him. Gen. Manuel Ponce, head of the provisional government in Lima, yielded to popular clamor and promised that the former President would be returned to face punishment for his "misdeeds."

Daughters of Leguia Protected by U. S.

Washington, Aug. 26 (AP)—Ferdinand L. Mayer, American charge d'affaires at Lima, advised the State Department today he had granted asylum to two daughters of President Leguia and their children in his house. Alfredo Larrinaga, son-in-law of President Leguia, also sought and was granted asylum in the charge's home.

Simultaneously, the department heard from American Consul William C. Burdett that American citizens in the Lima-Callao District and their property were not endangered.

BLACK DUCK IN NEW SHOOTING

Continued from First Page

Liberty motors were not enough to put the powerful ex-Black Duck for in the wake.

Gaining a clearwater, the Coast Guard boat opened fire with one burst from her machine gun. The man giving his name as "Chips" Munson, dropped, aboard the Mardelle, and the craft slowed and stopped.

Munson, with a bullet through his back and lung, was taken to Fort Adams, where he was treated by Dr. E. B. Murphy, port physician of Newport, and Maj. A. A. Bailey, medical officer at Fort Adams. Munson told the doctors he was the engineer aboard the rum-runner.

The Mardelle, with a load of liquor aboard, according to the coast guards, was towed to New London, where the remaining three of the crew were locked up as prisoners.

Woman Killed by Plane's Propeller

Long Beach, Wash., Aug. 26 (AP)—Mrs. Marion Williams of Astoria, Ore., was killed yesterday when she rushed into the path of an airplane to save a little girl. The propeller hit her head. Mrs. Williams, bathing at Long Beach, watched C. S. Murray of Vancouver, take off in his airplane and then saw him turn back toward the beach. She thought the girl was in the plane's path.

On the Stump

HENRY CABOT LODGE, 3D, grandson of the former Senator, will actively support Eben S. Draper in the G. O. P. senatorial contest. (Staff photo.)

2 COAST GUARD BOATS CRASH

New London, Conn., Aug. 26 (AP)—The Coast Guard patrol 135 and the picket boat 2319, both of the local base, collided last night in Long Island Sound off Stonington, while on their nightly patrol in search of rum runners. The picket boat was hit about two feet from the stern and by the time she reached Stonington harbord, in tow of the patrol boat, she was in danger of sinking.

Both vessels were running without lights. Two men sustained cuts from flying splinters.

Boston Not to Be So Hot Says Bureau

With the temperature slowly rising today, the weather man predicted more warmth for Boston, but promised there would be no real hot wave. Sunny skies and light westerly winds are also on the menu.

The mercury fell to 63 degrees during the night after rising to 82 yesterday. It rose to the lower 70s again this forenoon and was gradually working higher.

The forecast for Boston and vicinity: Fair tonight and tomorrow; somewhat warmer; light westerly winds.

PROHIBITION MAIN ISSUE IN IDAHO

State Convention Is Facing a Strong Demand for Anti Plank in Platform

St. Anthony, Ida., Aug. 26 (AP)—Prohibition was the principal issue before the Democratic state convention today.

Leaders expressed belief that demands from various delegations for a strong anti-prohibition plank in the party platform might lead to general debate on the convention floor.

Hopes were expressed, however, that the question might be settled in the resolutions committee.

Chief among the Democratic aspirants for the gubernatorial nomination were C. Ben Ross, Pocatello mayor, and Asher B. Wilson of Twin Falls.

At Idaho Falls Republican delegates gathered for their state convention with the gubernatorial nomination the center of interest.

Managers of John McMurray, former state chairman, claimed sufficient votes to nominate him on the first ballot.

Blease Opposed in South Carolina

Columbia, S. C., Aug. 26 (AP)—South Carolina Democrats went to the polls today to select political officials ranging from township magistrates to a U. S. Senator. Nomination by the Democratic party is equivalent to election in this state.

Chief interests centers in the two major contests, the tri-cornered race for the senatorial toga worn by Cole L. Blease, and the battle royal for the governorship among eight contestants.

Alabama Democrats Will Fight Heflin

Montgomery, Ala., Aug. 26 (AP)—The State Democratic executive committee met in a special session today to name a campaign manager and formulate plans for a drive against an independent ticket headed by Senator J. Thomas Heflin.

Woman and Democrat Seek G. O. P. Nomination

San Francisco, Aug. 26 (AP)—One woman and a lone Democrat were among the five aspirants for the Republican nomination for governor, the chief contest in California's state primary elections today.

The woman, Mrs. Clara Shortridge Foltz, Los Angeles, sister of United States Senator Samuel Shortridge, made a quiet campaign, the chief interest centering about the three-cornered fight featuring C. O. Young, incumbent; James Rolph, Jr., mayor of San Francisco, and Buron Fitts, district attorney at Los Angeles.

'Somebody's Mother' Lies Unclaimed at Morgue

Although 50 persons have visited the Southern mortuary to view the body of the woman killed at Washington and Kneeland sts. Friday night, first victim of a fatal traffic accident since the new signal system was put in operation, she remained unidentified today.

Once more Dr. Timothy Leary, medical examiner, appealed to the public to aid in identifying this woman—"somebody's mother."

A commuter's ticket for the Boston-to-Lowell run is the best clue, according to Dr. Leary, but as yet no one from Lowell has viewed the body.

A pitiful story is invisibly woven between the lines of the official description given in detail today by the medical examiner.

She had only ten cents in her handbag, although this also contained two gold earrings. She was about 60 years old, and four feet ten inches in height. She wore a black straw hat, a black coat with frayed satin collar and two dresses, the outer one black, the other of gray and plaid cotton.

She also wore a knitted white cotton undershirt, a woven chemise, a black cotton stocking on one leg, none on the other. Her high-laced shoes showed signs of long wear. Her hands were roughened from hard work. She had no teeth.

Traffic experts under the direction of Commissioner Joseph A. Conry started a systematic "spotting" of traffic lights today as a result of the fatality, taking note of the time required by pedestrians to cross, with a view to allowing them more time if necessary.

Starting at Park and Tremont sts., they worked in a southerly direction toward the South End, and will work back from Broadway and Washington st.

TODAY

Continued from First Page

about us, or any other country, *ONLY ABOUT FRANCE.*

When this country stops worrying about other countries, taking advice or instructions from them, going across the ocean to learn what the United States must do, we also may "revive."

Wolfgang von Gronau, German flier, and his crew of three, bound for New York, arrived in Halifax, yesterday. Von Gronau says his flight across the Atlantic via Iceland to Greenland was just a part of a flying lesson that he is giving.

He should turn to the right on his way to New York and land his seaplane on the smooth waters of Lake Michigan, near the Field Museum, in Chicago.

The greatest air meeting in the world's history is going on there this week, and he would be warmly welcomed.

You, if you can manage it, should go out and see that gathering of world fliers.

Who Interest You and What They Are Doing

Prohibition Failure, Says Mrs. Robinson

Herkimer, N. Y., Aug. 26 (INS)—Mrs. Corinne Roosevelt Robinson, sister of the late Theodore Roosevelt, took a rap at prohibition yesterday, declaring it cannot be attained by the present method of enforcement.

Mrs. Robinson

She made this statement in a letter to all Republican women of Herkimer County, explaining why she has joined the anti-prohibitionists. Mrs. Robinson is seeking the nomination to the State Republican Convention and has pledged to vote for a plank urging a beneficial change in the present prohibition laws.

In the letters Mrs. Robinson said she was utterly against the saloon and even more against the furtive speakeasy which has taken its place, adding:

"I sincerely believe that the cause of temperance has been injured by the Eighteenth Amendment and the Volstead Act."

Lucrezia Bori Returns to Role After Severe Fall

Chicago, Aug. 26 Lucrezia Bori, New York Metropolitan opera prima donna, will return to the operatic stage today, but Virgino Lazzari must not be too strenuous in portrayal of his roles. The basso in throwing Mme. Bori over his shoulder in the final scene of the opera "Love of Three Kings," was a bit rough and caused her to faint.

Lucrezia Bori

In the final scene the scene the father, before singing his exit, picks up his dead daughter, throws her over his shoulder and then places her on a bench. But Lazzari was too rough and Miss Bori fainted. He continued his aria without learning of the incident and then picked her up and made his exit. Then he learned what had happened.

Last January, Mary Garden in the same role, was injured by Lazzarri when he threw her over his shoulder in the same manner.

Gen. Pershing's War Memoirs Near Finished

New York, Aug. 26—Gen. John J. Pershing returned on the Ile de France yesterday after four months in France, where he was carrying on his work as chairman of the battle monuments commission and completing his memoirs.

Gen. Pershing.

Gen. Pershing led the first pilgrimage of the Gold Star Mothers to the graves of their sons in France, May 18. He addressed the mothers and thanked them for the mother love which sustained the American Expeditionary forces during the war.

International interest has been aroused with the announcement that Gen. Pershing would publish his memoirs soon. France awaits his version of the famous Foch-Clemenceau controversy regarding Foch's refusal to use American troops without training them for the front.

Mrs. Frothingham Sells Washington Residence

Washington, Aug., 26—Mrs. Louis Frothingham, widow of the late Congressman from Boston and for years president of the local Massachusetts State Society, has sold her Washington residence to take possession of a shooting preserve leased in Scotland.

Mrs. Frothingham

Mrs. Frothingham sold her beautiful home on R st. to Charles F. Adams, secretary of the navy. It is believed that upon her return from Scotland, Mrs. Frothingham will occupy her new Commonwealth ave., Boston, home and will take an active part in society.

Accompanied by her mother, Mrs. Frederic L. Ames, Mrs. Frothingham will sail for Scotland. Two of her brothers, Dr. John S. Ames and Hobart Ames, are already in Scotland.

STAR WITHOUT A PEER SETS UNDIMMED AS DEATH CALLS CHANEY

GREAT ACTOR NEVER HAD A FAILURE

Every Role He Played Pronounced a Marvel by Experts; Won Fame for American Stage

By HARLEIGH SCHULTZ

The master magician of make-up is gone flickering into the land of light beyond the valley of the shadows. The greatest character actor of the American screen, wizard of the old silent drama, has himself passed into the great silence. A thrill at the thought of him in his many roles, a shock of sorrow at his passing, strikes deep into the hearts of movie patrons the world over at his going. Lon Chaney is dead!

Who could see again one of his numerous silent pictures without a hush upon the heart? Who among us will see and hear his first and only talkie, "The Unholy Three"—now being shown in the smaller theaters—without a rush of memory of this one American star whose name can be placed alongside that of Chaplin?

"The Unholy Three"—who does not think of Fate? Who does not recall the recent tragedy of Lila Lee, featured under Chaney's name in that picture? Hardly is the production finished ere she collapses. Health gone, she will in her sanitarium hear the news of the death of him who so ardently in that last photoplay made love to her.

GREATER THAN VALENTINO

And now flies from the land of make-believe the second of that cast. Lila Lee, rising swiftly toward the top—Lon Chaney cut off at the peak, where he stood head and shoulders above all the rest in America, save only Charlie Chaplin.

Chaney died with his fame assured as long as man shall enjoy the silver sheet. Though a little more than 12 years of acting before the cameras, he had built up a following that covers the world! The sun never sets upon the admirers of this man of histrionic might. Valentino may have been the great lover of the screen; he may have set the hearts of a myriad women palpitating; he may have received an outpouring of sorrow never equalled in human history. But Chaney was greater by far, and men shall join the women in the vast tribute to his ability and the power of his art.

Chaney was one of the very few Americans of filmdom whose genius was recognized beyond the seas. Even the great Jannings accorded him full-hearted homage for the sheer perfection of his skill.

Chaney's art was uncanny, it was so deep and full and wide. His power of facial alteration has been described as "miraculous." The word is exaggerative, and yet one must remember that in the presence of genius the completely descriptive word is elusive.

EVERY ROLE A MARVEL

But back of the weird makeup lay a greater role—Chaney's histrionic prowess. One looks back through the great range of his roles and wonders at his perfectness in each. The facial and body distortions, being blatantly evident, perhaps lulled an audience into accepting his acting as part and parcel of himself; memory carried away only the sight of him. The merit of the acting sank deep into the subconscious self.

It was only when others came that contrast made the observer realize that Chaney was almost without peer among the world's motion picture actors.

The test of this came when at times the always modest Chaney would "do a bit" without makeup, for a few friends. He met the test; he was just as great in his old footlight days as in his days in the studios. He had the golden touch so few have in the procession—the touch of the pure gold.

When the talkies came Chaney and Chaplin stood aloof. Chaney after many months consented to break away. Chaplin alone stood back—still stands back. A world wondered what Chaney's voice would be. His friends never doubted; they knew the gold also in that vibrant, richly resonant throat of his. The phonoplay came to the sound screen, and Chaney's voice was glorious—a triumph.

NEVER A FAILURE

But this man of a thousand faces moved farther forward than any other of the throated sheet; in the one picture he developed five widely variant voices. They were all pertinent to his role—he was ventriloquist, old lady (in disguise), and so forth. In each he was perfect.

What more can be said? Chaney never tackled anything but what he achieved—in high degree. More often than not he was supremely good. He never "flopped." Being the most popular of all character actors, and one of the most popular of all actors, as the box office revenue always revealed, his pictures were always "sure-fire"—and almost always left nothing to be desired.

Chaney is now gone glimmering down the stream of things that were. But his memory remains. And he shall live on.

The king of American character actors is dead. One would love to cry, "Long live the king!" But there is none in sight to take his place.

Roles That Made Millions Live Along With the Characters That Lon Chaney Portrayed

DEATH CANNOT DIM the fame Lon Chaney won in his characterization of this avenging husband in "West of Zanzibar." The part was difficult because he had to contort his body into various shapes as he dragged his limbs about for them to appear useless. He was an athlete, too.

IN THE CUNNING "MR. WU" Lon Chaney gave a new insight into his ability, for he took the difficult Chinese role in a manner to amaze even his friends. Here he is shown with Louise Dresser in one of the climaxes of the play.

AN ENTIRELY DIFFERENT SORT of a part was played by Chaney in "The Unholy Three." Here he is as the ventriloquist in that masterful role in which his acting was great. He was known as "The Man of a Thousand Faces."

THE TRAGIC SERGEI in "Mockery" was another Chaney success, as great as his "Miracle Man" and "Hunchback" roles. His death today was not unexpected.

DUNN'S ILLNESS IS PUZZLE

Fighting against death, Brig.-Gen. John H. Dunn of South Boston, possessor of a brilliant military and civic record, is at Chelsea Naval Hospital today in an advanced stage of a mysterious malady.

The disease, believed to have been contracted during Brig.-Gen. Dunn's service in the Philippine insurrection, has softened the bone tissue to a stage where no known remedy can aid him.

He was admitted to the hospital in the hope that a parallel case there—the only other one in the country—might aid physicians in the fight to save his life.

X-ray pictures were expected to be developed today, showing every stage of the strange illness for the benefit of a consultation.

Gen. Dunn has suffered intermittently with the disease for years. It forced his retirement from the A. E. F. after he had gone to France as lieutenant-colonel of the 101st regiment of the Yankee Division.

While on military duty in the Philippines, Gen. Dunn was severely ill from malaria and soon afterward the first traces of the bone disease became apparent.

Book Man and Wife in Auto Drunk Case

Brockton, Aug. 26—Failure to make a proper turn in the road brought a man and wife into police toils today after their car had careened on to a lawn in Menlo st. William E. Eddy of Baldwin st., North Easton, was charged with driving under the influence of liquor, drunkenness and driving after his license was revoked. His wife was booked for drunkenness and later released as a first offender.

Puzzle to Doctor

BRIG.-GEN. JOHN H. DUNN is a patient at Chelsea Naval Hospital, suffering from a strange bone disease, contracted in the Philippines.

Death Ends Brilliant Career of Lon Chaney

Continued from First Page

rado Springs, Colo., the son of deaf and dumb parents, Chaney quit school before he had reached the fifth grade to become a tourists' guide on Pike's Peak.

His introduction to the theater was as a property boy. Later he became a stage hand, and to his death he carried a card in a stage hands' organization. Behind the wings he studied actors and learned without a teacher the fine points of acting which later in life won him fame. He got his first "break" as a song and dance man at a stage hands' benefit when he was 16.

HIS UNUSUAL CAREER

With his brother, George, who now lives in Oakland, Cal., Chaney drifted into the wandering life of a "ham" actor and toured the country. While with the old Hartmann Opera Company in San Francisco he met and married Hazel Hastings, a member of the troupe, who was his companion for 22 years. Of a previous marriage little is known except that a son was born.

Chaney's entrance into the motion picture world was via the slapstick route, but in 1912 he became an extra in western films. Later he directed Warren Kerrigan, then a western star, in seven productions. He received his first screen credit in 1914 from Universal for appearance in a leading role in "Hell Morgan's Girls."

With his portrayal of "The Frog" in the "Miracle Man" came Chaney's shift from slapstick and Westerns to the grotesque characterizations that made him famous. Early this year he signed a five-year contract. The "speakies," bane of many actors and actresses, were no terror to the former musical show comedian.

HIS FAMOUS ROLES

In grotesque characters, Chaney himself slipped into a seclusion that well might have fitted in with the life of some of his screen characterizations. He refused interviews, shunned personal appearances and utterly refused to attend premier showings. After studio hours he sought the seclusion of his home and his small circle of close friends. Among his close acquaintances were Gen. Smedley Butler, of the United States Marines, and Eddie Griffon, the comedian.

He was a voracious reader and a student of many subjects. He wrote the Encyclopedia Brittanica's chapter on screen makeup.

Though often portraying the cripple of deformed character, Chaney off the lot was athletic and strong. His hobbies were fishing, football and prize fighting.

From the list of starring vehicles Chaney has appeared in, outstanding were "The Miracle Man," "The Hunchback of Notre Dame," "Phantom of the Opera," "Laugh, Clown, Laugh" and "The Unholy Three."

CALM HOLDS UP YACHT RACE

Newport, R. I., Aug. 26 (AP)—The yacht racing fleet competing for the honor of defending the America's Cup against the British contender, Sir Thomas Lipton's Shamrock V, was becalmed at noon today and the contests between Weetamoe, Yankee, Enterprise and Whirlwind postponed by the racing committee.

Curley Boosts Pay of 8 City Employes

Increases in salary were granted eight employes of the City of Boston registry of births, deaths and marriages by Mayor Curley today. Margaret M. Foley, assistant registrar, receives an increase from $2500 to $2700 a year; Daniel J. Carney, $2500 to $2600; Gerald J. Thompson, $2300 to $2500; Elizabeth F. Hurley, $2000 to $2300; Agnes J. Murray, $1700 to $2000; Elizabeth R. Kiley, $1600 to $1700; Helen T. Farrell, $1500 to $1600, and Helen Collins, 1350 to $1500.

Jardine Slated for College Berth

Spokane, Aug. 26 — William M. Jardine, newly appointed minister to Egypt and former Secretary of Agriculture, will become president of the University of Idaho at Coeur d'Alene upon his retirement from the diplomatic service, probably a year hence, according to a newspaper article published here.

Mother Wins Air Honors

WINGING FROM LONG BEACH, Cal., her home town, to the air meet at Chicago at the head of a field of women pilots, Mrs. Gladys O'Donnell, mother of two children, won first honors in the women's air derby. She finished far ahead of the rest of the field in the 2245-mile air jaunt. (Int'l photo.)

START WORK ON B. & M. PROJECT

Improvement of the approaches to the new North Station—a $4,000,000 project which Boston and Maine officials say will rank in importance with the building of the great passenger terminal itself—was begun today.

With the installation of a $1,000,000 battery of four new bascule bridges in place of the present three timber draws, and a new $600,000 signalling system, this latest feature of the Boston & Maine modernization program will widen the "bottle neck" which for years has hampered operation of trains in and out of the North Station.

It will also move the Charles river 350 feet northward into a new 65-foot channel and will provide longer passenger platforms.

Just outside the new North Station, workmen today commenced sinking 8,000,000 pounds of concrete which, with 4,500,000 pounds of fabricated steel and 5,000,000 additional pounds of concrete as counterweights, will form the four huge bascule drawbridges, carrying eight tracks of the Boston and Maine.

Women Score Harvard Man for 'Moron' Talk

Dr. Arthur Frank Payne, psychologist, of Harvard, threw a verbal bombshell when he charged that "female parasites" are responsible for the increasing unintelligence in the United States.

Following his assertion that girls with high school minds or less grab off the cream of Harvard and Yale graduates and produce a race of mediocre or moronic children, Boston women are on the warpath.

"How does he know college men prefer wives of less intelligence than they possess?" inquired Miss Gladys Holst of River st., Mattapan. "I notice the honor students Dr. Payne might call the 'cream' of the college don't care for any girls."

Dr. Payne declared college men do not usually marry college women but prefer girls of lower mentality who adore them. He charges unions of this kind result in a race of morons that make for superstition, quackery and racketeering.

REVERSE IS TRUE

"The Reverse seems to be true," commented Edgar W. Austin, supervisor of the Boston office of the Massachusetts Society for the Prevention of Cruelty to Children," we oversee thousands of children annually and it is our observation that one parent does not produce children of low mentality when the other is highly intelligent. In fact children of parents of low or average mentality are often very intelligent."

"More intelligent women marry men who are not their equal mentally than female parasites marry college men," declared Mrs. Julian Atlas of Newton. "While neither myself nor my husband were college graduates, all of our five children are college graduates, and none were morons."

Dr. Payne made a "stupid assertion" when he called girls of high school education "female parasites," protested Mrs. Charles P. Brooks of Lexington sq., Watertown. "He is probably only saying that to get his name in the papers."

"Don't make me laugh," replied Miss Helen Strickland of Brattle st., Cambridge. "How many families has he studied to find out that girls of high school education who marry college men have mediocre children or morons?"

Raps Dr. Payne

MISS GLADYS HOLST of Mattapan attacks Harvard man's view that college men choose wives of inferior intelligence.

LINDY TO GREET DERBY FLIERS

Curtiss-Reynolds Airport, Chicago, Aug. 26 (AP)—The scheduled finish of two more transcontinental air derbies and the report that Col. Charles A. Lindbergh might swoop down to the airport sometime this week, lured large crowds to the national air races today.

The Women's Dixie Derby from Washington, D. C., was due across the finish line during the afternoon, and air race executives announced that with favorable weather, entrants in the non-stop dash from Los Angeles would take off across mountains and plains to Chicago.

B. O. Howard of St. Louis, who yesterday flew a ship built around a 90 horse-power motor at a speed of 162.65 miles an hour, has demonstrated, according to leading aviators, that the development of the "flivver" plane has reached a point where low-powered, low-priced aircraft will be able to compete successfully with the highest-powered commercial aircraft being flown.

Fliers May Take a Crack at Record Set by Hawks

Los Angeles, Aug. 26—At 4:55 this morning, William S. Brock, Detroit round-the-world flier, took off on the start of the Los Angeles-China non-stop race.

Five minutes later, Lee Shoenhair, Los Angeles, took off, accompanied by Robert V. Brown, radio announcer of station WLWN at Cincinnati.

Wiley Post, Oklahoma City, got away at 5:30 a. m., and Roscoe Turner, Los Angeles, at 5:33 a. m.

The fliers predicted they would make their goal inside of 10 hours. Post said if he made Chicago in eight hours he would take off immediately for New York, in an effort to better the transcontinental record set by Frank Hawks, 12 hours and 25 minutes.

Insect Blamed for Lynn Crash; 1 Hurt

Frank Murphy of Chipman st., Melrose Highlands, was severely injured today when the auto he was driving collided head on by a machine driven by Edward Flynn, of Kentucky, on the Lynn marsh road.

The accident was caused when an insect flew in Flynn's car, stinging him. In attempting to brush off the insect, Flynn lsot control of his car. It swerved directly into Murph's car. Flynn brought Murphy to the Lynn Hospital where is was found that he had suffered a possible fracture of the skull.

HORSES TO HAVE SAFE BRIDGE

Following a conference with representatives of the Master Teamsters Association and the Massachusetts Humane Society, Mayor Curley today ordered that iron plates on the surface of the center portion of the Northern ave. bridge be removed and that section of the thoroughfare be reserved for horse drawn vehicles.

Officials of the organization represented at the conference informed the mayor that there are 8000 horses in service in Suffolk County at the present time and that daily 700 of these travel over that bridge.

The iron plates there are a constant source of danger to horses they said. The mayor adopted their suggestion of removing the plates from the middle section of the bridge and reserving it for horses.

RADIO SHIP TO NAB GANGSTER

New York, Aug. 26 (AP)—Search was widened today for information which might explain the disappearance of Harry Western, roadhouse keeper in the Catskills, whose bloodstained automobile was found here after seizure of a gangland arsenal and arrest of three men and a woman.

A wireless was sent by police to the master of the liner Baltic, east bound, on which Jack (Legs) Diamond, gang leader, was reported to be a passenger. Police doubted, however, that he was actually aboard. One of Diamond's alleged beer runners drove the Western car here with the intention of driving it into the East River.

Jersey City police were asked today to search for Thomas Collins for questioning about Western's disappearance. What connection he may have with the case was not explained.

Two Girls Hurt in Beacon St. Crash

Two girls were injured today when a car driven by Andrew A. Badaracco, 2d, 16, son of John Badaracco, well-known Boston business man, was in collision with another machine in Beacon st., at Embankment rd.

Miss Frances Levine, 20, of Garden st., and Miss Rose Payser, 22, of Myrtle st., were taken to Massachusetts General Hospital suffering from multiple contusions.

They were riding with Badaracco, who lives with his family at 1874 Beacon st., Brookline.

The other machine was operated by George L. Pennock of Allston st., Medford.

SURGEONS HEAR REPORT ON NEW CANCER CURE

By GOBIND BEHARI LAL
Universal Service Science Editor

New York, Aug. 26—Dr. Walter B. Coffey and Dr. John D. Humber, discoverer of the anti-cancer extract of the cortex of the suprarenal gland, submitted for the first time a full report, embodying the results of their experimental treatments of some two thousand cancer patients, before a select group of railroad surgeons of the Pacific Coast, yesterday, at Coronado, Cal.

Dr. Coffey and Dr. Humber affirm:

"Personally we do not wish to publicly discuss our work, but will allow the medical profession, as time goes on, to pass judgment upon our therapeutic efforts.

"Scientific men and writers publish the results of their experimental efforts in their scientific magazines, before releasing them for the lay public.

FIVE-YEAR PROGRAM

"We are working out our five years' research program, under the auspices of the Better Health Foundation, San Francisco, which has among its directors such leading medical authorities as these: Doctors Reginald K. Smith, John Gallway, Langley Porter, James W. Ward, Charles D. McGettigan, Harold Brun, O. D. Hamilton, William Palmer Lucas, Dudley Smith, Ferdinand Stabel, Hartley F. Peart, Celestine J. Sullivan (Ph.D.).

"Any distribution of our extract (from the cortex of the suprarenal gland of sheep) for research work, to combat cancer, to co-operating doctors, clinics, hospitals, will be made available through this Better Health Foundation, so as to insure that there may not be any improper claims or commercial exploitation of our products."

GET THE BEST ADVICE

Perhaps the most significant supplementary statement vouchsafed by Drs. Coffey and Humber is this:

"Our future research work will be conducted in the laboratories of the Southern Pacific General Hospital, San Francisco, under the consulting advice of Prof. Carl Meyer, director of the George Williams Hooper Foundation of the University of California."

Hooper Institute corresponds to the Rockefeller Institute for Medical Research in New York, and Prof. Meyer is counted among the foremost research scientists in medicine in the western world.

John E. Hannigan Is Honored at Dinner

A group of depositors of the Prudential Trust Company tendered a complimentary dinner to its agent, John E. Hannigan, at the Boston City Club Monday night.

The speakers included John E. Hannigan, Mrs. Hannigan, Major Judson Hannigan, Whitfield L. Tuck, John L. McDonald and Fred J. Burrell.

Hannigan was presented with a desk clock.

Mum's the Word on Dry Law Now With Mrs. Willebrandt

New York, Aug. 26 (INS)—Prohibition? Tish! Tish!

Mrs. Mabel Walker Willebrandt said today she doesn't care or choose to talk about prohibition any more.

"Anyway, I promised I would not talk about prohibition," the former assistant U. S. attorney-general said. "I won't say who I promised, but I did promise."

Mrs. Willebrandt came here to open the biennial session of Phi Delta Delta, organization of women lawyers.

VOYAGE CALLS TYPICAL GIRL ASPIRANTS

Whoever the Typical New England girl is, and we still don't know, she will want to know about the Ile de France, the Atlantic house-boat, that is to convey her to that great city, Paris, where as the guest of the Boston Evening American and Miss Gloria Swanson she will see everything and everybody that are worth seeing.

This is sort of a personal but open message from the Typical New England Girl Editor to the Typical New England Girl, blonde, brunette or titian, we haven't decided yet, and won't until after midnight, Sept. 15, telling her what's in store for her on this thrilling trip and how to prepare for it.

By way of suggestion, do you know that the Ile de France has one of the largest and most daringly beautiful dining rooms afloat?

TWO ORCHESTRAS

A thousand square feet of dance floor—and two orchestras?

A sidewalk cafe like Paris itself?

Little shops in the grand foyer where you'll get your first glimpse of the newest fashions?

A tennis court and gymnasium to help you take off what the menus put on?

A chapel to pursue your religious devotions?

ATHLETICS ABOARD

And that isn't half of it. There's the sun deck and the promenade deck, the electric horses, bicycles, boxing ring, two rowing shells and shooting gallery, for athletic pursuit and countless other things.

You'll never forget that ocean voyage, and then when you get to Paris.

The Madeleine, one of the smartest Parisian churches, famous for its magnificent music awaits you.

SIX MILE GARDEN

Arc de Triomple du Carrousel on the western front of the Louvre which separates the main courtyard from the Tuileries Garden, the beginning of the most beautiful straight line of gardens in the world—six miles long.

The Columne Vendome, a bronze shaft cast from the enemy guns conquered in battle by Napoleon, whose statue stands on top.

The Rue de la Paix with all its fascination for feminine enslavement as the most famous street of fashions in the world.

BOHEMIAN CAFES

Notre Dame and the Ile de la Cite, the island on which the first houses of Paris were built, lovliest when viewed from the left bank of the Seine just before twilight.

Rue Mouffetard, that corner of old Paris on the border of the "Latin Quarter" which has thrilled the world as the haunt of the artist and the student with its picturesque and colorful charm.

The little cafes with their Bohemian air, the quaint shops and whimsical, old-world buildings await to intrigue the eye of the Typical New England Girl.

And so the endless tale of the wonders of Paris, the charm of the French capital, the captivating elegance of smart Parisiennes, the fascinating French peasantry could be continued but we want to print the names of more hopeful girls and so Paris lovelies will stop for the moment as we introduce:

Helen Theadore Haveles of No. 86 West Clifford st., Providence, R. I., a graduate of Pembroke College and holder of the degree of Bachelor of Arts. Brunette with 115 pounds to carry off her three feet nine inches of height, Miss Haveles informs that she has majored in French and Greek literature for high school teaching.

And then another school-teacher, Elizabeth Pritchett, 22, with auburn-hair, five feet five and 125 pounds, and a special interest in domestic science.

MEET STARS

And still another, Myrtle L. Grove of 42 Emerson st., Wakefield, who also dotes on domestic science, but enjoys business and athletics. Another brunette with 125 pounds to her credit.

Again we say when the Typical New England Girl is chosen by five judges after the contest closes, Sept. 15, she will go to New York, be met by Miss Swanson's personal representatives, escorted to a private showing of "What a Widow," which has its initial appearance in Boston at the Loew's State Theater next year, conducted through the Paramount Studios, introduced to such stars as William Powell and Jack Oakie, before she embarks for Paris to enjoy $200 worth of French glories a week and then home to The States on the Paris, another French Line achievement.

We are still looking for the Typical New England Girl. Do you know her?

Scholars Seek Honor of New England's Typical Girl

ANOTHER ASPIRANT is Elizabeth Pritchett, a school-teacher of auburn hair and 125 pounds. She is 22 years old.

FIRST-HAND VIEW of Paris is the aim of Myrtle L. Grove of Emerson st., Wakefield, entrant in Boston Evening American Typical New England Girl contest.

HELEN THEADORE HAVELES of Providence, R. I., who studied Greek and French at Pembroke College, is an entrant in the typical New England girl contest.

This Coupon Makes You or a Friend Eligible to Paris Trip

If you wish to become a candidate for the Boston Evening American's free trip to Paris, or wish to enter some other girl, fill in spaces below, paste this coupon on back of photograph and send it to Typical Girl Editor, Boston Evening American, Boston, Mass.

What can be done with Life Insurance

(4) Provision Against Permanent Disability

ACCIDENTS and infirmities daily take their toll and render many previously able individuals incompetent to engage in further productive work.

Most of us feel that such misfortune is very unlikely to happen to us, but we know that it is not absolutely impossible. We shrink from the thought of becoming a burden upon those whom we have taught to look to us for support and protection. But definite and guaranteed safeguards can be utilized against utter failure in such emergency.

Through LIFE INSURANCE, arrangements can be made for an uninterrupted income to one's self and family, should it be necessary to relinquish one's place as a busy and productive individual in the world of affairs.

AIMEE HAS TWO NATURES, HER "MA" SAYS

Los Angeles, Aug. 26 (US)—First of the peace offerings in the Aimee Semple McPherson-"Ma" Kennedy battle of noses, faces and words, that has raged for more than a week, came late yesterday in the form of approximately $100 worth of cut flowers.

This was revealed when floral offerings bearing cards of Aimee Semple McPherson, Emma Shaeffer and various other Angelus Temple officials were delivered to the Brentwood Sanatorium where "Ma" Kennedy is recovering from the effects of a bashed nose.

Shown dispatches from Cedar Rapids, Ia., quoting Rolf McPherson, 17-year-old son of the evangelist, as stating he "didn't think the row between Mrs. Kennedy and his mother amounted to much," she had little to say.

While reiterating her fondest love for Aimee, Ma made the following strange comment:

"Aimee has two distinct personalities—one of these is her true self, and when she is this dear Aimee Semple McPherson she is the most wonderful woman that God ever placed on earth.

"But when she is the other Aimee Semple McPherson, Oh! . . . I simply can't tell you how awful and terrible the difference is . . .

"It is this terrible Aimee Semple McPherson that was kidnaped . . .

"It is that terrible Aimee Semple McPherson that broke my nose . . .

"It is that Aimee Semple McPherson that has got into all the difficulties during the past few years."

Demand Ransom by Carrier Pigeons

New York, Aug. 26 (INS)—Kidnapers who employed the unusual plan of using carrier pigeons in an attempt to gain $10,000 ransom were sought today for abducting the 15-year-old daughter of Anthony Favata, wealthy real estate dealer.

Lowers World Mark

Berlin, Aug. 26—Lina Radke of Germany, women's Olympic 800-metre champion, battered the world's record for 1000 metres yesterday when she ran the distance in 3 minutes 6 5-10 seconds.

Two Men Drop Dead

Tilton, N. H., Aug. 26—Walter Booth, superintendent of Morrison's Mills and Lloyd J. Allen, assistant manager of the Franklin Needle Co., dropped dead last night.

$5000 Reward

The Boston Evening American will pay a reward of $5000 for information furnished FIRST and EXCLUSIVELY to this paper resulting in the capture of Oliver B. Garrett as a fugitive from justice. All communications concerning such information should be addressed to the Garrett Reward Editor, Boston Evening American, 5 Winthrop sq., or telephone Liberty 4000. All communications and information received by this newspaper will be treated with strict confidence.

Oliver B. Garrett Aged 35, height 5 feet 10, 160 pounds, complexion medium, eyes and hair chestnut, slightly bald in front, slender build, usually wears a Leghorn or Panama straw hat, double-breasted suit with coat open, neat dresser, walks jauntily.

Missing 65 Days

Only 1000 G. A. R. Men Likely to March

Cincinnati, O., Aug. 26 (AP)—The thinning line of Civil War veterans today buckled down to business sessions of the 64th annual encampment of the Grand Army of the Republic.

The "boys in blue" continued to arrive but indications were that hardly more than 1000 would be here for the next major activity of the veterans, the annual parade tomorrow. Only a few hundred had been registered today and Edwin J. Foster, commander-in-chief said he did not expect more than 1500 at the most.

Members of the affiliated organizations put the attendance to approximately 15,000.

JAIL KIDNAPER; GIRL CAPTIVE UNHARMED

Valparaiso, Ind., Aug. 26 (AP)—Ten-year-old Betty Jane Foster returned unharmed to her farm home today, and the man who had held her captive for two days is in jail.

The two were found near Elkhorn, Wis., yesterday, ending a man hunt that spread into three states.

The capture followed an auto chase, but Claude Dillner, 27-year-old farmhand, made no resistance when stopped. He is described by officers as partly demented. He said he took the girl from her home Saturday because he fell in love with her.

Betty Jane said Dillner had treated her all right but locked her in his battered car whenever he left it.

Posses that searched for the two had feared to find the girl was dead. Dillner left a note warning the child's father, Ernest Foster, that he would kill her if police were notified of the kidnaping.

The girl, however, seemed none the worse for her experience although she repeatedly asked to be taken home. Both she and Dillner said she slept each night in the locked car, parked at the side of a road, while Dillner went into the woods nearby.

Police Drag River for Missing Man

Woronoco, Aug. 26—The body of Leon C. Bemis, who disappeared last Thursday, has not yet been found by local and state police who dragged the Westfield river here yesterday.

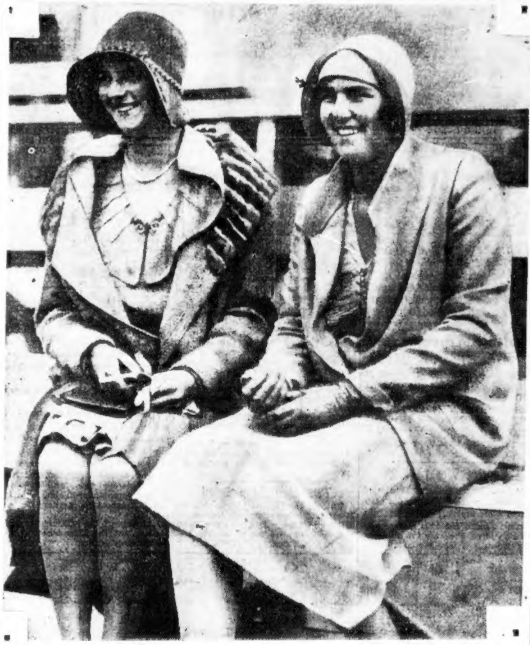
Cohasset Hostess and Her Guest



Miss Nancy Whitman Miss Patricia Bird

MISS NANCY WHITMAN, daughter of Mr. and Mrs. H. H. Whitman of Hamilton, was the house guest of Miss Patricia Bird, daughter of Mr. Reginald Bird of Cohasset over the week-end. Miss Whitman and Miss Bird are sub-debs.

Miss Madden to Be Feted on Cape

Mr. and Mrs. Michael L. Madden Plan Dance for Daughter at Osterville

MR. AND MRS. MICHAEL LESTER MADDEN of Beachbound, Osterville, Cape Cod, are giving a dance for their daughter, Miss Grace, on Saturday, September 6, from 4 until 7 o'clock. Miss Grace and her brother, Jimmy, are junior champions at the Boston Skating Club. Miss Caroline Hunnewell of Marblehead Neck is a house guest of the Maddens, coming down to the reception and tea dance to assist at the tea tables.

MISS HARRIET RANTOUL, daughter of Mrs. Lois Burgett Rantoul of Jamaica Plain, will be married to Mr. Sherman Baldwin of New York on Saturday, September 13, at the church in Fitzwilliam, N. H., at 1 o'clock. Miss Rantoul is second vice-president of the Vincent Club and also belongs to the Junior League. She attended Milton Academy and was graduated from Vassar College. Her great grandfather was the poet, James Russell Lowell, and she is also a granddaughter of the late Edward Burnett of Southboro and the late Robert S. Rantoul of Salem. Her father is Edward Rantoul of Salem. Mr. Baldwin was graduated from Yale in 1919 and later from the Yale Law School.

MISS NATALIE WALDO, daughter of Mrs. Gretchen H. Waldo of Chestnut Hill, was married on Friday at the Waldo summer home, Linwald Farm, in Petersham, to Mr. Warren Brown Koehler of Boston. Miss Joan Waldo was her sister's only attendant and Kennon Jewett of Park ave., New York, was best man. After October 1, Mr. and Mrs. Koehler will be at home at 69 Revere st. The bride is a member of the Vincent Club and Junior League and attended Vassar College. Mr. Koehler, the son of Mr. and Mrs. F. E. Koehler of Chicago, was graduated from the University of Wisconsin in 1925 and from the Harvard Law School.

Hammond Opens Gloucester Estate to Help M. S. P. C. C.

JOHN HAYS HAMMOND, JR., of Hesperus ave., Gloucester, is opening his house and grounds to the public from two until six on Thursday, Aug. 28, the proceeds to go to the benefit for the Massachusetts Society for the Prevention of Cruelty to Children.

THE MISSES KATHERINE and Elizabeth Thomas, of Boston and Matunuck, who have been abroad for some time, sailed yesterday for Montreal to join their brother-in-law and sister, Mr. and Mrs. Malcolm Bradley, on a motor trip.

ONE OF SOCIETY'S MATRONS enjoying the waning summer is Mrs. Malcolm Bradley French of Brookline, president of the Charlotte Cushman Club, who is vacationing at the Waumbek Hotel in Jefferson, N. H. She had as her guest recently Miss Maude Erickson, well-known dramatic soprano, who delighted the guests with an impromptu concert program.

South Shore Folk Plan Benefit for Sunlight Hospital

SOUTH SHORE SOCIETY are planning two gala days on Friday and Saturday, August 29 and 30, for the benefit of the Children's Sunlight Hospital. A Gypsy Carnival will be held at the Hatherly Country Club at North Scituate, the committee headed by Mrs. Horace S. Ridley and Mrs. Roger Manning. Luncheon and tea will be served. Mr. William J. Davidson is assisted on the committee by Daniel Tyler, Channing Cox, Roger Manning, Frederick Carroll, Daniel Tyler, Jr., Timothy Walsh, W. H. Stevens, J. Donald Wingate, Horace S. Ridley, Ralph Menard, Harold Tolman, and others.

IN THE EVENING TWO performances of "The Bohemian Girl" will be given in the Ocean Coliseum, Proving Grounds, Scituate, at 8:15. Mrs. Hugh Bancroft, Mrs. Clarence J. Burrage, Mrs. Channing Cox, Mrs. Elliott Hubbard, Jr., Mrs. Charles Higginson, Mrs. Arthur Blake, Mrs. Horace Drinkwater, Mrs. Frederick S. Wetherby, Mrs. Philip Huntington Mayo and Mrs. William B. James are among the many patronesses for the play.

MR. AND MRS. GRAFTON Minot entertained at their Newport Villa in honor of Miss Jane Foster, daughter of Mrs. Seton Foster, and her fiance, Mr. Barclay Douglas, son of Mrs. Minot. The wedding will take place in October.

DINNER PARTIES LAST evening which preceded the opening of the Stillington Hall new plays, "X Versus X," at Gloucester, were numerous. The hostesses included Mrs. Everett Morse of Manchester, Miss Eleanor Jones of Magnolia, Mrs. William Endicott Dexter of Prides Crossing, Mrs. Harold L. Chalifoux of Beverly, Mrs. J. Henry Lancashire and Mrs. George Warren of Manchester.

AT THE MIRAMAR AT BIARRITZ, France, recently were Mr. Horace D. Taft, brother of the late Chief Justice Taft, and his sister-in-law, Mrs. Charles Taft; the celebrated American painter, Mr. A. Felix Schmitt, who has recently been honored by the French government, and Mrs. Schmitt; Norma Talmadge, screen star, dining with Mr. Gilbert Rowland, in a long black gown with red and gold mantle, and Mr. and Mrs. A. Dobyne of Palm Beach and Manchester-by-the-Sea.

MRS. GEORGE H. FEARING, 3d, has left her summer place at Westwood to spend a few days in New York.

Betty Alden

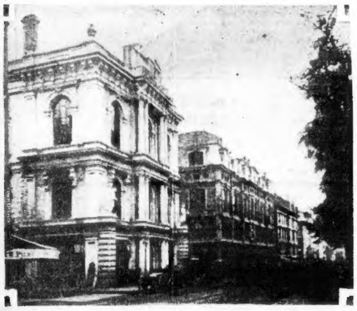
Paintings of Old Ships Exhibited

Boston followers of art were yesterday given an opportunity to view seven of the 14 paintings of clipper ships, which were placed on exhibition on the Yankee Clipper train on track 15 at the South Station. Today seven other paintings of the famous old ships will be shown in the same manner.

The paintings, it was stated by an official of the New York, New Haven & Hartford Railroad, cost about $7000, and it is believed that valuable works of art are being carried for the first time as part of the furnishings of a de luxe train.

In Old Boston—No. 344

Massachusetts Tercentenary—1930



OLD HORTICULTURAL HALL is here seen at the corner of Bromfield and Tremont sts. The Paddock Building now occupies this site and the Horticultural Society is now housed at the corner of Massachusetts and Huntington aves. Just beyond Horticultural Hall is the old Studio Building, 110 Tremont st., now replaced by a new building.

Wednesday—Old State House.

Club Adds 52 Members to Roster

Rockland Women Start Busy Season With Meeting on October 3

By NANCY BREWSTER

The Rockland Woman's Club, has 52 new members to its credit to start the new season, Mrs. Charles C. Pinsen, president, announces proudly

Starting the year October 3 at the usual meeting place, the club, through its executive board and program committee, arranged a formidable program.

Chief among the innovations of the new president is a Friendship Day scheduled for January 2 when each member brings a neighbor to the meeting, thereby spreading the gospel of cheer of the club and attracting Rockland women to the membership.

PLAN BIG MEETING

An outstanding event will take place December 4 when the club acts as hostess to the Abington Woman's Club and the Whitman Woman's Club. The three clubs have formed what they term the Old Town Federation, and each year one of three entertains the other two. For this special occasion, Mrs. Carl L. Schrader, state president of the Massachusetts Federation of Women's Clubs and Mrs. George E. Gemley, second district director, have been invited as guest speakers.

It is an interesting interchange of meetings and the clubwomen of the three towns anticipate their respective turns. Rockland women will entertain their guests at the Rockland Opera House, it being a meeting scheduled for 8 p. m., presided over by Mrs. Pinson.

The club is to also sponsor a pageant of old quilts, significant of its history and romance and this is to take place Feb. 20 at 8 p. m.

JUNIOR CLUB MEETING

Another program of interest will be that of the Junior Club when it offers an entertainment to which the senior class of the Rockland High School will be invited.

This expression of junior talent takes place next March at the high school at the usual club hour.

With the new members, more than 300 Rockland women are full-fledged "clubbers."

And still another interesting date is Nov. 7 when the club offers its annual afternoon musicale for the blind people of the town.

Quincy Junior Club Will Open Season at October Session

When Rosemary Terhune, past chairman of the program committee of the Quincy Women's Club Juniors, returns from Europe, the juniors will hold their first meeting in October. Mrs. Charles L. Homer, past president of the Quincy Woman's Club, is the new junior advisor for the group. Miss Terhune helped the Quincy juniors get on their feet when they started last year.

Clubwomen Plan Plymouth Party for Foundation Fund

Plymouth clubwomen at this early date are planning a card party to help their Foundation Fund quota along to completion. Under the leadership of Mrs. Anson B. Handy, new president, the program for the year is full of interest and varied date. The appearance of the year book with all the information within its covers is about due, I understand. Close to 500 women will receive the issue.

Mrs. Mary Howard Heads Easton's Old Home Week Workers

Among the many items reaching me these days, one of particular interest is that Mrs. Mary L. Howard, president of the Browning Club of South Easton, has been appointed chairman of the Easton Tercentenary Committee. The celebration is to take the form of an Old Home Week in the town from Sept. 27 to Oct. 4, inclusive. Mrs. Howard is also of the South Easton School Committee.

Brockton Woman's Club to Hold First Meeting October 14

When Mrs. George Taber, new president of the Brockton Woman's Club, returns from Buzzards Bay, where she is spending the summer, preparations will be made for that delightful and happy get-together party which officers and chairmen and members of committees of the club hold annually to start the year off cheerfully.

This year it is to take place Oct. 14 in the form of a supper-meeting. It is always a most successful and happy occasion, I am informed, and the women exchange valuable and useful club information.

Women Voters to Sponsor Hub Visit of Grand Duchess

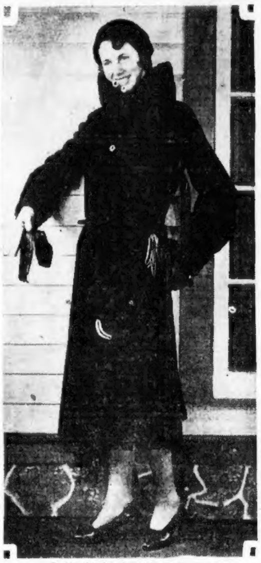
Through its chairman, Mrs. Ralph M. Sparks of Winchester, the finance committee of the Massachusetts League of Women Voters announces an event of not only great social importance but great interest.

The initial appearance in Boston of the Grand Duchess Marie of Russia, granddaughter of Czar Alexander and daughter of the Grand Duchess Alexandra, whose father is King George of Greece, will be sponsored by the league Friday morning, Nov. 21, in the ballroom of the Copley-Plaza.

The grand duchess will tell of the development of the Russian woman as she has so observed during her lifetime and was so taught when a child.

The Black Coat With Persian Lamb

By ANN ARDEN



—Boston Evening American Staff Photo.

Model from Wm. Filene's Sons Co.

THE COLOR outlook for fall and winter is black. But the cloud has a silver lining in that black holds first place by virtue of its unquestioned smartness. It is the color of a majority of good-looking coats. The Silhouette is a slim one, with moulded waistline and slight flare, intricate seaming, clever sleeve detail, with the length slightly longer than mid-calf for the formal coat.

* * *

SO MANY of the fashions hitherto reserved to the conservative and staid have been taken over by youth and made gay and girlish again. Time was when no woman under thirty would have considered wearing gray. And now look at the young things peering mischievously over collars of gray fur. Black Persian lamb is the latest oldish style to be rejuvenated. It is made into youthful coats for this winter's wearing and trims many of the cloth coats.

* * *

THE SUMPTUOUS coat pictured is of dull finish black broadcloth—a very deep wrap-around front, diagonal seaming achieving a graceful flare, a belt marks the natural waistline.

* * *

THE COLLAR of black Persian lamb, forms pointed rever on one side, is rounded on the other, and looks equally well worn open or fastened close to the throat. Deep cuffs of the fur have a gauntlet cut, fitting the wrist and flaring at the elbow.

* * *

THE BLACK felt toque is draped to small top bow, a black calf bag is carried, ornamented by belligerent metal bull-dog, black pumps are worn, and black pull-on gloves.

* * *

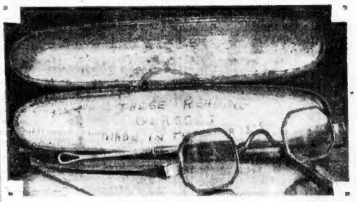
WHETHER FOR morning or afternoon, the black bag is usually the best choice. In antelope or in silk crepe, the black handbag is almost always appropriate. With other dark accessories such as gloves, hat and shoes it ensembles very well. Fastenings of marcasite or composition are excellent touches for the dark, conservative handbag.

ANN ARDEN will answer questions concerning clothes, social customs, or fashions generally. Address your questions to the Boston Evening American or the Boston Sunday Advertiser, or to Station WHDH.

(ANN ARDEN broadcasts latest style news over WHDH every Tuesday and Thursday at 11 a. m.)

DAILY ANTIQUE

No. 180



Reading glasses, made in Philadelphia in 1815, for Dr. Harry Moir, who at death willed them to his grandson, Dr. Charles Moir of Lowell. He kept them for 20 years and then presented them to Bernard Daum, of 88 Whitfield st., Dorchester, their present owner. They are of old gold. The glass is cut in octagon shape. The spectacles have German silver oval case. They are riveted together.

Boston Evening American is publishing daily photographs of interesting antiques. Owners of antiques of Colonial or early American origin or of historic association are invited to forward photographs and records for publication. If a photograph is not available, the American will send a cameraman to photograph the antique, providing the owner lives in Greater Boston. Address the Antique Editor, Boston Evening American, 5 Winthrop sq., Boston, Mass.

TERCENTENARY PROGRAM

TODAY

BOSTON—Boston Common, at Tercentenary Tribune: Vasa night, 8 P. M. Broadcast WEEI. Franklin Park Playstead: Italian night, 8 P. M.

Make Meal-Planning a Joy
Summer brings its problems to the housewife. Folks won't eat heavy foods, yet health and energy must be maintained. Here's a happy solution—just serve Mueller's Macaroni. Light and fluffy, it contains precious health elements. Quickly prepared in a variety of appetizing ways. It cooks in nine minutes. Avoid overcooking, though one or two minutes more may be allowed for extra tenderness. Your grocer has Mueller's or can get it for you.
Plain Macaroni
For 1 package of Mueller's Macaroni, use 4 qts. rapidly boiling water with 1 tbsp. salt. Boil 9 minutes. Drain. Garnish with melted butter or pan gravy and serve.

LAVISH GOWNS AT DEAUVILLE GAMING TABLE

By BARON GEORGE WRANGEL
Special Cable Dispatch

Deauville, Aug. 26—Deauville's grand semaine climaxed the social season with great gayety last week.

Larger amounts were thrown on the gambling tables than ever before and the women displayed their very best frocks and jewels.

The jewelry pace was set by Mme. Martinez de Hoz with her million-dollar ropes of pearls. Mme. de Hoz wore them set off against a heavy crepe marocain gown composed entirely of small tucks with a bolero of darker shade and a small yellow toque of the same yellow.

There was also Lady Louise Mountbatten with a light beige dress, a beige caracule three-quarter-length fur coat and a small beige hat, striped alternately with caracule and beige felt.

Miss Edna Macloskey was on the boardwalk in a sleeveless dress of heavy yellow crepe de chine. Mrs. George Barnet of Washington went to Mrs. Harry Brown's party at Ciros wearing a black crepe georgette trimmed with a heavy silk fringe.

The Hon. Mrs. Esmond Harmsworth, who is an insatiable buyer of yearlings and who is forming a large stable of thoroughbreds, was at the yearlings sales in a cinnamon colored crepe de chine gown with a long coat of the same color. Its large fox collar was cinnamon, and she wore a small cloche hat to match. Pearl White attended the sale dressed in white.

Seen at the races was Mrs. Walton Parker of New York, chic in a printed blue beige. Over this she wore a long beige cloak with a blue fox collar. Her small beige hat carried a beautiful brooch of diamonds and sapphires.

Heat Kills Oldest Woman in Portugal

Lisbon, Aug. 26 (AP)—The heat wave which has afflicted Portugal for two weeks has killed many persons, among them the oldest woman in the country. She was Guilhermina Rosa Madeira, 118, a resident of Sacavem.

The Weather

For Boston and vicinity—Fair tonight and Wednesday; not much change in temperature; gentle westerly winds.

For Southern New England—Fair tonight and Wednesday, increasing cloudiness, not much change in temperature; moderate west and northwest winds tonight shifting to north and increasing on Wednesday.

For Northern New England—Fair tonight and Wednesday, not much change in temperature; moderate west and northwest winds.

For Eastern New York—Fair tonight and Wednesday; partly cloudy, not much change in temperature; moderate north winds becoming fresh Wednesday afternoon.

OCEAN FORECAST

Steamers departing today for European ports will have moderate northwest winds shifting to fresh north on Wednesday and partly overcast weather with some fog off the coast to the Grand Banks.

Plenty of Real Ice

The ice compartment of your refrigerator—two-thirds filled with clear, sparkling ice—should be a great source of comfort these hot days when there are so many demands for big chunks of real ice. When ICE is needed "nothing else will do." A long, cold drink tastes twice as delicious when the tinkle of ice is added.

You need never fear that you will be without ice when Boston ice serves you. One of our delivery corps, in clean uniform, will be at your door every day at the same hour. Be sure to order enough ice for all your needs—in beverages and on the table.

The Boston
ICE
Company

LETTERS FROM READERS

Letters from readers on current subjects are welcomed. Letters should not exceed 250 words in length, should be written on one side of the paper, and must bear the writer's name. Names will be omitted in publication, if requested. Address Editor, Boston American, 5 Winthrop sq.

SOMETHING TO THINK ABOUT

Editor Boston American:

Now that we are bringing out Tercentenary events, it should be noted that Puritans never liked to see their children laugh. There was no wit and humor in the parents. But see how all this has changed in modern life.

A doctor with a good reputation back of him as a physician of children's diseases said in Boston:

"It is important that children should be encouraged to laugh at the right things, even from their early years.

"While the Puritan discouraged the habit of laughing on the part of the children, unfortunately the tendency in our time is towards laughing at a great many things that it would be better that children were encouraged not to laugh at."

But the daily funny pictures in the modern newspapers and especially those in the **Boston Evening American**, encourages sound laughter among children. I have a boy and like to hear him giggle as he bends over the funny pictures in your paper.

H. J. KNOWLES.

Attacks Aimee for Mixing Scandal with Religion

Editor Boston American:

I cannot understand how some people can get away with anything short of murder. I'm thinking of Aimee Semple McPherson, Evangelist(?)

There's a woman with a large following, like sheep — she preaches the gospel — and all about faith, etc., and look at all the scandal there has been attributed to her.

For a woman who is supposed to practice religious beliefs that is a fine example. MRS. S.

Why Not Women Guards At New L St. Baths?

Editor Boston American:

Next year there will be a new L st. bathhouse. Why shouldn't we of the women's section have women lifeguards. The other day one of the three men' guards took a dive off the raft and could hardly get back to it. We have produced a Bleibtry, a Wainwright, an Ederle, a Norelius and a McDonald. So why not some lifeguards? Best of luck to your fearless paper. M. C.

Says Sacco-Vanzetti Drive Is Badly Managed

Editor Boston American:

Granting that the S. and V. crowd on the Boston Common Sunday have a grievance, they certainly did not know how to handle it.

One told me that he and many others did not care a d—— about the two electrocuted on alleged insufficient evidence, but that they had many itching things back of it that they proposed to scratch constantly.

They want publicity and they are getting it. They know very well that they could not agitate what is in their minds until they put out a decoy which they have in S. and V. Pushing this in front they get a crowd.

The most vexing thing about it is they have roped in the interests of a few reputable citizens whom we respect for their tolerance, but pity because they have been led astray to give so much attention to what is really a dead issue.

MARVIN H. HENNESSEY.

Says Dry Law Not to Blame for Corruption

Editor, Boston American:

We read from time to time in papers and magazines, articles from well meaning people who favor the repeal of the Eighteenth Amendment on the grounds that the prohibition law is the source of nation-wide corruption. I would say in reply to such remarks that no law of itself would cause corruption. Federal laws are not instituted to create crime.

The controversies we hear and read relative to the prohibition question are likened, unto one fiddling on one string, getting nowhere for the lack of harmony. Moreover, the world powers who are striving to adjust the problems confronting us in this age, and we as a people who have failed to create satisfactory peace through our peace conferences and League of Nations should be of much interest to all lovers of God and humanity.

The question arises, how long shall Christian nations, so-called, continue groping and drifting upon so important questions? Why not get at the root of the matter and reveal facts? Why not advance something new? Something of stability? It is within our reach—even at our door. The human heart seeks something to tie to—something solid upon which to stand, and when everything around seems to give away, anything that promises stability and rest is sought with avidity and accepted with eagerness. But none of the selfish motives or errors avail nor satisfy; they cannot, because we are made with an infinite longing, and nothing less than the infinite truth will fill the void.

G. ALLEN BELL.

Offers Plan to Solve Golden Grain Problem

Editor Boston American:

I have been studying with much interest the writings in your paper of the learned Mr. Arthur Brisbane, and the articles of his brilliant compeer Mayor Curley of Boston.

The former tells us that under an intensified system of agriculture, the State of Texas alone, would be capable of supporting the 1,600,000,000 people who inhabit this planet. One might well ask what would be the use of such a system under present arrangements, when the latter declares that a grain of the 100,000,000 bushels of wheat of the Kansas crop of 1929 has not yet been touched? With this year's yield estimated at about 2,000,000,000 bushels of wheat overlapping that of last year, the farmer finds his produce practically unmarketable.

It is an axiom that when the farmer becomes poor, the man who works in the factory or rather who used to work in it becomes poorer.

In this "the wealthiest country in the world" it is startling to find over 60,000,000 people "on the borderland of starvation."

Poverty is the meat upon which Bolshevism expands and it will grow much fatter this winter unless something is done quickly to counteract it.

Upon the proper financial adjustment of his produce lies the solution of the staggering problem of unemployment. I would recommend the Federal Government or the "64 rulers of the United States **"to nationalise the golden grain, called wheat, which is more precious than gold,** at the standard price of $1 per bushel, which would amount to approximately 2½ billion dollars.

If necessary the government could issue new currency for that amount called "Corn Bills" that would have the wheat back of it for security.

The adoption of this plan would, in my opinion, whilst giving the farmer a fair return for his labor, stimulate agriculture, foster industries and employment, and stabilize the stock market.

The new issue or issues of currency could be withdrawn later when we reach normalcy.

OXFORD GRADUATE.

Wants Lawyers to Help Kill Dry Law

Editor Boston American:

Why don't the various attorneys who express their professional opinion of the Volstead Act and the Eighteenth Amendment in the press and public speeches talk more on the human aspects and less on the legal?

There isn't any use of trying to iron out the country with statutes. It will have to be mopped up and dried out by the repeal of the Eighteenth Amendment before America will return to a sound ethical state.

With the country almost panic-stricken in the present financial depression, it is staggering to realize that the loss to the treasury through prohibition is almost a billion every year.

The debit against taxpayers does not end there. Include the loss in police protection when officials are corrupted. Add in the juvenile delinquents who fill out jails. Instead of upbuilding the nation they become a liability.

These lawyers who quibble aimlessly over legal technicalities have easy access to crime records and state prison reports. Verify the increase in crime since prohibition—the loss on the moral side.

Again we lose on the score of public health. Deaths due to alcoholism, alcoholic insanity, diabetes, cancer, intestinal and social diseases have all increased. We support those made blind by poor liquor and cripled by jake paralysis.

Prohibition made business good for lawyers, but bad for taxpayers. The courts are cluttered with liquor cases. Expense of prosecution is not covered by fines.

Let these lawyers cease quibbling and devise a program of alleviation by helping, instead of retarding, the repeal of the Eighteenth Amendment.

FLORENCE BIRMINGHAM.

Courageous Men In Senate Race

Editor Boston American:

Prof. William Lyon Phelps of Yale University said a wonderful truth the other day. It has stuck in may mind, for I have been trying to apply it to Boston politicians. This is what he said:

"I wish that politicians had more courage."

Come up here, Professor! We can show you the best courage up to date in candidates for the senatorship of Massachusetts. I never saw the like. There is no Dutch courage here. It is native.

H. J. NAIRN.

One Prediction That Failed to Come True

Editor Boston American:

About five years ago in one of the halls here in Boston, I heard a speaker assert something along these lines, that within five years, we shall have an America without poverty, without illiteracy, and with a minimum of disease. This and other "blurbs" about America are utterly misleading and show that many of these economists are really red headed in their ideas. Those five years are now up and what do we see, over four millions of people unemployed in this land of the free.

JOHN K. CALLIHAN.

SEEK DEAD MAN, FIND ARSENAL

New York, Aug. 26 (AP)—An anonymous letter, telling police that occupants of a Coney Island apartment had killed a man and buried him in the back yard with a milk can for a tombstone, led today to a raid in which explosives and three revolvers were seized and six prisoners were arrested.

Two of the six are former convicts, two young women and a fifth is a discharged patrolman.

Police were digging up the yard but were skeptical about the murder tale.

Mauretania Still Has Havana Record

Havana, Aug. 26 (AP)—The Ward Liner Morro Castle arrived on its maiden voyage from New York today, making the trip in 59 hours. The Mauretania made it in less than 50 hours.

Kidnaped Boy's Dog Is Back; Will Aid Search

Colebrook, Ct., Aug. 26 (AP)—A mute witness to the whereabouts of little Kenneth Swanson, two-and-a-half-year-old son of Mr. and Mrs. George Swanson of Barre, Vt., turned up early today at the farm house where a distracted father and mother anxiously await word of their child, missing since Sunday noon.

It was Prince, yellow and white collie, constant companion of the vanished boy, which had disappeared at the same time. The dog returned around midnight, tired and hungry but apparently not footsore. Police and civilian searchers who resumed the hunt for the child with redoubled energy today believed the dog had been dropped from an automobile containing Kenneth and had made his way home.

The boy's father arrived last night from Barre to aid in the search. He was questioned by local police regarding any light he might be able to throw on his son's disappearance, but disclaimed knowledge of the child's whereabouts.

N. Y. Would Deport the Tong Fighters

New York, Aug. 26 (AP)—Failure of warring Chinese tongs in New York to agree to end their murderous strife brought a recommendation today from Police Commissioner Mulrooney to the federal attorney that all Chinese found to be in the city illegally be rounded up and deported.

Save Drowning Woman

New Haven, Conn., Aug. 26 (AP)—Miss Hazel Gates, 30, of Massasoit ave., Springfield, was rescued from drowning at Silver Sands Beach today by two boys.

BARE FRAUD IN ATTACK CASE

Towanda, Pa., Aug. 26 (AP)—Alteration of a birth certificate in the files of the State Department in an alleged attempt to defeat justice was under investigation today.

As a consequence of the discovery, Judge Charles M. Culver has ordered the rearrest and extradition from New York State of two men freed on payment of fines after their attorney presented a certificate showing a girl they were accused of attacking to be 18 years old instead of 14.

The two men, John Colorosm and John Sweeney, both are of Elmira, N. Y. District Attorney William Rosenfield said a birth certificate made out in the name of "Oscar Rotmwell" with the birth date as of 1916 had been changed to "Leora," the name of the girl attacked.

DEMAND CHAIR FOR 3 BOYS

Cleveland, Aug. 26 (AP)—Death in the electric chair will be demanded for three boys held for the slaying of R. Miller Wilkison, 21, Princeton senior, in an attempted holdup of a fashionable engagement party yesterday.

The trio, Mike Bell, 16; his brother, Angelo, 20, and Ross Valore, 19, waived preliminary examination and were bound over to the grand jury.

Guests at the party, about 40 persons, from some of Cleveland's best known families, declined to give details of the shooting.

Elected Trustees

Lawrence, Aug. 26—Ex-Representative Arthur Bower, of 478 High st., and Frank J. McDonough, of 17 Sanborn st., were elected members of the board of trustees of the Lawrence Industrial School at the regular weekly meeting of

HOOD'S Grade A Milk

is selected from the largest herd of Tuberculin Tested Cows in New England

NEVER, in the history of New England dairying has such an extensive group of tuberculin tested, milk producing cows been selected for a milk service . . . As good and safe and rich as Hood's Grade A Milk has always been, we have gone a step further in adding this extra refinement to make Hood's Grade A Milk the ideal babies milk . . . Not many years ago, the intimate supervision, the extreme care given to Hood's Grade A Milk today was unknown to dairying. Later, these protective measures were applied only to milk of the highest price, production costs making it unavailable for many. Now Hood's Grade A Milk is surrounded by every protective safeguard. Cows are tested under State and Federal supervision. It is produced under a control that exacts a standard higher than any legal requirement. Hood's is the ideal babies milk, yes, and for grownups too.

• • •

RICH MILK—Better than legal requirements for Grade A Milk. Rich all through.

CLEAN MILK—From clean cows, produced under rigid sanitary supervision.

TESTED COWS—From cows tuberculin tested under State and Federal supervision, and then especially selected by our own inspectors.

CLEAN BOTTLES—Bottles are scientifically cleansed and sterilized by the most modern equipment in New England.

SEALED BOTTLES—Double sealed to prevent tampering or contamination.

PASTEURIZED—With the most modern and scientifically correct methods and equipment.

UNITED ARTISTS TO SEND AL JOLSON ABROAD TO MAKE FILM IN GERMANY

ENGLISH VERSION WILL BE MADE LATER

By LOUELLA O. PARSONS
Universal Service Motion Picture Editor
Copyright 1930, by Universal Service, Inc.

LOS ANGELES, Aug. 26—Lily Damita is due here September 1. Of course, Lily's plans are always subject to change, or shall we say Lily's moods? When she reaches here she will find that "Sons o' Guns" has been indefinitely postponed so far as Al Jolson is concerned. Whether Lily will go ahead and be the bright and shining light in the role she created in "Sons o' Guns" in New York is another question.

Jolson, meanwhile, is making plans to go to Berlin with his wife, Ruby Keeler, in a few days. He elects to do an original in Germany under the supervision of Fred Zelnick. Later, of course, he will make an English version since Zelnick is a part of the United Artists' company. It's the first gesture of a film company to send an important star abroad to make a picture.

Louella O. Parsons

* * *

THE HOWLING WOLF around the door on a winter night will not interest Evelyn Brent this coming year. Many plans are laid out for her. Just the minute she finishes "Madonna of the Streets" for Harry Cohn she moves back to the R. K. O. lot. They like Betty on the R. K. O. lot and only her contract with Columbia would have induced them to part with her for even one picture. Her next engagement at R. K. O. is an original story by Paul Schofield that is now being adapted by Wallace Smith. George Archainbaud is the director and Henry Hobart is the producer. It is a typical Brent yarn, we are told, with the sort of drama in which Betty shines.

* * *

NEGRO SPIRITUALS will have an important place in Lawrence Tibbett's next picture. Can't you just hear Tibbett warbling those weird, fascinating melodies. Clarence Brown, who is slated to direct this Southern tale, will start as soon as "New Moon" is finished. So far the Southern story which Bess Meredyth and Root Wells are preparing, is unnamed. It is interesting to know that in spite of Tibbett's magnetic voice the songs will only be incidental. In these days it takes more than just a voice to carry a picture, the public demands plot and story. Roland Young has been added to the cast of "New Moon."

* * *

The trains each day are carrying many writers, composers and others Eastward. Yet that does not seem to affect authors who really have something to sell. Universal has gone after as many of the unattached playwrights as possible. John Wexley, for instance, author of "The Last Mile"; Louis Bromfield, William Hurlburt of "Lilies of the Field" fame, Edward Paulton, Erwin Gelsey, Finis Fox, Gladys Lehman, Tom Reed, Roland Brown, Harrison Jacobs and last but not least, Dora Macy, author of "Night Nurse." Certainly sounds like an imposing list. Wonder if they will improve our movies?

* * *

HOLLYWOOD'S FAMOUS WIT, Arthur Caesar, has been handed the story of "The Fighting Caravan." His instructions are to write appropriate dialogue, and here is an interesting thought. "The Fighting Caravan," a story of the West, is to be a sequel to "The Covered Wagon." I hadn't heard that one. I only thought of it as a Gary Cooper special, but now I am told it is to be made outdoors, and will strive to be a worthy talkie sequel to Paramount's silent picture, the now historic "Covered Wagon."

* * *

SNAPSHOTS OF HOLLYWOOD COLLECTED AT RANDOM: DOUGLAS FAIRBANKS hopping a plane to go to Arizona to see the Hopi Indians in their dances. ESTHER RALSTON giving Hollywood the once over after an absence of five months. KATHRYN MENJOU, pretty blonde wife of ADOLPHE MENJOU, entertaining her mother. Little SHIRLEY JEAN RICKERT, a miniature RUTH TAYLOR, getting her first start toward a screen career when she posed for her picture with MARY PICKFORD. BRYAN FOY vacationing at Santa Monica. GEORGE DURYEA back from Oakland where he went to see his wife. Thats all today. See you tomorrow.

"Rookery Nook" Will Reopen the Copley

The Copley Theater, which opens its new season next Saturday, will have for its first attraction one of London's recent successes, "Rookery Nook." For this American premier, E. E. Clive brings several newcomers to his company, notably Lena Anderson, one of the younger English actresses, and Kay Kenton, of recent musical comedy engagements in America, but originally of the London production of Charlot's Revue. Mr. Clive himself has an important role in the piece.

Movie Clock

Feature photoplays in the picture theaters and their starting times today are as follows:

PARK—"The White Hell of Pitz Palu"; a. m., 9:40; p. m., 12:07, 2:34, 5:01, 7:28, 9:55.

WASHINGTON ST. OLYMPIA—"All Quiet on the Western Front"; a. m., 9:10, 11:12; p. m., 1:10, 3:20, 5:24, 7:28, 9:52.

SCOLLAY—"Common Clay"; a. m., 11:51; p. m., 2:30, 6:50, 9:48.

ORPHEUM—"Way Out West"; a. m., 9:15; p. m., 12:15, 3:15, 6:15, 9:30.

KEITH-ALBEE—"Midnight Mystery"; p. m., 12:13, 3:17, 6:21, 9:25.

UPTOWN—"All Quiet on the Western Front"; p. m., 1:06, 3:10, 5:17, 7:24, 9:31.

STATE—"Call of the Flesh"; p. m., 12:35, 2:50, 5:05, 7:20, 9:35.

METROPOLITAN—"Manslaughter"; a. m., 11:15 p. m., 1:37, 3:59, 5:31, 7:53, 10:15.

NEW B. F. KEITH'S—"Rain or Shine"; a. m., 9:30, 11:56; p. m., 2:22, 4:48, 7:14, 9:40.

Stage Who's Who

Helen Gray was born in New York city, where her mother was appearing with the Metropolitan Opera company. Miss Gray now dances gaily and nightly through several numbers and blackouts of "The Second Little Show," which is now in its final week at Ye Wilbur As a child, Helen used to imitate the opera ballet corps in their familiar routines. When she was old enough for her first slippers, she could do all the rudimentary steps. After high school she founded her own dancing school, which was successful until 1926. The Shuberts saw Miss Gray dance in a benefit, and offered the little lady a specialty number in their "June Days."

Helen Gray

Miss Gray has the distinction of being the youngest person to talk on the air when public broadcasting was first inaugurated. She was 12 at that time.

Bargain Days at Nantasket Popular

Attracting thousands are the offerings made by the Natasket Beach Steamboat Company. The company has just made effective a new bargain for seekers of the pleasures of the shore places reached by steamer voyage. This new step tops the long list of achievements begun by the company and announced by General Manager Frederic L. Lane. The latest is the further enlarging of the Nantasket Beach Bargain Day feature.

On these days reduction in fare is enjoyed by the patrons. The company has increased the number of bargain days per week to four. These days are Tuesday, Wednesday, Thursday, Friday and Saturday.

New Blackbirds at Lyric Sept. 8

Lew Leslie's new Blackbirds, an all colored revue, will open at the Lyric, Monday evening, September 8. Limited to an engagement of four weeks only, the show is booked to open in the Harris Theater, New York, during the week of October 8. Supporting the policy of the league of New York theaters to lower prices and control theater tickets, in an effort to encourage attendance and make easy the purchase of tickets, Producer Leslie has priced his tickets accordingly.

Opens at Tremont Monday

DOUGLAS GILMAN AND JEAN HARLOW

THIS SCENE is from "Hell's Angels," the great air spectacle which has its premiere at the Tremont Labor Day. Douglas Gilman and Jean Harlow have the two principal roles.

RENAULT HIT AT SCOLLAY

Francis Renault, famous female impersonator, as headliner for a vaudeville bill, demonstrated his ability to a record crowd at the Scollay yesterday. Renault displays his array of gowns in a heavy bass voice which contrasts amusingly with the excellent falsetto voice in which he sings several arias, notably one from Richard Strauss' "Chocolate Soldier." The gowns are beautiful and Renault wears them well. He uses no wig. His own hair is black and is cut man style, worn with the women's clothing it gives the effect of the most sophisticated of boyish bobs.

Francis Renault

Dave Gould's troupe of "Scollayettes" seemed to fit in with the excellent vaudeville show in fine fashion.

Other good turns on this exceptional seven-act bill include Renard and West in clever comedy patter, Radcliffe and Todd, presenting "Dark Doings" in a light manner, Franc and Warren Lassiter, two really fine dancers, and Gardner's Maniacs, exhibiting a fine example of canine intelligence.

STARS SHINE AT HOWARD

The Mutual burleque attraction at the Old Howard this week is "Dimpled Darlings". It was well received. One of the outstanding figures is Fritzie White. Two live wire funmakers are Bob Startzman and Lee Hickman. Harry Connors was another clever chap. Others of the feminine contingent included Evelyn Dubois, LeNeir and Rene Fortier.

Vaudeville offered Jack Strauss; Roberts; Bert and Driscoll; and Irving and Company. The pictures of the recent Kid Chocolate-Berg contest was a real treat to all fighting fans. The R-K-O vaudeville included Meehan's Leaping Hounds; and Ewing Eaton. Picture features added to the enjoyment of the show. There will be a midnight show on Friday night and on next Monday, at 12:15 a. m., there will be a special midnight show made up of big features.

GAYETY SHOW SCORES HIT

With an all-Boston singing and dancing chorus as one of the big hits of the show, the gala opening came yesterday at the Gayety. The show was "Frivolities" and it was packed with fun, flavored with songs, and kept at top speed. George Shelton, assisted by Charles Smith, dished out new fun. There was something new through the production. Musical comedy fields furnished an all-star cast, while vaudeville had also been combed to secure exceptional artists.

Murray Leonard offered song cycles of his own, which were hits. Bob Rogers was a good character juvenile. Violet Buckley, leading lady, was a success. Her mannerisms and individual way of putting over her numbers took the audience by storm. Billie Holmes, ingenue; Betty Joyce, prima donna, and Toma Genaro, a high-kicking specialist, were other stars. Lou Find did some unusual acrobatic dancing, which clicked.

Bowdoin Sq.

The Bowdoin Sq. this week offers Greta Garbo in "Romance." Another offering is "Sweethearts Clive Brook, Leila Hyams and Clive Brook, Laila Hyama and Sidney Blackmer. "Song Writer's Revue" with Gus Edwards and Jack Benny is amusing.

NOVARRO TRIUMPHS IN "CALL OF THE FLESH"

By HARLEIGH SCHULTZ

RAMON NOVARRO TRAINED for the opera. The youthful ambition stuck. He got into pictures; still he studied voice. He became a box office and fan-mail favorite in the old silent drama. Success financially therein did not turn his head from his purpose; he continued his vocal study while other silent stars were "making whoopee" while the shekels were pouring in.

* * *

Ramon, in other words, hitched his wagon to the Emersonian star. He was determined to be an operatic triumph, some day, in the sweet bye-and-bye. This week, at Leow's State, one may see him, in his first operatic venture. The talkies ousted a good many of his old colleagues and friends; but Ramon, by a turn of Fate's magic wand, is given his big opportunity on the same sound screen that spelled doom for his friends. In "Call of the Flesh," he is accorded his long awaited opportunity. He sings operatic stuff. On the appeal of this picture probably hangs his expressed desire to quit the films soon for the music drama.

Ramon Novarro

For the photoplay, if such it may be called, finds him trying his cords on the same strains that the great Caruso once did so unforgetably.

THIS IS THE CHIEF appeal of "Call of the Flesh"—Ramon Novarro. It is a Novarro picture; never great, never much more than interesting to motion picture patrons. It is pleasing; a fact that is evidenced by the tremendous number of laughs the audience gets out of the film. And yet "Call of the Flesh" has little story interest; little to make it dramatically important. Still, it has what is known in the industry as "box-office," despite its shortcomings.

* * *

THE PLOT IS ONE of the least things about the picture. But there are numerous laughs; splendid comedy afforded by Mr. Novarro himself, by Ernest Torrence and by Mathilde Comont. Of this lady it may be said that she reveals a rare screen personality; she will undoubtedly be heard from later.

Miss Dorothy Jordan is very weak in "Call of the Flesh." Mr. Novarro is at his best; and it must be said that he does have a splendid voice. His fans will delight in the generous amount of it given in this picture. Mr. Torrence is a bit too Scotch in his handling of the Spanish dialect. The rest of the cast do fairly well.

In Comedy

ANITA KERRY

MISS KERRY comes to the Majestic stage next Monday night in "Bird in Hand," John Drinkwater's comedy hit.

TRIXIE HEADS ORPHEUM BILL

William Haines, who has provided many thrills and laughs as a football player, polo star and in other fields of athletic endeavor, appears as a cowboy in his latest picture, "Way Out West," featured this week at Loew's Orpheum. The story is a comical recital of the adventures of a circus barker who gets in trouble in the West and joins up with a cow outfit and then falls in love with the girl ranch boss. Leila Hyams plays the heroine.

Trixie Friganza is at the head of the week's vaudeville bill in an act that is the handiwork of Neville Flesson, song-writer and musical comedy producer. The robust, rollicking comedienne still retains her ability to make people laugh as of old and has not lost her fast comedy pace. During her act the laughs come thick and fast and everybody, even Trixie, appears to be satisfied. Comedy also is the longsuit of Murray Gordon and Jimmy Walker, who were seen in a domestic comedy skit, "Go Ahead and Shoot." The Romas Troupe, a quintet of acrobatic comedians, were rounded applauded for their aerial stunts. Others seen were Mann, Bradford and Van Alst and Billy Casey.

MR. BOSTON

—by—
JACK CONWAY

Youngsters Laugh at Fog at Wollaston

"A little thing like a heavy fog didn't bother the youngsters who teed off in the qualifying round at the Hearst Junior Golf Championship at the Wollaston Golf Club," said Mr. Boston today.

"When the early starters got underway it was impossible to see more than 75 yards from the tee. The youngsters merely took a firm grip on the old driver and banged the agate right into the fog.

"By 11 o'clock in the morning the fog had lifted which made things much more comfortable for the late starters.

"The competitive spirit was high among the army of boys who started in the tournament. Some of them didn't look much bigger than their drivers, but they stepped up to the tees and took healthy cuts at the ball.

"Members of the Wollaston Golf Club were on hand to make things as comfortable as possible for the boys, their followers and for the caddies. Jack Gray, pro at Wollaston, kept things humming.

"Regular club duties were passed up so that the Hearst tournament could have the right of way.

"I do not know of any golf club where there is a better spirit among the members than there is at Wollaston. Good fellowship rules the fairways and the locker rooms.

"In addition to enjoying playing on a fine course, boys competing in the Hearst tournament will benefit from getting a touch of the excellent club spirit at Wollaston.

Must Start When Young to Become Golf Star

"Most of the leading link stars started to play the game when young. It is difficult to teach the game to persons along in years. There are, of course, exceptions to this rule, but most of those who have reached the heights in golf started wielding a golf club shortly after they got out of the romper class.

"Bobby Jones and Francis Ouimet were tiny tots when they first took up the game.

"Most of the youngsters in the Hearst tournament have been playing golf for quite a few years. In the list of starters at Wollaston are the champions of ten years from now.

Youthful Golfers Don't Have Cases of Nerves

"I got a great kick out of watching the youngsters as they waited to tee off. Unlike some of their elders, they were not the least bit nervous. There were not many cases of tee shots being dubbed.

"The boys kept their heads down, their eyes on the ball and were not the least bit concerned about the gallery.

"The average club member usually gives a dismal exhibition of driving at the first tee. His mind is on the clubhouse gallery, and he either tops the ball or misses it.

"At Wollaston, the boys were anxious to send the club head smashing against the agate, and the gallery didn't concern them.

"Youth, as a rule, seldom is bothered by 'nerves' in athletic competition.

"This was why Uncle Sam insisted that all applicants for the aviation service in the war must be young. Aviation after all is a form of athletics. Boys in their early twenties got a thrill out of stunting in the air, while a skirmish with an enemy plane is a great adventure to be looked forward to with much enthusiasm.

"Youth is unconquerable and so fleeting."

END OF THE JOURNEY FOR ALL BUT 32

THE PHOTO ABOVE shows the 18th green at Wollaston Golf Club, the scene of the Hearst junior tourney. Nearly 400 boys played in the qualifying round.

First Round Results In Hearst Jr Golf

John Woodruff, Jr., defeated R. G. Hopkins, 2 up.
John D. Brown defeated Donald Karra, 6 and 5.
R. G. Hunter, Jr., defeated Arthur Cody, 2 and 1.

Comes from Africa to See Polo Matches

New York, Aug. 25 (AP)—When the International polo series for the Westchester Cup gets under way Sept. 6, Hugh Brown probably will hold the long-distance traveling record among the spectators.

Brown, a seven goal player himself and captain of the Durban, South Africa, Polo Club, is on his way to the international matches from South Africa. He is a passenger aboard the City of New York, new motor liner of the American South African line.

Jadeto Winner at Osterville

Osterville, Aug. 26—Dewitt Hornor's Jadeto won handily in the amateur class of the regular Wianno Monday races here with John Reed's Teal second and A. Hagerman's Pelican third.

In the skipper class, Beatrice Talbot's Rascal led, with J. Berg's Water Rat second, Katherine Schaefer's Flying Fish took third berth.

SAMMY FULLER WINS N. E. TITLE

Tiverton, R. I., Aug. 26—Sammy Fuller of Boston won a 10-round decision over Andy Callahan of Lawrence here last night by a whirlwind finish in the last two rounds before a crowd of 9000 fans.

Fuller, by his victory, acquired the New England lightweight title.

The bout was fairly even most of the way. The fifth and sixth belonging to Callahan by a small margin. Then Fuller evened matters in the seventh and eighth, but he received a badly cut lip.

In the ninth, Fuller put on steam and in the final stanza set a terrific pace that swayed the decision his way. Jack Finnell of Providence was the referee.

Ikey Hennessey of Fall River and Pancho Villa of New Bedford fought a draw in the semifinal. Alton Holden of Attleboro won over Patsy Paccino of Boston in six rounds; Freddy Lender, Newport, beat Rudy Bauer, Jamaica Plain, in six.

Gurnett Nine Beats Atlantic Nationals

Gurnett & Co. defeated Atlantic National Bank, 7 to 2, in the first game of the series to decide the championship of the Bankers' and Brokers' League at Fenway Park last night. If Gurnett wins again tonight it will leave on Thursday to represent this district against the champions of Detroit. Should Atlantic even the series tonight, the deciding game will be played tomorrow at Fenway.

Atlantic National made seven errors in the first two innings.

Fights Last Night

By THE ASSOCIATED PRESS

New York—Harold Mayes, Bayonne, N. J., knocked out Primo Ubaldo, Italy, (8); Charles Schwartz, England, outpointed Angelo Tijeiro, Spain, (10).

Chicago—Nisse Ramm, Sweden, knocked out Chester Bush, New Orleans, (8).

Philadelphia—Eddie Shea, Chicago, drew with Lou Massey, Philadelphia, (8).

New York—Ruby Goldstein, New York, stopped Joe Trabon, Kansas City, (2).

Baltimore—Joe Belmont, Baltimore, outpointed Steve Smith, Bridgeport, Ct., (8).

Dayton, O.—Billy Petrolle, Duluth, Minn., stopped Frankie Lefay, Troy, N. Y., (3).

Toledo, O.—Ollie Bartlett, Detroit, and Johnny Edwards, Columbus, drew, (10).

Tulsa, Okla.—Ray Kiser, Chicago, knocked out Carlos Garcia, Mexico, (10).

San Francisco—Max Baer, Livermore, Cal., knocked out Frankie Campbell, San Francisco, (5).

Cycle Derby to Be Held on Saturday

The big cycling derby, rained out last week, is carded again for Saturday night at the Revere Cycle Track, with the same six riders entered.

The riders will be George Chapman, Frankie Keenan, Charley Jaeger, Franco Georgetti, Franz Duelberg and Al Letourneur.

There will also be a special sprint match of three one-mile heats, with Charley Ritter, Cecil Walker and Avanel Marcinetti entered. In a tandem race, Al Crossley and Ralph Duffey, Leo Maggoli and Ralph Spiers and Bob Christian and Frank Bartell will ride.

U. S. Yacht Sighted in Race to Spain

Santander, Spain, Aug. 26—The American yacht Lelante, owned by Ralph Beverley, which is competing in the races between Plymouth, England, and Santander, was sighted by the Spanish destroyer Jose Luis Diez at a point given as 47 degrees 36 minutes latitude north, 27 longitude.

Weather conditions were good despite a choppy sea.

FRENCH RAP U. S. NET BODY

New York, Aug. 26 (AP)—The magazine Lawn Tennis, in its current issue, publishes semi-official comment on the Davis Cup Challenge round, calling attention to the "right-about-faces" and "follies" of the United States Lawn Tennis Association in permitting Big Bill Tilden to compete for the American team.

The comment, first published in the French magazine Tennis et Golf, declared the U. S. L. T. A., through its handling of the Tilden case, had suffered a distinct loss in prestige and become "a fantastic schoolmaster, brandishing a ruler capable of exact measurements in one hand and in the other a windmill sensible to the slightest breeze, and especially to that of defeat."

Mrs. Hill Medalist in Western Golf

Kansas City, Aug. 26—Mrs. O. S. Hill of Kansas City won the medal in the annual women's western golf tournament in defending the crown she won a year ago at Cleveland with a card of 75.

Mrs. Gregg Lifur of Los Angeles was second with a 76.

Four women who competed abroad for America this year against Great Britain qualified, Mrs. Hill, Mrs. Mida, Miss Van Wie and Bernice Wall, Oshkosh, Wis.

Army Coaching Staff to Report Thursday

West Point, N. Y., Aug. 26—Army's coaching staff has been ordered to report here on Thursday to make plans for the opening practice on September 2, when the academic year opens at the military academy.

HOPKINS PUT OUT IN FIRST ROUND BY WOODRUFF

Second Round Matches

Woodruff vs. Brown.
Code vs. Hunter.
McGrday vs. Quinn.
Barbour vs. Giaci.
Casey vs. Moore.
Rodgers vs. Emerson.
Donnelly vs. Pickering.
Taylor vs. Dolan.

By BILL GRIMES

The majority of the favorites came through today in the first round of match play in the William Randolph Hearst Junior Golf tournament at the Wollaston Golf Club.

John Woodruff, Jr., of Needham, staged a big upset, though, by defeating R. G. Hopkins of Wollaston, 2 up.

Two of the matches went to extra holes, Gene Dolan putting Joe Looney out of play at the 19th and Sam Cicai of Wollaston, coming back after being two down to Louis Abood at the 14th, to eliminate his opponent at the 19th.

W. H. Donnelly, Jr., runner-up in the last Hearst tourney, came through with a 4 and 3 victory over Frank Devine. Gerard Moore had little trouble with E. W. Hawkins, winning 6 and 4.

R. G. Hunter, Jr., conquered Art Cody, 2 and 1, and Paul McGrady, another of the favorites, fought through to a one-up victory over Charles Donahue.

Rogers-Shea Match Is Real Thriller

A. D. Rogers, Jr., had a difficult time, but he finally managed to triumph over Daniel Shea, Jr., one up, in one of the most thrilling matches of the day.

The Paul McGrady-Charles Donahue match was one of the best of the day. McGrady was three down at the turn and lost the first hole of the incoming nine. He came back to win the 11th and 12th with par fours, halved the next two holes, won the 15th, halved the 16th and then got a birdie four on the 17th and a par four on the 18th, to win one up.

R. C. Hunter, Jr., and Art. Cody put up another great battle. Hunter, one down at the turn, came back on the second nine and won the 10th, 11th, 15th, and 17th to win the match 2 and 1.

W. H. Donnelly, Jr., one of the favorites to win, came through as expected in his match with Frank Devine, winning 4 and 3.

Bill Donnelly Put on Fast Finish

Donnelly was one up at the turn and, coming home, halved the 10th and 11th, won the 12th and 13th with par golf, halved the 14th with a 5 and got a birdie four on the 457-yard 15th hole to settle the argument.

John Woodruff had a different time with his first-round opponent, R. G. Hopkins.

Hopkins was four up at the turn but Woodruff came back, winning the first four holes of the incoming nine to square the match. He halved the 14th and then won the 15th with a birdie four. They squared the 16th and 17th and the match ended on the 18th where Woodruff scored a birdie three while Hopkins had to be content with a par four.

German Girl Sets 1000-Meter Record

Berlin, Aug. 26—Lena Radke of Germany, women's Olympic 800-meter champion, bettered the world record for 1000 meters when she ran the distance in 3 minutes 6 5-10 seconds.

The listed world's women's record for 1000 meters is 3:08 1-5, set by Miss Trickey of England at London in 1924.

Lamar and Gallagher Battle at Wigwam Tonight

BOSTON EVENING AMERICAN SPORTS

MITCHELL IN BOUT WITH DUDLEY

Complete Card at Wigwam Tonight

TEN ROUNDS

Marty Gallagher, Roxbury, vs. Henry Lamar, Belmont.

EIGHT ROUNDS

Andy Mitchell, California, vs. Jack Dudley, Worcester.

Steve Gorman, South Boston, vs. Terry Mitchell, Somerville.

Ug Gibson, Medford, vs. Pat O'Flaherty, South Boston.

SIX ROUNDS

Ring Larson, Quincy, vs. Roy Bailey, Somerville.

First bout, 8:15; main bout, 10 o'clock.

By JACK CONWAY

Henry Lamar and Marty Gallagher will collide in a ten-round bout at a Boston Garden show at Braves Field tonight.

The rival heavyweights each ended their training without meeting with any mishap. Each says he is in the best possible physical condition and prepared to furnish plenty of fireworks in the Wigwam mill.

Jack Conway

Jack Sharkey, American heavyweight champion, assisted Lamar in getting ready for Gallagher. Sharkey says Lamar has one of the best left hands of any of the big fellows. Jack devoted most of his time while with Lamar to coaching the latter in the proper use of his right hand.

Lamar has had a tendency to swing with his right duke. As a result, his punch has been high.

Sharkey made Lamar keep his right planted on his shoulder and punch from that position. This has resulted in a sharper punch and one from which it is much harder to get away.

Lamar scales around 190 pounds. He has built up from 175 to 180 pounds. He was 180 pounds the night he lost to Jim Maloney. Incidentally that was the only pro bout Lamar has ever lost.

The Belmont warrior is 24 years of age. He has come along by gradual stages much like Gene Tunney and feels he is ready to shoot for the fistic heights.

Lamar has been punching harder and more rapidly than he formerly did. This is probably due to the strength that has come to him with his increased poundage.

Gallagher Has Always Given Lamar Trouble

It will be the third meeting between Lamar and Gallagher. Lamar won the other two contests after close battles in Baltimore.

Gallagher now wants to prove he is a better scrapper than Lamar. He is as clever as Lamar, and contends he will also prove himself to be the better puncher tonight.

Matchmaker Alex MacLean will pit the winner of tonight's tussle against James J. Braddock at the Boston Garden, next month.

Andy Mitchell Clashes With Jack Dudley

Andy Mitchell, Jack Kearns' heavyweight, will have Jack Dudley of Worcester as an opponent in the semi-final of eight rounds. Mitchell gave Jim Maloney plenty of trouble a' the Garden last Fall and will go to the post a favorite over Dudley. The latter won the final in the Boston Garden's heavyweight tournament.

Steve Gorman of South Boston will mingle with Terry Mitchell of Somerville in another eight-round session, while Ug Gibson of Medford and Pat O'Flaherty of South Boston will meet in another eight-round event.

Ring Larsen of Quincy, national amateur middleweight champion, will make his Boston bow as a pro when he collides with Roy Bailey of Somerville.

Jack Conway Picks Lamar to Win Over Gallagher

Jack Conway today picked Harry Lamar to win over Marty Gallagher in their ten-round bout at Braves Field tonight.

"It will be the third meeting between Lamar and Gallagher," said Jack. "In the previous two bouts, Lamar edged out the decision after hard contests. I look for him to do so tonight.

"I believe the bout will go the full distance of ten rounds."

Conway's 1930 record follows:

W.	L.	P.C.
48	6	.888

COLLIDE TONIGHT AT WIGWAM

Henry Lamar

Marty Gallagher

HENRY LAMAR and Martin Gallagher clash in the 10-round feature bout under the auspices of the Boston Garden at Braves Field tonight. This battle will be Lamar's severest test for which he has been prepared by Jack Sharkey.

HORSE SHOW AT NO. SCITUATE

The fifth annual horse show of the North Scituate Riding Club began this morning on the club grounds at Gannet rd., North Scituate, and will continue throughout the day, with close to 400 entries listed to appear for judgment in 32 classes. The exhibition is held for the benefit of the Children's Sunlight Hospital.

One of the many features of the day's entertainment will be the exhibition in the afternoon of Likely Lady, Jane Bancroft's champion three-gaited saddle mare, and Treasure Box, champion pony owned by F. Harold Tolman. Likely Lady is the possessor of seven titles and close to 40 blues, won against major rivals, while Treasure Box, winner of four crowns, is considered the best of her type in the country.

Harold Palmer of Manchester and Grove Point, Mich., will judge saddle and harness classes; William H. Maddison of Glenville, Ct., will select the winners in hunter and jumper rivalries, while Evelyn Brison of Framingham Centre will handle children's riding competition. All three are competent, and despite the difficulty of their large assignments are expected to have the classes run off on scheule.

Orleans Defeats Osterville Twice

Orleans, Aug. 26 — Orleans defeated Osterville by a margin of eight runs in both games of a double-header here yesterday. Patsy Donovan's team won the first game, 10 to 2, and the second, 9 to 1.

Johnny Broaca won his sixth straight game in holding Osterville to six hits in the first game, while Yauri Myllykangas, Dartmouth ace, restricted the visitors to four hits in the second game.

Billy Marshall led Orleans in hitting in the first game with two doubles and a single, accumulating four hits in the two games. Joe Concannon and Riley had four hits apiece. Enright had a perfect day in the second game with a double and three singles and two stolen bases. Ed Jeremiah of Osterville handled 14 chances faultlessly in the two games.

Bruins Do Record Early Business

The Boston Bruins' season ticket office reports an early record for sale of tickets. Though the hockey season is still three months away, there already is an assured sale of over $150,000. It is expected that the Bruins will have an assured sale in excess of $350,000, which is approximately the cost of operating the club for the season.

Hearst Tourney Sidelights

By GEORGE W. GRIMM

Four Wollaston Golf Club representatives, Sam Ciaci, Gene Dolan, R. G. "Bobbie" Hopkins and M. T. Casey, are tied for the medal with 76s in the Hearst Junior Golf tourney being played at Wollaston. Ciaci and Dolan are caddies, at the club, while Hopkins and Casey are members.

Lieut. James Lacey of the Brookline police was out caddying for his son Paul and gave orders on shots.

Miss Dorothy Hunter, Girls' State golf champion, and her mother followed her brother, Robert G. Hunter, Jr., around the course. Robert was one of the qualifiers.

The tournament twins were Leo and Edward Martin of Waltham. Try to tell them apart!

Louis Yurek of the Charles River Country Club gave a wonderful exhibition of playing. Louis has but one arm, but he managed to come home with a 99.

One contestant's caddy walked on one of the greens and accidentally on purpose dropped a ball through a hole in his pocket. The accident was noticed and out went the player and caddy.

John "Stuffy" McInnis, former major league baseball star, was on the scene of battle with a flock of five youngsters which he picked up at Salem and Gloucester.

Dr. William Cleary was out to play a game with a couple of friends, but when he heard the Boston American Junior championship was on, stepped back and took it easy. The Doc admitted that the kids are better than he hopes to be.

Russ Todd of the Wollaston Golf Club tournament committee was on hand as the opening threesome got underway at 7:15. Russ stayed all through the day, and gave valuable help in running off the qualifying round.

John Ford, pro at the Blue Hill Country Club where the first Boston American tourney was held, spent his day off like a golf pro. John drove the boys from Brookline, his home, to the tourney and returned to play some golf.

The Boston Bruins manager, Art Ross, was on hand to watch the boys play. Art said, "once in a while you get good golfers who can play fine hockey."

Ross is right. William H. Donnelly, Jr., of Woodland who qualified with a 77 and who was former state junior champion and runner-up in the last Boston American tournament, is captain of the Newton high golf team and is rated one of the finest high school hockey players.

Tommy Quinn of Brookline, 14 years old and one of the best golfers in Greater Boston was amaug the missing. Tommy is spending the summer at New Hampshire, but his brother Johnny qualified with an 81.

Charles Pickering of the home club would have been medalist if he had made par on the last two holes. Charlie failed by a stroke on each and came home with a 77.

Hal McGrail, who won the state caddy championship at Woodland last week and caddy at the Country Club, fell right out of the tourney with an 85. It took the champion 43 to get to the turn, 42 to get back.

John B. Brown of Portland, Me., finalist in the Maine open and runner up to Roland MacKenzie, Walker Cup player, registered with an 82 to qualify.

The youthful Mister Brown is likely to cause plenty of bother in the match play which starts today.

Sam Ciaci, club caddy who tied for the medal, will play for the Wollaston Golf Club Caddy championship with Norman Joy as soon as this tourney is over.

The 361 players who competed over the Wollaston course carried easily $6000 worth of golf equipment.

U. S. Chess Champion Beats Danish Master

Liege, Belgium, Aug. 25 (AP)—Frank J. Marshall, United States champion, today defeated Nimzowitsch of Denmark in the seventh round of the International Chess Masters Tournament contested at the festival palace of the Centennial exposition. Two games were decided in the afternoon session, the rest being adjourned.

What the Stars Did

By the Associated Press

Cronin, Senators — Accounted for all Senators' runs against Athletics with home run and single.

Bridges, Tigers—Made major league debut, holding Browns to seven hits and winning, 7—5, despite 12 bases on balls.

FIVE TITLES AT STAKE IN BIG SWIM MEET

Five championships will be at stake tomorrow night in the swimming meet of the Boston Swimming Association at the Nautical Pool, Revere.

There are four New England A. A. A. U. junior title events for men on the program, 880 yards free style, 440 yards breast stroke, 300 meters medley and low board diving, also the New England junior low board diving championship for women.

In addition there will be 50 meters free style handicap, 100 meters breast stroke for girl members of the Boston Swimming Association and 100 meters free style handicap for men members of the club. Exhibitions of fancy swimming will be given by B. S. A. girls.

The 300 yards medley junior title swim for men has attracted a strong list of entries, among them being John Osipowich of Worcester and William Squires of the B. S. A., who hold several free style titles; Clinton Osborne, back stroke and diving champ; Billy Nolan of the Boys' Club of Boston, John Meany of the same organization, Thomas McNulty, Worcester Boys' Club; John Coutts of the Brookline Swimming Club, Billy Lynch, John Lynch and others from the Boston Swimming Association.

Giles Rae of the Brookline Swimming Club, brother of the former New England senior breast stroke champion, will try to capture the junior 440-yard breast stroke title.

In the low board diving junior title event for men is entered Elmer Larson, one of the promising youngsters, who has placed well in senior title competition; William Todd of Whitinsville; Paul Snyder, Maurice Sheehan, Henry McNamara of the Boston Swimming Association; Bud Lathom and Charles Locker of the Providence Y.

The men's 880 yards New England junior championship swim ought to be interesting, with 10 youngsters already entered.

Among the entrants in the women's New England junior low board diving title event are: Gertrude Costello and Leora Maloney.

272 IN TORONTO MARATHON

Toronto, Ont., Aug. 26 (AP)—The Canadian National Exhibition's 15-mile marathon swim, to be contested tomorrow, has attracted 272 entries, most of the entrants from Canada and the United States, but a few also came from Europe and Asia.

Ed Keating, who won the event last year, is not an entry this time but the field will include such contenders in other years as Marvin Nelson, Fort Dodge, Ia., Ernst Vierkoetter, Germany, George Young of Toronto, Clarence Ross of New York and Mendel Burditt of Toronto. George Bladgen of Memphis, Tenn., a newcomer, has attracted the attention of many critics.

Present indications are that only one woman will compete. She is Anna Preller Benoit of Miami, Fla., who finished fifth in the women's 10-mile marathon swim last Friday. The first six to finish in that race were eligible to compete in the 15-mile swim, but only Miss Benoit has indicated any desire to do so.

Canzoneri Favored Over Goldie Hess

New York, Aug. 26 (AP)—Tony Canzoneri, rugged little New York Italian, ruled a 13 to 5 favorite over Goldie Hess, Los Angeles lightweight, for their ten-round bout at the Queensboro Stadium tonight.

Despite the Westerner's impressive record—he has been beaten twice in 51 engagements—most of the experts think Canzoneri a virtual certainty to win. Tony, a better fighter as a lightweight than he was as a featherweight, even when he held the 126-pound title, is one of the ring's toughest men to beat.

Wareham Victor Over Harwich, 5-1

Wareham, Aug. 26—Wareham took a lead of two full games in the Cape league with a week to go, by defeating Harwich, 5 to 1.

Manager Harry Nozensky held the visitors to seven hits and shut them out until the last inning, when Shatzer hit a home run.

Myron Ruckstull hit a triple for Wareham and scored three of the five runs.

Stow Golfer Wins Negro Championship

Philadelphia, Aug. 25 (AP)—Porter Washington of Stow, Mass., defending champion, retained his title today by beating Frankie Gaskins, Philadelphia, 7 and 6, for the negro open golf championship. Washington now becomes permanent owner of the Tanksley trophy, having won it three times. Gaskins is national negro amateur champion.

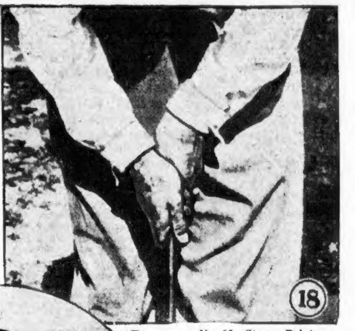
Horton Smith's Golf Lessons

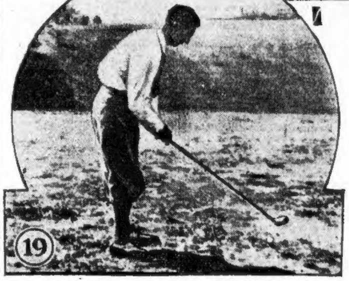
Famous Young Missouri Professional Illustrates and Describes the Mechanics and Technique of Play

No. 18—Grip Details

In common with all great golfers, Tommy Armour has the fingers of the left hand well hidden—in other words the back of the left hand is on top, right hand fingers showing. Armour has the true Vardon grip, only half overlapping the forefinger of the left hand. Many champions have the right hand rather more under the shaft, but not too much so. This is particularly noticeable in those phenomenally long drivers, Abe Mitchell and Cyril Tolley, who, by the way, are both natural grippers.

I find since Grantland Rice advocated the natural grip that many have taken to it with marked success.





Copyright, 1930, King Features Syndicate, Inc.

No. 19—Stance Pointers

In the address position we see that Tommy Armour has his club well above the ball while settling down to find his balance before the preliminary waggle. In his approach efforts, he generally swings back and forth about two dozen times. If the average golfer did this he would foozle undoubtedly.

Notice that Armour has the modern square stance, the arms are bent, the rounded back. In all physical culture we are taught to keep the stomach in, and so it is in golf. Don't employ the so-called "debutante slouch."

OVER THE PLATE

By

JOE CASHMAN

An old-time fan writes in to inquire why there aren't any great pitchers in the major leagues any longer.

The best mound bets of this era, such as Grove, Ferrell, Lyons, Vance, Malone and Kremer, he asserts, are no better than third-raters when their records are compared with those of the master hurlers of yesteryear such as Young, Mathewson, Wood, Dineen, Joss, Radbourne, Rusie, McGinnity, Wadell, Plank, Bender, Johnson, Alexander and the like.

Joe Cashman

Stars in all other positions today, he goes on to relate, are as good, if not better, than the best of the past. Ruth, Simmons, Cochrane, Gehrig, Terry, Cuyler, Frisch, Maranville, Traynor, Lindstrom, Jackson, Gehringer and a few others are among the greatest players of all times, according to his rating, and he asks us to explain, if we can, why the present young generation hasn't produced a single hurler who is great.

We can't explain the lack of great pitchers today for the very good reason that we don't believe that any such lack exists.

True it is, that no hurler now in the game ever won 30 games in a season whereas more than one of the old-timers won more than 40 in a year, and no modern flinger boasts a record which compares in any respect with that of any of the veteran stars mentioned by the old-time fan.

But figures, which aren't supposed to lie, do in this case, we fear.

For, to our way of thinking, every good pitcher in the big league at present would win half again as many as he does and the great ones would turn in records a good as the best, if they were working under the same conditions as the old-timers, while many of the famed veterans would have trouble making the grade, if active right now.

Old-Timers Pitched a Shorter Distance

Great pitchers previous to 1893, and these included A. G. Spaulding, John Ward, Jim Whitney, Charlie Radbourne, John Clarkson, Tim Keefe and Jack Stivetts, pitched a much shorter distance than the hurlers now.

Up to 1881, the distance from the box to the plate was only 45 feet. It was then increased to 50 feet and remained so until 1893, when it was again increased to its present length of 60 feet, 6 inches.

So, these great old-timers must be eliminated from the discussion at once or it must be admitted that hurlers with the speed of Vance, Grove and Ferrell would rarely lose a game in those days.

Hurlers between 1893 and 1920 threw the same distance as modern twirlers, but there the comparison ends.

The old-timers tossed a dead ball which was never knocked out of small parks more than 250 times a season; the hurlers today are tossing an agate so full of dynamite that 600 drives over the wall of large parks in a season is nothing unusual.

The veterans could spit on a ball, rub emery or resin on it, discolor it, roughen it, cut it and it remained in the game until it was knocked out of the field. Pitchers at present can't do a thing to a ball and are compelled to use a new one, hard to grip, every few minutes.

A batter was lucky to make a hit in those days. Now, a pitcher is lucky to retire the side in order once in a game.

The best proof of the advantage the old-timers had over modern flingers is the record of the few spitballers still in the game.

Spit-Ballers Still Able to Chalk Up Victories

Jack Quinn, Ed. Faber, Burleigh Grimes and Clarence Mitchell, all old men in a baseball sense, are still winning ball games regularly while any number of fine pitchers who broke in long after this quartet have been all through for several years.

We aren't one of that large group that rates the athletes of today as the greatest ever and all those of the past as so many tramps.

We don't think that any of the modern players mentioned by the old-time fan except Ruth and possibly Simmons and Cochrane, are among the all-time greats.

But, while admitting that there were many great pitchers in other eras of baseball, nobody can convince us that a pitcher who wins 20 games in a season under prevailing conditions isn't as great as any of those who used to win 30 or more yearly prior to 1920, and there are several flingers in both leagues today capable of turning in a score of triumphs during a campaign.

BAY STATE RING TEAM PICKED

The Massachusetts team that will compete against those from Nova Scotia and New York in the international amateur boxing tournament tomorrow night at Dilboy Field, Somerville, under the direction of Dilboy Post, V. F. W., follows:

118-Pound Class—Frank Mulholland, Taunton; 126 pounds, Pat McStay, Newton; Tony Madieros, Taunton; alternate, Al Vattali, North End.

135-Pound Class—George Lawless, Waverley; Francis Carter, Worcester, New England champion; Harry Alexanian, Marlboro, alternate.

147-Pound Class—Mickey Bishop, Stoughton; Al Zappala, Lawrence; alternate, Al Marcin, Boston.

Heavyweight Class—Henry Surretti, Leominster; Al Dean, Medford, New England champion; Ted Johnson, Quincy.

These boys have all competed in Dilboy tourneys this summer and have proven themselves to be the cream of the present crop of amateurs in this State.

The Nova Scotian team will arrive in Boston today and will immediately go in training at Toland's gym.

The New Yorkers will arrive in town tomorrow morning.

In addition to the International classes, there will be competition in the 160-pound and light heavyweight classes.

Hub Printers Lose to St. Paul by 11-3

Pittsburgh, Aug. 26—Teams representing New York, Washington, Chicago, Detroit and St. Paul advanced in the International Printers' Baseball League tournament, by winning their games in the opening round yesterday.

Washington, defending champion, defeated St. Louis, 21 to 1, in a game halted at the end of the sixth inning by rain. Washington scored 16 runs in the first inning.

New York defeated Pittsburgh, 9 to 1, St. Paul eliminated Boston, 11 to 3, Chicago defeated Cincinnati, 16 to 3, and Detroit beat Indianapolis, 14 to 7.

Genaro and Wolgast in Title Bout Oct. 17

New York, Aug. 26—A 15-round bout between Midget Wolgast of Philadelphia and Frankie Genaro of New York, for the world flyweight championship, will be held at Madison Square Garden on October 17.

The battle should provide an undisputed titleholder in the flyweight division for the first time since Fidel LaBarba retired as undefeated champion in September, 1927. Wolgast is recognized in New York and Pennsylvania as world titleholder now, while Genaro is recognized by the National Boxing Association.

Nuthall-Marlowe Tennis Team Defeats Palfrey Sisters

BOSTON EVENING AMERICAN SPORTS

INJURY PUTS VAN ALEN AND JONES OUT

All the seeded teams in the women's invitation doubles held in conjunction with the national doubles advanced through their first round matches at the Longwood Cricket Club, Chestnut Hill, this morning.

Miss Marjorie Morrill and Miss Edith Cross, an East-West combination, had little trouble defeating Miss [illegible] and Miss Mary Cutler, [illegible] Nuthall, English queen of the American court, teamed with Miss Helen Marlowe of New York to defeat the younger Palfrey sisters, Lee and Polly, 6—1, 6—1.

Sarah and Mianne Palfrey, however, upheld the honor of the famed tennis family, by defeating Mrs. Malcolm T. Hill and Mrs. Ronald Cordingley, 7—5, 6—2. Mrs. Hill and Mrs. Cordingley gave the Palfreys a run in the first set, which proved to be the only extended set of the entire first round.

Bell and Mangin Advance to Third Round by Default

Berkeley Bell and Gregory Mangin were [illegible] to proceed to the third round of the 49th annual doubles championship when it was learned this morning that their opponents for this afternoon's match, Arnold Jones and James Van Alen, were forced to default. Van Alen left after yesterday's victory at Longwood for Newport where he engaged in a polo match.

In the match he suffered a fractured ankle and wired to Referee [illegible] that he and Jones would have to default.

[illegible] Wood and Frank Shields of New York advanced into the second round of the doubles tournament when they won a five-set match from Keith Werner and Harold Losch of Los Angeles, the scores of which were 7—5, 3—6, 9—7, 3—6, 6—3. The clashing of this foursome was a first round match that was put over from yesterday because of Wood's late arrival.

The coast youngsters put up a hard battle but the experience of the Gotham team was more than they could overcome.

SUMMARY—WOMEN'S INVITATION DOUBLES
FIRST ROUND

Virginia Rice and Penelia F. Anderson defeated Mrs. B. F. Southwick and Mrs. F. C. Sanborn 6—1, 6—2. Miss Edith Cross and Miss Marjorie Morrill defeated Miss Louise Packer and Miss Mary Cutler, 6—1, 6—1. Miss Marjorie Gladman and Miss Josephine Cruickshank defeated Mrs. J. M. Bremer and Mrs. J. H. Godfrey, 6—2, 6—1. Miss Ruth Oexman and Miss Gene Barrett defeated Mrs. Seth Crawford and partner by default. Sarah and Mianne Palfrey defeated Mrs. M. T. Hill and Mrs. R. Cordingley, 7—5, 6—2. Miss Dorothy Workman and Miss Carol Babcock defeated Miss Mercedes Marlowe and Miss Rosamond Newton, 6—1, 8—6. Miss Betty Nuthall and Miss Helen Marlowe defeated Miss Polly and Miss Lee Palfrey, 6—1, 6—1. Mrs. Charles Hubbard and Mrs. M. Blake defeated Miss Cynthia Chace and Miss Betty Chace, 6—2, 6—1.

N.E.G. and E. Nine Wins

New England Gas and Electric baseball team defeated Malden Electric, 5 to 3, in a six-inning game at Craddock park, Malden, last evening.

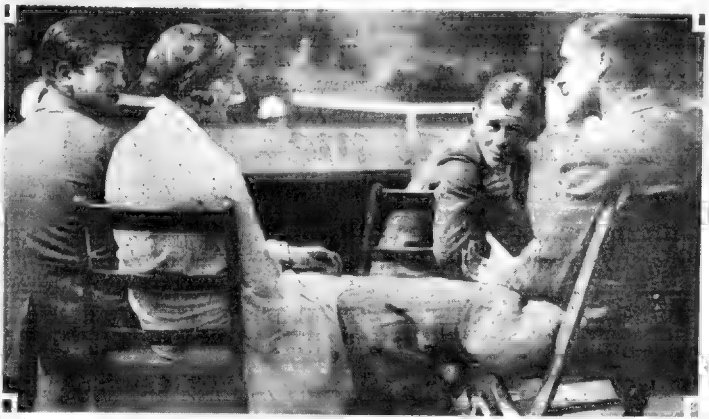
BIG BILL HAS BETTY SMILING AT LONGWOOD



RALPH POPE — BETTY NUTHALL — WILLIAM WILSON — BILL TILDEN

It was a meeting of champions at Longwood today when Betty Nuthall, English winner of the American Women's championship, chatted with Bill Tilden, world's tennis titlist, on the lawn at the Cricket Club at Chestnut Hill. Ralph Pope and William Wilson, two youngsters, are listening attentively as the two champions discuss problems of the tennis world.

COAST BOXER IS BADLY HURT IN BOUT

San Francisco, Aug. 26 (AP)—Frankie Campbell, San Francisco heavyweight, was seriously injured last night in his bout with Max Baer of Livermore, Cal., when he suffered concussion of the brain in taking a terrific beating.

The fight was halted in the fifth round and Campbell sagged to the floor. He was unconscious for 25 minutes while doctors and seconds worked over him in the open air ring in the ball park.

Finally he was taken to an emergency hospital, still unconscious.

It was a fierce battle from the first round, with Baer at 194 pounds holding a 15-pound advantage. An unfortunate incident in the second round hurt Campbell. After he half pushed and half-knocked Baer to the floor he turned his back to his fallen opponent.

Baer jumped up, ran across the ring and hit Campbell while he had his back turned. [illegible] a terrific punch on the jaw, but saved himself from falling by winding his arms around the top rope.

Hatherly Postponement

The Hatherly women's open tournament scheduled to get under way today has been postponed until tomorrow, in order that it may not interfere with the North Scituate horse show.

B.A.A. Team Wins National Mile Championship

Pittsburgh, Aug. 26—Wilson Charles, Oneida Indian from Haskell Institute, won the national decathlon championship here yesterday. Jim Stewart of the Los Angeles A. C. was second.

Charles was trailing Stewart after nine of the ten events were completed, but in the final event, the 1500-meter run, Charles covered the distance in four minutes and [illegible] seconds and beat Stewart by more than an eighth of a mile.

This victory gave Stewart the [illegible]. Joe Hall of the University of Florida nosed out Harlow Rothert of Stanford University for third place.

Here is how they stood in points at the end of the program, which consisted of the 100-meter run, broad jump, shotput, high jump, 110-meter hurdles, discus throw, pole vault, javelin throw and 1500-meter run in that order:

Charles, first, 7313.343; Stewart, second, 7119.605; Hall, third, [illegible]; Rothert, fourth, [illegible]; Munger, fifth, 6480.005; Howard Jones, New York A. C., sixth, [illegible]; Ivan Dykeman, Denver A. C., seventh, 5813.09; Walter Hutchins, Ithaca, N. Y., School of Physical Education, eighth, 5708.887; Edward Woodyka, Boston A. A., ninth, [illegible]; Fred Pusch, Grove City College, tenth, 5600.463; Louis Petersen, Union A. C., Pittsburgh, eleventh, [illegible]

[illegible]

A fast quartet of sprinters from the Los Angeles Athletic Club [illegible] and 880-yard relay [illegible] National Amateur A. U. championships but the Denver A. C., entering every event on the program, won the [illegible]

[illegible] Los Angeles [illegible]

The mile championship went to the Boston A. A., whose speedy team consisting of [illegible] and Donald [illegible] the Newark A. C. [illegible] Pittsburgh [illegible]

The Los Angeles A. C. [illegible] the championship. The speedy Pacific Coast quartet [illegible] Bob Maxwell [illegible] Desmond [illegible] won by three yards from the Newark A. C. with the Denver A. C. [illegible] last. The time was [illegible] second.

The Los Angeles A. C. won the [illegible] with exactly the same quartet. Again the Newark A. C. was second and Denver third.

Herman Brix Sets New Shot Records

[illegible] Pennsylvania Railroad Y. M. C. A. [illegible] Chicago and the [illegible] Pittsburgh A. A. [illegible]

In points the Newark A. C. was [illegible] Penn [illegible] A. A. and Boston A. A. tied for [illegible] and [illegible] A. C. [illegible] the rear with two.

Competing in a special shotput contest with eight and 12-pound weights, Herman Brix of the Los Angeles A. C. set new American records for both of the [illegible]

He heaved the 12-pound shot [illegible] feet [illegible] inches to better [illegible] record [illegible] Ralph Rose [illegible] 8-pound record of 67 feet 7 inches with a put of [illegible] feet [illegible] inches.

Notes of the Sandlots

Dorchester has a chance to slip into first place in the Greater Boston Twilight League race tonight if it can defeat Malden when these rivals clash at the Pearl Street Stadium.

Dorchester has won 11 of their last 13 games and is going at a fast clip. Bobby Coombs is likely to hurl for Dorchester tonight. He [illegible] and took a trip [illegible]

Bobby is back at the job again and the strain of many consecutive performances on the mound has worn off. Fred Loftus or Bob Fredericks will hurl for Malden. It will be the only league game on the program tonight.

However the St. John team of this circuit will be in action meeting the Red Sox in an exhibition game. There is a good deal of interest in this game for the fans are anxious to know just how their team rates with the big leaguers.

The Hub Twilight League race for the second half comes to a close next Sunday. It has been one of the most thrilling battles of any Twilight League in New England and the fans have been drawn to the parks in great numbers so great has been the rivalry between the warring factions.

Newton won the first half and is close to copping the second-half honors although Allston seems to have a little edge. It should develop into a "little world series" between Allston and Newton.

Dave Walsh has kept the Revere team in the Hub Twilight League fight. Walsh has won seven and lost but one. His team has got a chance of nosing out both Allston and Newton for second-half honors.

The Lynn Cornets, with 12 wins in 14 starts, will be out to add to their victory list when they meet the Philadelphia Colored Giants at Lynn on Saturday afternoon. The Cornets have one victory chalked up over the Giants this season.

Manager Pip Kennedy of the Markson Brothers, champions of the Lynn City League, is trying to arrange a title series with the Cornets, but has had no success. Pip claims that the Cornets are afraid to meet his club for the crown of the Shoe city.

Maddens Defeat Dorchester, 3 to 2

The William J. Madden Club maintained its position at the top of the Dorchester Twilight League by coming from behind to defeat Dorchester A. A., 3 to 2, at Marcella st. last night. The Maddens and St. Mark's will play for first place at Wainwright Field tonight.

St. Joseph's 8, Morton 0

St. Joseph's baseball team of Medford shut out Morton A. C., 8 to 0, in a six-inning game at Summer st. playground, Medford, last evening.

Austin, winning pitcher, struck out nine and allowed three scattered hits.

Mack Sends Out Call for Reinforcements

Philadelphia, Aug. 25 (AP)—Manager Connie Mack has sent out a hurry call for reinforcements. He told newspaper men today that Jim Moore, a big outfielder with the Dallas club in the Texas League, would be on hand Thursday to give the champions a helping hand. Moore is an outfielder recently acquired by Mack.

He goes on the active players' list at once, Mack said, and is to remain the rest of the season.

Haas' injury and the erratic playing of Summa in Washington are believed to have caused Manager Mack to send a rush order for another fielder.

Hopping Returns to No. 2 on Big Four

New York, Aug. 26—Rube Williams and Cecil Smith have failed to impress the U. S. polo team committee and Earle A. S. Hopping will return to the much-discussed No. 2 position on the American polo "big four," undergoing final tests for the international cup matches with England, starting September 6.

Hopping, after a week's absence, is slated to return to Capt. Tommy Hitchcock's varsity "whites" tomorrow at the Piping Rock Club in the eleventh test match. He will ride No. 2 with Eric Pedley, Capt. Hitchcock and Winston Guest retaining their usual positions at No. 1, No. 3 and back.

Williams was given a tryout at No. 2 last Wednesday, and Smith tested for the second time in this position Sunday when the varsity side was held to a tie score by the "reds."

DORCHESTER IN 5 TO 5 TIE

BOSTON TWILIGHT LEAGUE

	Won	Lost		Won	Lost
Roslindale	13	5	Portland	10	11
Dorchester	13	6	St. John	11	14
Malden	11	8	Quincy	1	17

Game tonight—Dorchester at Malden.

Dorchester and Malden battled to a 5-5 tie in their Boston Twilight League game, while St. John took the odd game of its three-game series with Portland 3 to 2, at St. John last night. Rube Greenhalg made his debut for Dorchester and held his own with Freddy Loftus, the league-leading pitcher.

Two Somerville boys featured the St. John win over Portland. Bill McCarthy held Portland to seven hits, while Arthur Graham contributed one of the greatest one-hand catches ever seen at St. John. It was the final Twilight league game of the season for St. John.

Schaaf Signs for Bout With Carnera

Ernie Schaaf has signed a contract with Matchmaker Eddie Mack of the Argonne A. A. to meet Primo Carnera, Italian heavyweight, in the event he scores over Babe Hunt in their ten-round at Fenway Park on next Tuesday night.

Mack is planning to feature Carnera at Fenway Park in a show to be held the middle of next month.

Schaaf is training at Wrentham and reports he is in good condition for the heavy thumping Hunt.

George Nichols of Buffalo and Harry Allen of Brockton have been signed to meet in the ten-round semi-final.

Three sixes have also been billed. Charley Kelley, Newton, will meet Wertor Arcelli, Italy, Pete Herman, Roxbury, will oppose Young Jack Dempsey, North End, while Albion Holdemn, North Attleboro, will clash with Vincent Trescott.

Miss Mowry Victor in Duxbury Race

Duxbury, Aug. 26—Eight boats turned out for the ladies' race in spite of the flat calm and thick fog which shut down half an hour before the race was to start here yesterday.

The Notamenace, sailed by Gwin Coffin, took the honors on the windward start and led half the fleet on a long tack to Powder Point, while Eleanor Mowry's Scooter led the rest on a long port tack, which proved to be the better course.

Halfway to the windward mark, Peggy Mowry worked the Eagle out to windward of the Scooter, while Peggy Farnsworth's Shoal Duck went through the Scooter's lee.

The Eagle led the Shoal Duck by 30 seconds at the mark and held her advantage on the run home.

Cohasset Club Host to League Teams

Open house will be held at Cohasset today as the home team, successful defender of its South Shore golf league championship, plays host to the other seven teams in the circuit.

Selections and Scratches

TODAY'S BEST BETS

AT SARATOGA — Flying Heels—4th race.

7—Noine, Handiworker, Fenlight.
BEST BET—Froth Blower.

TRIPLE TIE IN PRO TOURNEY

Hartford, Aug. 26—Lewis Myers of Providence, Teddy Turner of North Adams and Bob Crowley of Kenoza were tied for the lead at the end of the first 36 holes of the 72-hole New England P. G. A. championship at the Wampanoag County Club. All three had cards of 143.

The tournament is also serving as the New England sectional qualifying round of the National P. G. A. championship.

Turner had 74—69, the 69 breaking the competitive course record. Myers had 71—72, and Crowley exactly the same figures.

Henry Ciuci of Mill River, the defending champion, had a total of 149.

Dunlap Wins Medal in Maplewood Golf

Maplewood, N. H., Aug. 26—George T. Dunlap, Jr., intercollegiate champion, took the medal in the ninth annual White Mountain amateur golf championship with a card of 68.

Match play starts today when Dunlap clashes with Jack Foster of Chicago. Three other flights of 16 qualified for flight prizes.

R. I. BOXING BAN ON BUCKLEY

Providence, R. I., Aug. 26 (AP)—Johnny Buckley, manager of Jack Sharkey, was suspended indefinitely by the Rhode Island State Athletic Commission [illegible]

[illegible] Andy Callahan [illegible]

Buckley [illegible] called Jack Finnegan, prominent referee, the boxing commission and Chairman Foster "a lot of crooks" when the decision was awarded to Fuller. According to Chairman Foster [illegible] Buckley [illegible] precipitated a [illegible] large number of [illegible] in the yard.

"It was the most disgraceful exhibition on the part of a boxing manager that I have ever witnessed," Mr. Foster declared. "It is high time that this type of man is barred from the boxing game."

Buckley drew a suspension [illegible] Martin [illegible] last winter [illegible] after 40 days when Buckley apologized and pleaded for re-instatement in order to do business for Sharkey.

"We were lenient that time," Chairman Foster said this morning. "This one is going to last —and a long time, too."

Rhode Island is a member of the N. B. A.

Redgrave Wins Lynn Net Championship

Lieut. Dewitt Redgrave, radio instructor at the United States Naval Academy, Annapolis, yesterday defeated Sidney Lipman of Amherst College, defending champion, in the final of the Lynn tennis championships, 6—0, 6—1, 6—2.

5 UNION HEADS FACE COURT

Lawrence, Aug 26—Five officers of the Shoe Workers Protective Union, including the general president John D. Nolan of Boston, were arraigned today in district court on conspiracy and intimidation charges made by the Gilbert Shoe Co. of this city.

The cases were all put over to September 15 for hearing at the request of the government, and each of the defendants were released on [illegible] bail.

Besides Nolan, the defendants are James B. L[illegible], vice president of a Haverhill local; John B. Troxel, district manager of the union at Haverhill, and Troxel's assistants, Harry Scave and Omer B[illegible].

Pleas of not guilty were made by [illegible] Frederick W. Mansfield, candidate for mayor of Boston at the last election, represented the union men. Atty. J. Bradley Mahon acted for the prosecution.

The Gilbert Shoe Company formerly conducted its business in Haverhill, the stronghold of the protective union, moving out at the time of the last labor trouble.

Officials of the company charge that there was a conspiracy on foot to ruin its business. It is also alleged that Peter Anton of Lawrence, an employe, was intimidated on August 12.

Bride Soon

MISS ADELINE C. THIESSEN, of Roxbury, will become the bride of George Henry Krech, of Dedham, on September 3.

Councilman to Wed

Councilman Eugene L. Capuano of Everett filed marriage intentions to wed Miss Dina Rice, [illegible], of 62 Woodville st. yesterday. Capuano stated that the wedding is scheduled for Sept. 20.

ROXBURY GIRL WEDS SEPT. 3

The wedding of Miss Adeline Caroline Thiessen and George Henry Krech of Dedham will take place on September 3 in the Evangelical Lutheran Bethlehem Church in Roslindale.

The Rev. J. F. Pfeiffer will officiate and a reception will be held afterward at the church.

The bride-to-be is the daughter of Mr. and Mrs. Fred W. Thiessen of F[illegible] st., Roxbury. She is a graduate of Girls' high school. Krech is connected with the Folsom Engraving Co. of Boston.

Milford Editor to Marry Bookkeeper

Milford, Aug. 26 (AP)—Gerald M. Richardson, editor of the Milford Daily News, will join the ranks of the benedicts Thursday night when he will lead Miss Ruby Bagg, his bookkeeper, to the altar in the Mendon Unitarian church. A reception and luncheon will follow.

Greenwich Loses Oldest Resident, 102

Greenwich, Conn., Aug. 26 (INS)—Ann M. Kelley, oldest Greenwich resident, died at the home of a son here today at the age of 102 years. She was born in Ireland on Aug. 15, 1828. Her husband died many years ago. Four sons survive.

CATHOLIC VICAR HELD IN CHINA

Hongkong, Aug. 26 (AP)—A telegram received by the Catholic Vicar Apostolic of Hongkong from Nanyangfu, South Honan, today said Fr. James Brugnetti, belonging to the Milan Foreign Mission, had been captured by bandits.

Fr. Brugnetti is 55 years old and has been engaged in missionary work in Honan for the past [illegible] years.

Betty Hates Gin and Fags, But She's a Dandy Cook

Forest Hills, N. Y., Aug. 26—She "just hates" cocktails and she doesn't smoke.

But she loves to cook and is especially proficient in the manufacture of chocolate cake.

This is Betty Nuthall, chubby 19-year-old daughter of Britain, who today, between giggles in her hotel room, revealed things about the new tennis champion—herself.

Betty was packing away two precious pieces of silver at the time—a cup engraved, "American Women's Tennis Champion," and another telling all that Betty Nuthall is part holder, with Sarah Palfrey of the American women's doubles title.

The new champion said she didn't know whether she would return for next year's matches, but held that hope. Helen Wills Moody is expected to compete again in 1931.

Davis Resigns as Officer of Moose

Sharon, Pa., Aug. 26—Secretary of Labor James J. Davis, Republican nominee for U. S. Senator, today quit as an official of the Loyal Order of Moose.

COL. GUTHRIE'S SON INJURED

Brockton, Aug. 26—Ronald A. Guthrie, 21, son of Col. Percy A. Guthrie of Boston, commander of the famous kiltie regiment Black Watch, is dying at Brockton hospital today following the capsizing of his car in Winter st., Hanson, last night. His skull was fractured.

Guthrie is employed at a Hanson tea room and was returning to his home when he failed to make a sharp turn.

Plunging into the woods the car crashed into three trees and turned over, pinning Guthrie.

THE LOW COST OF FIRE INSURANCE

WHEN you buy fire insurance you pay for indemnity against loss. But each dollar buys so much more than mere indemnity that it easily ranks as one of the most effective you spend. You pay for reimbursement; you receive *protection*—before and after fire.

Stock Fire Insurance, even when considered as indemnity only, is one of the cheapest of present-day necessities. While the general price trend was upward, the average rate charged for fire insurance was downward. For more than twenty years the average cost in this country has consistently declined.

Notwithstanding this reduction in cost, the services rendered by the more than 250 stock companies constituting the National Board of Fire Underwriters have been increasing in number and scope.

For Good Measure:

For good measure, in addition to indemnity, these companies provide engineering and research that make life and property safer; great laboratories in which to test materials and devices; scientific measurement of fire hazards; building construction codes; arson detection and investigation; organized fire prevention—a multiplicity of activities designed to prevent the losses which no amount of insurance can ever repay.

STOCK FIRE INSURANCE

provides funds for rebuilding and replacement when calamity overtakes the policyholder. But far beyond that in value, to individual and to public, is the constant fight that is being waged to preserve the savings and investments of America's millions. A greater use of the facilities thus provided will add to the priceless results of true conservation.

"Look at me—I'VE GONE THROUGH Hell!"

The Most Amazing Human Revelation Ever Printed

"I am Janet Mintern.

Look at me! A woman whose eyes have looked on murder; whose soul has been in hell.

Hear me! I will tell you how I built a ladder from the mire of sorrow and grief to the calm heights of understanding and peace.

I will tell you how, in my innocence, I mistook the ravening desire that gleams in the eyes of men for the solacing glance of friendship.

I will tell you how a beautiful love—a true love—was broken on the wheel of deceit.

I will tell you how the holy faith I had in my lover was changed into wretched suspicion that ate at my heart.

I will tell you how, in the dark jungle night, in a desolate, lonely cabin, I fought the man who would degrade me; leaving on my white flesh the marks of his mastery.

I will tell you how, against treachery, flattery, desire and deceit, I fought my way back to security, peace, and self-respect.

They call the story of my life "PASSION'S PLAYTHING." Perhaps that is as good a title as any. All I know is that I have presented the facts exactly as they happened. I have left *nothing* unsaid. I have told *all*, even when my face burned at the telling. I have done this in the hope that other women in similar situations may be helped to see through the mirage to the clear truth that lies beyond.

Read this story of mine, and remember it is written with blood drawn from my heart."

PASSION'S PLAYTHING
We have never printed a more remarkable document than this, involving intrigue, murder, and a woman's honor.

Are All Men *Bad?*

In her home and church she was taught that Satan was real. There were no in-between conditions. Men were either good or bad. And duty was a sort of holy yardstick by which mortals must be measured.

Then one morning she awoke to find herself in love with an ex-convict. Love said, "Marry him." Duty said, "Cast him out." What would you do? Read, in September True Romances, "Hot-Headed Youth" and learn how one girl met this problem.

"The Woman Without a Soul"

This is what they called her, this daughter of crooks, this sweetheart of a jailbird. For she scorned life, distrusted people, loathed the law. Surely, she would come to no good end.

Then in her flinty little heart a strange seed of love and compassion was sown. And years later it enabled her to make a supreme sacrifice on the side of the law she once had hated.

Don't miss "Strayed Angel," in September True Romances. It lays bare the soul of a strange, wayward girl.

Boston's "Lucky Girl"

ONE OF THE MOST THRILLING SERIALS EVER WRITTEN by Hazel Livingston

Mother Stricken, Family Is Facing a Great Money Crisis

WHAT HAS GONE BEFORE

Catherine Paige, elder daughter in a fatherless home, secures her first position in the office of Alfred A. Farnsworth, successful engineer. In the office she meets Gordon Moore, and is instantly attracted to him, and he to her. He easily persuades her to spend the rest of the day "celebrating" with him

At the end of an innocent and delightful day of lunching and sightseeing Cathie finds herself deposited at her door and nonchalantly bidden goodbye. Her pride comes to her rescue, she manages to seem as nonchalant as he, but after he is gone she weeps in secret at the speedy end to what she had girlishly felt would be a lasting love.

Her work at the office is not very happy, for the other girls are better dressed than she. Cathie's earnings must go to help her family. Marsha Darrow, private secretary to Farnsworth, is not only "setting her cap" for him, but carrying on a flirtation with Moore.

Cathie is forced to remain in the background, unnoticed by Moore while Marsha Darrow gets ready to go to dinner with him.

NOW GO ON WITH THE STORY

CHAPTER 6

MARSHA DARROW was late to work next morning.

"Where's Miss Darrow?" Mr. Farnsworth demanded, looking at his watch when he came in at half past nine.

"I don't know," Cathie said. But she knew. Miss Darrow was late because she'd been out with Gordon Moore. And when she did arrive, about 10, heavy-eyed and cross, Cathie found herself watching, fascinated, as she hung up her wrap, and settled herself at the desk at last.

Miss Darrow used a typewriter with rubber keys, to protect her long, rose-lacquered nails. Cathie looked at Miss Darrow's hands, and then at her own and made a mental note to see about liquid polish. There was no denying it, Miss Darrow was pretty. Her face was a little thin, and there was a hard look around her mouth but no doubt that made her more interesting to men.

Cathie wondered about that. Was it that knowing look that made the young engineers all stop to talk to her? Was that why Gordon Moore liked her? Cathie wondered, trying to analyze the girl's charm. And there was something else she would have liked to ask . . . did Moore ask for her? Even if he forgot her name he might have remembered SOMETHING about her. Enough to say, "Remember me to that new girl you have in the office;" or "How's that new girl turning out?"

Mother Ill

But the days went by and Marsha Darrow said nothing, and soon Cathie had something else to think about.

For Mary Paige, who had never been ill a day in her life, was sick.

She had not looked well, for some time. Cathie had noticed that. "Aren't you feeling well, ma?" she had asked her over and over. "Well, of course! Why not?" Ma had invariably answered, bustling around the kitchen as she spoke. Now that she no longer went out to work she took pride and pleasure in cooking special meals for the girls when they came home tired at night.

Mary Paige's biscuits, roaring hot, filled with melting butter were something to remember. She could make hamburger and lettuce salad seem like a banquet. And there were special little dishes she made of apples and brown sugar. And sometimes cornbread, light as sunlight, ready to crumble into nothingness in your mouth. . . .

Fears Mount

One night Ruth and Cathie met at the corner, and walked up to the house together. They saw it was dark before they got there. They looked at it—the little high-shouldered greyish-white cottage with the strip of lawn and the row of calla lilies along the side and the fuchsia, bright red and blue, growing right up to the front window . . . and not a light inside.

"Ma must have gone down town," Ruth said, in a funny voice.

Cathie nodded. She wanted to run—to get in quickly to see . . . She knew that Ruth wanted to run, too, but somehow they couldn't. They walked slowly around to the back door talking—they didn't know what about. But on the back stairs Cathie couldn't hold back any longer. She found the kitchen empty and ran, breathlessly, to the front bedroom and sure enough there was Mary Paige lying on her bed.

She got up stiffly when the girls rushed in

"I must have dropped off," she said.

That was all she would say, but her broad, usually rosy face was pale, and her heavy, dark-streaked gray hair lay back from her forehead, dank and hot.

Well, Claimed

The girls wanted her to stay in bed to get a doctor, but she wouldn't listen. She said she was all right again, and insisted upon going on with the plans for Jean's birthday party, the next Monday afternoon.

"I could tell Mr. Browning and get home right after school," Ruth offered, doubtfully. She was secretary to the principal and worked all the long afternoons, after her class work was over.

Mary Paige wouldn't hear of it. "I'm as well as I ever was. But maybe I'll run down and see Doolin tomorrow," she said, holding her side. And the next day she put it off until Tuesday. "After the child's party."

Jean had eight young girls in to a bridge. Fifteen year olds, aping their elders, she snorted when Jean first suggested it, but she didn't say no when the girls wanted to borrow two card tables from the Whites, on the corner, and at the last minute she took down the lace curtains and washed them though they did not need it at all.

"Just tea with lemon and cloves, and bread and butter sandwiches cut thin, Ma," Jean said. She had been reading about fashionable teas in a book, but Mary Paige knew that Emma Woburn had creamed crab and hot biscuits and a mousse at her birthday party. So she toiled down to the market and bought a hen which she cut up for creamed chicken. Then she made biscuits and fixed the top with orange sugar (Emma Woburn didn't have THAT!) and the dessert was going to be home-preserved peaches with whipped cream and chopped nuts.

"Siege in Hospital"

And when everything was going fine and you could hear them all enjoying themselves in the parlor, and nobody noticing the hole in the seat of the rocker and only the biscuits to pop into the oven, Mary Paige sat down. She sat in the old brown chair by the stove and held her side with her hands. In her sweet, clear voice she said, "Cathie, watch the biscuits. I'm a bit faint, with the heat of the stove and all."

When Dr. Doolin came she insisted that they bring him around the back way, so as not to spoil the party, and Cathie served the refreshments just as if nothing had happened.

"It's the hospital for her, and a long siege," Dr. Doolin admitted after they had got her to bed. He spoke gruffly as he always did when he was moved.

"And is there . . . is there any

BOSTON, TUESDAY, AUGUST 26, 1930

SCORE IN CLOSE CALL IN EXPLOSION

Tip on Boat Crash Wins $25

Weds Tonight

MISS FRANCES KAPLAN of Dorchester, department store buyer, who will become the bride this evening of Dr. David Stearns of Brookline of the staff of the Massachusetts Memorial Hospital. They will honeymoon in Porto Rico.

DOCTOR WEDS STORE BUYER

A wedding of local interest in medical, military and social circles is that of Miss Frances E. Kaplan of Dorchester and Dr. Fred L. Stearns of Brookline, a member of the staff of the Massachusetts Memorial Hospital, which takes place tonight at the Beacon House.

The romance which had its inception when the bride to be was a student at the Boston University College of Liberal Arts and the groom to be an undergraduate at Harvard results in the marriage of one of the best known of the younger surgeons in the city and a department store buyer.

Miss Martha Shapiro of Brookline, Miss Kaplan's niece, will be her only attendant, while Dr. Stearns will have as his best man, Leo Caroline of Boston and New York.

The couple plan a honeymoon trip to Porto Rico after which they will make their home in Brookline.

An instructor in anatomy at the Boston University School of Medicine and one of the visiting physicians of the university health service Dr. Stearns is also a captain in the medical detachment of the 110th Cavalry. He graduated from Harvard and then won his degree at Boston University School of Medicine in 1926.

Miss Kaplan received a Bachelor of Arts degree in 1924, entering department store work the same year.

Plan Welcome for Labor Delegates

Tentative dates for various affairs planned for the entertainment of the delegates and guests to the annual convention of the American Federation of Labor which convenes in Boston early in October, were announced by the convention committee of the Boston Central Labor Union at a meeting last night at Wells Memorial Building. Thursday, Oct. 9 has been assigned for a theater party, Saturday, Oct. 11, is being considered for a harbor trip, and the convention banquet date will probably be Tuesday, Oct. 11.

SPEED AGAIN BRINGS IN MONEY

Second Prize in Weekly Contest Awarded for News of Slayer's Suicide

Once again a quick sense of news values, coupled with quick action, has won real cash for the astute and speedy ones in the Boston Evening American News Tip Contest.

In the week just closed, the first award went to W. L. Simpson of [illegible] Fremont st., Somerville, who flashed to this newspaper first word that the Plymouth boat "Plymouth" had in a gale been blown away from her Plymouth dock to crush a 30-foot launch against another pier. This story involved the safety of many passengers then on board and was featured. For his tip Simpson gets the capital award of $25 for the week.

BODY OF MURDERER

In second place, and winner of $15, came Alfred Colson of 23 Wiley rd., Belmont. He gave this newspaper the first tip that a body answering the description of Jerome Zwicker, police-hunted wife murderer, had been found floating in the harbor near where his abandoned automobile had been picked up in a Charlestown street by police.

The third award of $10 went to W. N. Parker of 37 Belmont st., Rockland, whose tip was that Horace T. Fogg, Boston banker, had dropped dead at Marshfield Fair while introducing Lieut.-Gov. William S. Youngman as a speaker.

TRIGGER SPEED

All three of these tipsters evinced trigger speed in getting their news information to the city desk of the Boston Evening American.

Each week, tips in abundance are being sent in to this newspaper and for them prize awards of $100 are paid weekly.

It should be remembered that time is an important element and that "first come first served" must be the rule on any one tip. The time element must be considered further when it is realized that many tips require investigation.

CALL TIP EDITOR

If you see anything happen, hear of anything that has happened or know that something is going to happen, give your information to the Boston Evening American and give it immediately. It may mean real cash to you.

Use the telephone and the number is Liberty 4000. Ask for the News Tip Editor.

25 PRIZE WINNERS

The winners of 25 prizes of $2 each in last week's contest were:

Mrs. Anna Gallagher, 278 Broadway, Cambridge. Collision of fire engine, truck and taxicab in Cambridge, injuring five.

H. F. Land, 487 Barclay st., Winchester. Medford auto crash near Lawrence estate; seven hurt.

Reuben Malina, 232 Main st., Cambridge. Man killed by tunnel train, Kendall sq., Cambridge.

W. C. Jackson, 12 Oakland st., Everett. Body found by coastguards in harbor near Commercial Wharf.

Arthur S. Langley, 12 Orient ave., East Boston. Cars crash in Boylston st.

B. Jolles, 28 Vine st., Lynn. Auto crashes through fence in Salem and goes into water with three girls.

Mildred McArthur, 48 Garden st.,

Terror Spread in Explosion

MARGARET CSICSICK

MARY JORDANO

JULIA SPADO

A terrific explosion that hurled moulten slag into the Mystic river at the Mystic Iron Works in South Everett today, there was a roar that rocked a huge area and caused consternation among hundreds of persons. Top photo shows the pile of slag in the background. Dampness from a high tide is supposed to have caused the condition that resulted in the explosion. Miss Csicsick of 39 Robin st., Miss Jordano of 52 Lynde st., and Miss Spado of 51 Lynde st., all in proximity of the scene, were badly frightened. (Staff photos.)

SLAG BLASTS IN EVERETT ROCK BIG DISTRICT

Thousands Terrified by Terrific Roar That Rips a Huge Ladle Open

With a roar that was heard for miles a blast that rocked the city nearly spelled disaster for a score of workmen at the Mystic Iron Works, South Everett, today.

Three terrific reports brought residents out of bed, alarmed patients at Chelsea Memorial Hospital and caused a near-panic among 100 passengers on an Elevated train.

According to officials of the company the explosions were caused by dumping molten iron into the water which had covered the dumping ground due to an unusually high tide.

The molten iron, they said, had become mixed with hot cinders and waste unknown to the workmen. Clouds of steam shot into the air when the load touched the water and exploded.

Scores of persons ran into the streets believing a repetition of the disastrous oil blast and fire which took ten lives a few years ago was taking place.

Families of workmen at the iron works hurried to the plant but were assured no one had been injured.

Miss Julia Spado, 18, of 51 Lynde st., was thrown nearly out of bed as the explosions rocked her house.

Miss Margaret Csicsick of 39 Robin st., said her home was shaken. Her father works at the plant and she feared for his safety until he returned home.

The home of the Jordano family at 52 Lynde st., was also shaken and Miss Mary Jordano was unable to calm her younger brothers and sisters.

John Dawson, a watchman at the plant, was stunned when the impact sent his shanty tumbling around him.

At Chelsea Memorial Hospital doctors reported that the building shook perceptibly.

Forty Examined for Federal Court Post

Nearly 40 applicants for the newly created position of assistant federal prohibition officer in the Massachusetts district were examined today by Judge James A. Lowell and Probation Officer Richard C. McSweeney. One woman, Mrs. Catherine Murphy of [illegible] st., Springfield had applied but she failed to appear for examination. Four deputy U. S. marshals were among those taking the test.

Pulls Gun on Man Trying to Collect Hotel Bill

While being questioned today by house detectives about an overdue bill in a downtown hotel, Brondy W. Ver[illegible]sky, 27, of Gates rd., Saugus, flashed a gun on his interrogators and ordered them to put up their hands.

Instead they leaped on Ver[illegible] [illegible] and he was placed under arrest by police inspectors summoned by telephone. He will be held until his record, if any, is checked.

His roommate, W[illegible], 22, of Plymouth, N. H., had previously been taken to headquarters for questioning.

Verisl[illegible] [illegible] automatic pistol, had 10 b[illegible] in his pocket.

The domestic help problem is solved by taking a kitchenette apartment and the best are advertised daily in the For Rent columns.

$100 Weekly for News Tips

Do you want to get money for being alert? If so, the Boston American offers the opportunity. Every week $100 in prizes will be given for news tips telephoned in to the News-Tip Editor, at Liberty 4000.

And what is a news tip? It's the information that something of interest to Greater Bostonians has taken place or will take place. Do you know, for instance, that an interesting picture is to be obtained, that an accident has happened, that there is going to be a business merger? That's a news tip.

There will be $25 given weekly for the best, first exclusive news tip received, $15 for the next best, $10 for the next best and $2 prizes for each of the 25 next most valuable tips. Anyone who is alive and alert can win.

TO ACT ON PLAN FOR CANDY FIRM

A general meeting of the stockholders of Page & Shaw, Inc., is to be called soon to take action on the plan recommended by counsel of various groups interested in reorganization of the candy concern, it was learned today.

Atty. Bartholomew A. Brickley, Federal receiver, said today that he may have something important to announce toward the end of the week as group meetings of stockholders are being held in various places.

Will Pick New Man For County's Money

The Plymouth County Republican ward and town committees will meet in Whitman Town Hall next Saturday at 2 p. m. to fill the vacancy on the ballot for the office of county treasurer caused by the death of Horace T. Fogg of Norwell.

From Brockton and the 27 towns in the county 298 delegates are eligible to attend the convention.

News in Want Ads

If you are beginning to grow weary of the decorating scheme of your home an Alston decorator can solve your troubles. He specializes in refinishing floors, walls, and ceilings.

—Hundred of used fur coats will be disposed of during a Boston dealer's sale. His stock includes all sizes and latest models. Prices are from $5 up.

A home suitable for a large family, in West Newton, is for rent. It has nine rooms, three baths, and garage, and is near schools and transportation line.

—Pianos can be bought for as little as $25. A Summer st. dealer has 100 in his stock. They may be rented for $5 per month.

10,000 GREEKS IN PARADE TRIBUTE

Mayor Murphy Reviews the Marchers, Lauds Memory of Congressional Medal Winner

A [illegible] bust of George Dilboy, Somerville war hero, the gift of the National Greek society Alpha, to the city of Somerville was today unveiled in front of the City Hall with appropriate and impressive ceremonies.

The [illegible] exercises followed a huge parade of military and [illegible] organizations and 10,000 members of the Order of Ahepa through the principal streets of Somerville.

As the parade reached the City hall, the [illegible] Ahepa [illegible] formed [illegible] around the statue. [illegible] was [illegible] by a [illegible] and [illegible] played the Star Spangled Banner. This was followed by the invocation by the Rt. Rev. Bishop Alexopolo of the Boston Diocese of the Greek Orthodox Church.

STATUE IS UNVEILED

The band then played "Lead Kindly Light." Following this Supreme President George E. Phillies presented the statue to the city of Somerville in the name of the Order of Ahepa. Mayor John J. Murphy accepted on behalf of the city.

After two musical selections by the band, [illegible] Washington Post and [illegible], the statue was unveiled and the dedicatory address was given.

The band then played America, the Greek national anthem, and this was followed by [illegible] by Bishop Alexopolo. After two more band selections, Response and Hail Columbia, taps were sounded by four buglers and the ceremonies came to an end.

BURIED IN ARLINGTON

Dilboy was [illegible] awarded the Congressional Medal of Honor [illegible] United States. Boston's [illegible] body which had been taken to his native [illegible]. As a Minor [illegible] was desecrated by the Turks. The United States government rescued the remains and buried them in Arlington National Cemetery.

This evening the Ahepa delegates and their families will attend a convention ball at the Bradford Hotel. [illegible] thousands of delegates and families poured into Boston.

Boy, 3, Near Death in 20-Foot Fall

[illegible] over the railing of the [illegible] 17 [illegible] today [illegible] him [illegible] is on the danger list.

30 From Y.M.C.A. on 700-Mile Bus Trip

More than 30 members of the Huntington ave. branch Boston Y. M. C. A. will leave on a 700-mile [illegible] Lake Champlain to Montreal, returning Monday evening.

SENATOR DAVID I. WALSH was the orator at the dedication of a memorial to George Dilboy, World War hero, at Somerville this afternoon. Mayor Murphy of Somerville reviewed parade. Charles R. Robinson of Dilboy Post was chief marshal.

Mrs. Benois Miss Spilios Mrs. Savvides

WOMEN VISITORS attending the convention of the Order of Ahepa will attend "Dilboy Day" exercises at Somerville. Mrs. Stella Benois, New London, Ct., Miss Edith A. Spilios, Boston, and Mrs. Sophie Savvides, Pawtucket, R. I., are shown here.

PETER GRENIER

JOHN STRATIS.

PETER GRENIER of Boston is the sculptor of the bust of George Dilboy, which was unveiled today. John Stratis of Ahepa was honorary marshal of the Dilboy parade.

GUARD FACTORY FROM 'REDS'

[illegible] threats, it was revealed today.

Sergt. John Igo of the Watertown police stated the guard will be on duty until all danger has passed.

The trouble came when Communists in an attempt to organize the employes of the factory offered [illegible] sent to both officials and employes.

MIDNIGHT RACE WITH DEATH

A midnight race with death by auto [illegible] Coast Guard cutter to Nantucket was won by two young City Hospital physicians who today are credited with having saved the life of Prof. F. W. Jones of the Massachusetts Institute of Technology.

The physicians were Paul Briggs and George McKinnon, who answered a call for [illegible] for blood transfusion, speeding 60 miles to Woods Hole by auto and from there to Nantucket in a cutter.

A [illegible] after 3 o'clock this morning at the home of [illegible] Jones, where his brother Prof. Jones lay at death's door. Dr. Briggs gave a quart of his blood in a successful operation.

St. John's Club to Have Grid Meeting

St. John's Catholic Club of Cambridge will hold a special business meeting next Friday evening at 8:30 o'clock at the home of George F. Keough, 2[illegible]0 Mt. Auburn st., to [illegible] plans for the coming football season. Mr. Keough, who is [illegible] of the athletic teams, urges all candidates for the football team to be present.

Five Eligibles On Needham List

The civil service commission today established an eligible list of five names for promotion to sergeant in the Needham police department. In the order named the men designated are: John F. Gaughan, Frank O. Haddock, Howard Mills, Charles G. Robinson.

$200,000 LOAN FOR ELKS

Judge Lummus in equity motion session of Superior court today authorized receivers of the property of Boston Lodge of Elks to borrow not exceeding $200,000 and issue receivers certificates carrying interest at 5 per cent.

The receivers are authorized to apply the money to payment of about $100,000 in taxes due the city of Boston and for payment of expenses in equipping the hotel, also incidental expenses.

William Flaherty, one of the receivers, said $5,000 to $10,000 would be needed to change the name of the hotel to Bradford, and between $5,000 and $10,000 for new linen and other equipment. There was no objection by creditors.

Mayflower to Take Big K. of C. Party

More than 500 members and friends of [illegible] Council, K. of C., are expected to attend the moonlight sail aboard the Steamer Mayflower on Wednesday night.

The Mayflower will leave its Atlantic ave. pier at 8 o'clock and make a triangle trip to the North and South Shores.

Dies at Work Bench

Seized with a heart attack as she worked at her bench in the [illegible] Candy Co. factory, 510 Albany st., South End, yesterday, Mrs. Ella Se[illegible], 70, of 3[illegible]2 Tremont st., South End, dropped dead.

Judge Good Father of Another Son

Judge Francis J. Good was notified in Municipal Court yesterday of the birth of a son to Mrs. Good at Cambridge Hospital. There are now four children in the Good family, three boys and a girl.

Busy This Weekend at Gypsy Carnival

AT THE GYPSY CARNIVAL in North Scituate this weekend is the sale of autographed books and autographs of famous men. The signatures of authors, statesmen, aviators and explorers have been secured and will be offered for sale at the junior table. The committee in charge of this section of the Carnival, under the chairmanship of Mrs. Frederick L. Good, includes Lillian Davidson, Colin McLeod, Jr., Linscott Tyler, John Good, Houghton Whitcomb, William Hall, Stuart Fay, Gardner Prouty, Jr., Ned Dupee, Evelyn Weatherby and Edith Whitcomb. A big attendance is expected.

SEEK 2 WOMEN AND MAN IN BOSTON IN VERMONT DEATH MYSTERY

PEN EXPERT TO AID HUNT FOR WRITER

Three Are Named as Possible Links in the Packard Case at Chester

A Boston handwriting expert was called upon by Vermont officials today to solve the Chester (Vt.) death mystery, in which Mrs. Catherine R. Packard returned to reveal that she was still alive after having been identified as the victim.

After placing handwriting specimens in the hands of William E. Hingston, who has figured in several important will cases in this state, Atty.-Gen. J. Ward Carver and State Detective Edward C. Brown began search for two women and a man.

LIKE WRITING OF 2

Hingston is asked to determine who wrote the suicide note found on the body which was originally buried in Chester as that of Mrs. Packard.

Samples of the writing of Mrs. Packard and of Miss Ruby C. Green, the latter a Lynn nurse who disappeared more than a year ago, were given to the expert, together with specimens of the penmanship of Romeo King, Harrison Smith and Gladys Walbridge, all of whom figured in the investigation.

Hingston said there were characteristics of Mrs. Packard's writing present in the death note, but the same, he added, was true in the case of Ruby Green.

SEEK MAN, TOO

Carver said one woman being sought in this vicinity is Ruby Green and the other is Matilda Anderson of Boston. The man is H. Carlson.

A letter signed by Carlson, but giving no address, was received by the Vermont investigators several days ago informing them that the unidentified victim might be Miss Anderson.

Inquiry has revealed that Matilda Anderson came to this country from Sweden and early last year told friends she was going to marry a man named Gilbert. She eloped with him and when last heard of was living in Bethel, Vt.

BENEFIT TO AID O'BRIEN FUND

A benefit for the widow and children of Patrolman Joseph O'Brien, Brookline policeman murdered several weeks ago, will be held the night of Sept. 17 in the Brookline High School auditorium.

Thomas Brady will be master of ceremonies and through him and the committee, some excellent talent has been secured. The entertainers will include Earl Nelson, Mickie Alpert, Carl Moore and Billy Payne, Nuss' Concert Band, Billy Dooley's Westminster Orchestra, Jerry Meaney, Tom Quinn, Johnnie Riley, Homer Duo, Ray Stewartson and his band, Frank Lane and acts from the Keith and Orpheum theaters.

The committee consists of Thomas E. Killion, Albert J. Meserve, Martin Carney, Maurice Rotherberg and Joe Kelley.

At the Age Women Dread

"Three years ago I was in bed three months with a nervous breakdown. After that I had to lie down often. I have four children, the youngest 21, and I board two little schoolgirls. I try to keep my home as a mother should but I am at the age so many women dread. Since taking six bottles of Lydia E. Pinkham's Vegetable Compound, I feel 100% stronger. I am not so nervous and my appetite is better."—*Mrs. Della Hutsell, 623 East 1st Street, Casper, Wyoming.*

Lydia E. Pinkham's Vegetable Compound

Lydia E. Pinkham Med. Co., Lynn, Mass.

She Takes Her Dolly on Air Flight

SCARY-ANN wasn't a bit scared when she accompanied her little playmate, Beverly Bailey, 21 months old, on a round trip aerial flight from Boston to Springfield. Mrs. Thomas Bailey, Beverly's mother, is shown holding the airminded baby and her rag doll which she carried with her on the flight. (Staff photo.)

Mayor Asks $10,000 for Waltham Bridge

A recommendation that $10,000 be appropriated for repairs to the Moody street bridge was presented to the Waltham City Council last night by Mayor Patrick J. Duane.

The bridge was constructed about ten years ago and was planned only as a temporary structure to be replaced with a permanent bridge when the state of municipal finances warranted the expenditure. It was guaranteed for only ten years.

Baby Plays With Rag Doll During Flight

While 21-month-old Beverly Bailey was 1000 feet from the earth on a 190-mile round trip to Springfield, she played contentedly with her rag doll, Scary Ann, and amused herself imitating the purr of the motor.

Mr. and Mrs. Thomas Bailey of Longwood Towers were not at all reluctant to take Beverly with them on the trip and thought it no more of an experience for the child than a train ride.

"Why she loved it," said Mrs. Bailey in her apartment today, "and we want her to travel with us all the time by air. Some day we hope she will be an aviatrix."

Little Beverly, sitting on the floor of the Longwood Towers apartment, is very much concerned with the passing planes, and calls attention to everyone heard overhead. She entertained her interviewer on the harmonica and just had to introduce "her Scary-Ann," her partner in an adventure. [illegible]

Still Safe at Her Dock

TIED UP TIGHTER THAN EVER at her berth in Little Mystic river is the three-masted schooner Frank Brainerd, following what her skipper claims was an attempt by Leroy Pendleton, a sailor, to steal the vessel. Capt. William P. Tyler, owner of the schooner, boarded the craft yesterday to find a crew shipped and plans under way for starting the ship to sea. He notified police of attempt to steal the schooner. (Staff photo.)

CHARGE PLOT TO STEAL BOAT

When Capt. William P. Tyler, skipper and principal owner of the Frank Brainerd, a three-masted schooner, lodged a complaint at City Sq. station, Charlestown, against a man who said he was Leroy Pendleton of Isesboro, Me., he revealed an alleged attempt to steal his vessel.

His timely appearance prevented the successful carrying out of the plot, Tyler says.

Pendleton, who had been engaged by Capt. Tyler to look after the vessel while she was laid up in Little Mystic river, Charlestown, conceived the idea of taking the craft bodily, police were told.

A shipchandlery firm had shipped on Pendleton's order groceries and provisions valued at $200, which were charged to the ship and a mate, cook and two seamen had been engaged.

Tyler decided to visit the schooner and make sure everything was well. Entering the forecastle, he found four men, strangers to him, sitting down to a hearty repast, and in answer to his questions as to what they were doing, they informed him that they were the new crew, and had been engaged by Capt. Pendleton.

It was their turn to be surprised when the real master told them that Pendleton had acted without authorization and followed this up by discharging them on the spot.

'ANTI' AND 'DRY' LABELLED BY CIVIC LEAGUE

Records Kept of Every Man; to Be Opposed Irrespective of Party

Of the 15 congressmen seeking renomination in the Democratic and Republican primaries on September 16, nine are classified as "bone dry" and the remaining six as of varying degrees of wetness by the Liberal Civic League.

The league bases its findings on a non-partisan inquiry which it has just completed. Where the sitting members have hitherto voted dry and this year have refused to definitely state their attitude, the executive committee of the league listed them as dry.

In addition to the congressional field, the league also tagged the candidates for nominations for the United States senatorship.

TO FIGHT DRYS

The league states that it is organizing administrative divisions of its membership in each congressional district for the purpose of fighting all dry candidates irrespective of party.

Its summary of the prohibition stand of the candidates for United States senator reads:

REPUBLICAN

William M. Butler—"politically bone dry."

Eben S. Draper—"temperance through repeal."

Andrew J. (Bossy) Gillis—"Not as dry as Butler, not as wet as Draper."

DEMOCRAT

Marcus A. Coolidge—"I am not and never was 'wringing wet.' I find my platform (for modification) is generally satisfactory."

Eugene N. Foss—"Prohibition is the greatest moral accomplishment since the abolition of slavery."

Peter J. Joyce—"Bone dry."

Thomas C. O'Brien—"For repeal."

Joseph F. O'Connell—"For repeal."

INDEPENDENT

Daniel H. Coakley—"For repeal."

DRY CONGRESSMEN

The sitting Congressmen seeking renomination who are classified as "bone dry" by the league are: Allen T. Treadway, 1st district; Frank H. Foss, 3d district; Edith N. Rogers, 5th district; Frederick W. Dallinger, 8th district; Charles L. Underhill, 9th district; Robert Luce, 13th district; Richard B. Wigglesworth, 14th district; Joseph W. Martin, 15th district, and Charles L. Gifford, 16th district. All are Republicans.

WET CONGRESSMEN

The wet Congressmen listed are: William J. Granfield (D), 2d district; A. Piatt Andrew (R), 6th district; William P. Connery (D), 7th district; John J. Douglass (D), 10th district; George Holden Tinkham (R), 11th district.

In the 4th district, where Congressman George Stobbs of Worcester is retiring, former Mayor Pehr G. Holmes is listed as bone dry and Rep. Slater Washburn as a wet. Both Holmes and Washburn are seeking the G. O. P. nomination. David Goldstein, unopposed for the Democratic nomination for the seat, is also a wet.

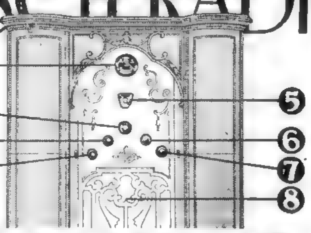
BOSCH RADIO



BOSCH PRESENTS A NEW CONCEPTION OF QUALITY RADIO

FOR those who want the best—Bosch presents a new radio receiver which embodies a combination of eight refinements not available previously in any one radio.

1 TUNING METER, which electrically insures accuracy impossible of accomplishment by ear. Exact point of best reception always obtainable.

2 STATION SELECTOR, single control, tunes-in all programs smoothly, easily. Station selector moves dial to position for phonograph through radio speaker.

3 OFF AND ON, local—distance switch, turns on power and adjusts the sensitivity at one operation for local stations, another turn and sensitivity is increased for distant stations and weak signals.

4 TONE-SELECTOR, whether your preference is emphasis on bass or emphasis on treble, a slight touch of the Bosch Tone Control gives you what you like best.

5 BOSCH LINE-O-LITE, electrically lighted tuning dial. The Bosch dial is graduated into kilocycles just as programs are published in newspapers.

6 FULL AUTOMATIC VOLUME CONTROL, never varying volume if you desire it regardless of distance or station strength—no fading—every program clear, and at just the volume you desire.

7 SPEAKER MUTE, quiet tuning, exact tuning, simplified, and without the noises of passing through stations across the dial.

8 DE LUXE SPEAKER. Bosch Radio has always been outstanding in tonal quality—the new speaker gives it even finer quality—greater volume, deeper tones, finer shading.

This combination of outstanding values available in Bosch Radio models D and E, nine-tube receiver, 5 screen-grid type. Price for model D, less tubes, $195; model E, less tubes, $250; other models from $144.50 up, less tubes. Your dealer has the complete Bosch Radio line.

COOK-COOS

by Ted Cook

Copyright 1930 King [illegible]

According to Sir Oliver Lodge, the police force of the world will ultimately be in the hands of America.

Considering the pacifistic inclinations of American police forces, world peace will thus be virtually assured

* * *

And there's just a chance that all we natives will be able to join up, making national prosperity a cinch for all time.

* * *

Milestones on the path to civilization

WINONA, [illegible] Mrs. [illegible] Schell [illegible] poison ivy around the base of a statue of the Venus De Milo so that it might grow [illegible] the "indecent figure was covered up," the fire department [illegible]

* * *

At that, Mrs. Schell may have unwittingly given the world a great idea.

There are certainly plenty of statues that could be improved by a complete covering of ivy

* * *

Speaking of statues, did you ever watch a plumber in the process of repairing a sink?

* * *

"Farming," says the Rt Rev. Wiley, "is rapidly becoming a state of mind."

* * *

Thought Department

"It is my opinion that unemployment is due to the unconverted condition of 90 per cent of the population of the land." —Rt. Rev. Dr. John Poyntz Tyler, Missionary Bishop of North Dakota.

* * *

Hap O'Connor says that girls who are sweet enough to eat usually do.

* * *

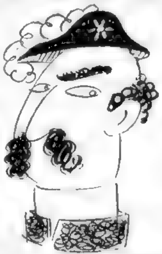
Three thirsty scofflaws
Behind a bolted door,
Enter a policeman
Then there were four

* * *

Moronia was nibbling a moth ball.

"Somebody told me," she explained, "that if I ate a moth ball I'd feel like a different woman."

MEN OF THE HOUR



This is Vespucio Trafalgar Doakes, who suggests that the police, after every particularly exciting murder, merely send out a call for all gangsters who have had nothing to do with the case to come in and report, and thus save the authorities the bother of rounding them up and running the risk of actually getting the right man by mistake. This will save valuable time that may just as well be spent watching boulevard stops.

* * *

And the man about town is usually about broke.

* * *

Q and A Department.

Q. I have a friend who is an [illegible] and he is always asking me to go out with him. He says his motor makes 190 R. P. M. What does that mean?

Anxious.

DOUBLING for LOVE by WINIFRED VAN DUZER

Magazine and Fiction Page

This Day in Our History

This is the anniversary of the discovery of petroleum at Watson's Flats, Pa., by Edwin Drake, August 26, 1859. He found the first oil well. The vast results of this were little realized then. It is now a great industry.

Scar-Faced Man Watches Tris Give Judy String of Moonstones

CHAPTER 30

TRIS LOUNGED in a corner of the deserted room. He was sunk deeply into the cushions of a divan, head back. He looked very weary, young and afraid somehow.

Judy came silently to the door, stood watching him a moment, thinking of him as he had looked yesterday in Notre Dame. Gay, laughing thing. Only a boy after all who had broken all restraints, gone faring on his own audacious way. Did he find that way haunted by the long shadow of regret?

She crossed to him swiftly and he sprang up all a-sparkle again, seized her hands, drew her to him very gently. "See how much I love you, my sweet. Second time I've turned out in the gray dawn for you."

Never Loved
Tris Falls at Last

"But it's long past dawn, Tris." She laughed against his lips, reached up and ran her fingers through his hair. She felt suddenly jubilant, the doubts that had been worrying at her spirit all morning stilled and forgotten. "The flowers were lovely . . . Tris, it's the first time I've ever had flowers—or a love letter——"

He gave a quick look, folded her hands in the way he had and pressed them against his heart. "Never in love, then? Never kissed?"

She asked, with a strange, disturbing pang. "Oh, you've been in love? Many times? Oh, of course——"

"No." His face hardened, grew sombre. "Not love. Not like this. Love comes only once. I didn't want it, told you this last night.

"Said I'd never let it happen to me. Upsets a man's life. Steals his freedom. Interferes—"

"You think it wouldn't do that to a girl? Women want freedom too. Women want to do stalwart things — plan high destinies—"

"Of course, Judy. Think I haven't considered this? All last night."

Her tension relaxed. Different from anyone else he was; different from any man she ever had known. She admitted women had nights of their own. He believed this.

"You're wonderful, Tris."

He caught her fast, answered in a teasing way. "You know it now? Little child—little Puritan—kiss me—"

He pressed her lips, said with his voice a-throb, "Puritan's kiss. . ."

They sat close together on the divan and he talked of the future. "Could you marry a hobo, Judy? Here today, gone tomorrow. Nagasaki in Spring time—you'd love the cherry blossoms. Easter time in Rome. New Year in Vienna. Saunter the Winter away on the Riviera."

Her dreams soared. This was what she longed for always. Only it semed unreal, vanishing in thin air.

"This is what you will do. This? Bird on the wing. It sounds entrancing."

"I couldn't be still. Why should one settle in a groove? There's a whole world waiting if you have the courage to reach for it. Beat fate at her own game. Snatch gold from life."

"And does life never strike back? Blows that knock you down?"

"You don't stay down, my sweet. Get up and hit hard—learn to parry the blows. Secret of adventure. Does the thought of conflict frighten you?"

She breathed out of a rapt joy, "No—oh, no."

He kept pressing her hands. His dark face was livid, bending down to hers, his eyes possessing hers. "Judy—will you marry me? I love you so! Some day—very soon"—

After a great time Judy heard her own voice as a sound vague and far away speaking out of the silence that seemed to have wrapped her in its deep, mysterious depth. "I—Tris—I don't know. Oh, I don't know."

He was very gentle, running his hand over her hair, drawing her head against his shoulder. "You love me, sweet?"

"I don't know." Tears filled her eyes, went splashing down. "I think so. How can I be sure? You have to know. Certainly you have to know about a thing like this."

Liked to Kiss
She Gave Misty Smile

"You like me to kiss you? Like my arms around you?"

"Yes"——

He chuckled, dropped a string of very little kisses about her throat. "I'll wait. When we're back in New York you'll be sure. Some day when the sun shines and the sky is blue. There'll be a few words—weddings should be like that, Judy, just a few words—and then we'll go away. And I'll love you forever and ever."

She gave him a misty smile. Sometimes she had imagined such a thing as this happening to her—to the other Judy. But it had been more real in her fancies than this. This didn't seem real—she couldn't make it seem real.

He took a soft leather case from his pocket, lifted a necklace from tissue wrappings. "Minute we touch New York I shall give you the beautifulest ring in the world. Diamond and sapphires, Judy. Diamond bright as love and sapphires lovely as truth. Love and truth, Judy. Please wear this till then? Ugly silver thing. Saw it in an antique shop. I'd like you to wear something I've given you."

She received the necklet almost reluctantly, ran it through her fingers. It was hammered silver, an odd design of four-leaved clovers wrought into a vine and caught with an old fashioned clasp. Three of the clovers had been trimmed away from the center and in their place rather large dull stones mounted. They were a grayish color and showed faintly green as Judy raised the necklet to the light.

"What are they, Tris? I've never seen anything like those."

"Oh, moonstones, perhaps. Or pebbles. Let me fasten it for you?"

He put it around her neck, dropped a kiss against the clasp.

"Means you're mine, now. You belong to me."

"I didn't promise that."

"Well—" He laughed, murmured against her ear. "Let it stand for a promise of a promise then. That okay?"

"I suppose so." The silver leaves were cool against her skin. She opened her handbag, held up the little vanity mirror, turning it to catch the reflection of her throat.

The mirror slipped upward as she was about to close the bag and suddenly gave back the window behind the divan.

A face was on the other side of the glass. A face thrust forward peering at Tris and herself. A face with a scar running from chin to temple.

To Be Continued Tomorrow

The Beauty Box
—By HELEN FOLLETT—

GREATER THAN the benefits of cosmetics is the constant effort to make oneself pleasing. The woman with a philosophy, she who lets her mental motor click, knows that physical perfections are as nothing without charm of manner, a nice consideration of one's fellow creatures, the soft word in place of the sharp one. An unpleasant nature stamps itself upon the countenance.

Discontent not only produces an unpleasant facial expression, but it causes tissues to lose tone. It has a bad affect upon the digestion, and the body does not make repairs properly. All cloudy emotions take elasticity from the skin, throw the physical machine out of kilter and wreck the house of beauty. Cheerfulness has much to do with health and good looks.

The Boss of the Commissary Department in the home must not belittle her job. It is important. To feed the family properly and to keep the members happy and looking well, she must learn about food values and balanced diets. The more fruit and vegetables she places on the table, the less often will she have to ring up old Mister Doc and add the duty of nurse to her daily chores.

Rhyming Optimist
—By ALINE MICHAELIS—

Music

Always there was music
  On this joyous sphere,
Long before man's lyrics
  Sounded sweet and clear.

Always there was singing
  Surf upon the shore,
Harpist winds through pine trees
  Let their brave notes soar.

Earth was never quiet;
  From primeval dawn
Lilting liquid measures
  Have gone singing on.

—Song was here to welcome
  Man when first he stood
By the calling water,
  In the whispering wood.

Always there was music
  Since the world began,
And its echoes linger
  In the heart of man.

SMART SAYINGS OF CLEVER CHILDREN

The Boston Evening American will pay $1 for the best one of the published smart sayings each day. Address "Smart Sayings," Boston Evening American.

TODAY'S WINNER

Teacher—What is water?

Willie—A colorless fluid that turns black when you wash your hands.

ELLEN SMITH,
264 Willow ave., W. Somerville.

HONORABLE MENTION

I called to my little nephew, aged 3, to come and see the naval dirigible Los Angeles that flew over his house this morning and he looked up and said

"Oh, Auntie, see the big fish."

MISS GERTRUDE SPECK,
9 Warren st., Roxbury.

Jackie: "Dad, you can quit holding on to that leak now."

Impatient Father: "Oh, has that plumber come at last?"

Jackie: "No, but the house is on fire."

MARY TOOLAN
33 Union st., Everett.

What's in Fashion?
Handbags in Harmony with Fall Costumes
—Directed by AMOS PARRISH—

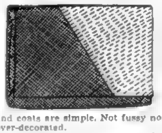
NEW YORK, Aug. 26—When you shop for daytime handbags this fall, we suggest you look for these things: (1) Flatness, (2) Softness, (3) Simplicity, (4) Medium size.

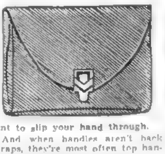
If a handbag has all these points—and tones in with the color of your costume—it's the most-in-fashion handbag you can choose.

Fall handbags are flat looking—even when they're pouches—because fall costumes have smooth, bulkless lines. And a bulky handbag doesn't harmonize.

They're soft—to harmonize with the soft wools of coats and the soft silks of dresses.

They're simple—because dresses and coats are simple. Not fussy nor over-decorated.





And they're medium size—because most women are medium size. And a tiny handbag looks too small in their ensemble. While a very large bag looks overwhelming. So you see there's logic to fashion's decrees.

Flat Envelope

There are two types of daytime handbags you'll see more frequently than others this fall. And that puts them topmost in fashion.

First, the flat, medium size envelope. And second, the flat medium-size pouch—with a tendency to look like an envelope, too.

Their variations are almost countless. But most often they have back straps—that flat strap on the back of the bag that's so convenient to slip your hand through.

And when handles aren't back straps, they're most often top handles either overarm or grip.

The four sketches illustrate these important fashion points.

Two Main Types

At the left is a regulation medium size flat envelope bag. This particular one is simply trimmed with lines of self color stitching.

Next, above, is an envelope with deep, oval-shaped flap. Its only trimming is the simple ornament that fastens it.

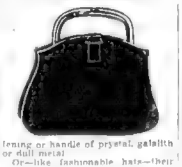
Third, at the top right, is the regulation pouch shape—this one with top handle which might be of leather or the fashionable prystal.

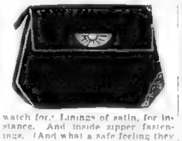
And fourth the pouch with ornamented flap and zipper fastening.

Calf and Suede

Most of these fashionable general daytime bags are going to be of calf. And there's a new dull finish to some of this calf that complements the dull finish of fashionable shoes and coats.

And for slightly dressier general wear, suede is a favorite.





Trimmings are simple, as we have said, and most apt to be a part of the bag itself. An ornamental fastening or handle of prystal, galalith or dull metal.

Or—like fashionable hats—their trimming may be obtained from the interesting use of material . . . stitching, tucking, piping, or the cutting of a flap. Combinations of two leathers of the same color is another popular trim—like calf combined with lizard, suede or baby shark.

There are interesting details to watch for: Linings of satin, for instance. And inside zipper fastenings. (And what a safe feeling they give you!) And despite the fact that most bags will be medium size, there's a new large size making its appearance that the business woman is going to love . . . But not if she's little. A person's size determines the size of her purse.

Tomorrow: Fashions in non-period furniture.

Listen, World!
—By ELSIE ROBINSON—

The Secret of Success

SUCCESS IS a mysterious thing. All of us try for it. Most of us fail. Why? Look into the lives of successful men for the answer. How did they get that way?

Elsie Robinson

Was it because they were particularly clever in picking their careers? Did they always know what they wanted and go right after it? Not necessarily. Most of them muddled around for years, just as you are doing.

Was it because they were highly talented or intelligent? Hardly. Many "successful" men are prize boobs.

Was it because they worked hard? Millions of men have worked hard and got nothing in return but a lot of grief.

Was it because they were lucky? No—luck helps. But luck's little good to a man unless he has something to back it.

Was it because they were good? Behold the wicked flourish quite as much, if not more, than the righteous!

No, none of these things will in themselves make a man successful. He must have something more—something more potent than luck, more powerful than intelligence, more persuasive than hard labor. He must have something, both subtle and irresistible, which will surge within him, regardless of his condition or circumstance, WHICH WILL BREAK THROUGH HIS OWN RESISTANCE AND THE RESISTANCE OF OTHER MEN. And there is only one quality which will do that. No one knows its source or nature, but we call it FAITH.

Now Faith is a mysterious thing. It is not conceit. It is not confidence. It is more than these. "Faith," said St. Paul, "is the substance of things hoped for, the evidence of things not seen.' So the man who has faith banks on the things he hopes for, bets on the things not seen and believes that the mysterious force within himself can accomplish all those things for him.

In short, he bets and banks on and believes in life . . . Life, the invincible! And the man who makes a teammate of life wins.

Look again at the "successful" men. Some of their success seems very noble—some actually vicious—but the thing that lay behind it was always the same. And that thing was Faith. Take Al Capone and Cal Coolidge. No two men could have been further apart in nature or ambition. Yet each in his line succeeded. And the methods by which they attained success were identical. They succeeded because they believed in themselves and in the life within themselves and in the power of that life to take them where they wanted to go. Calvin Coolidge's tight mouth and Al Capone's hard eyes tell exactly the same tale. They are the mouth and the eyes of men who believe they hold a royal flush and are betting all they have on it. Hell 'n' high water can't stop the man who plays the game like that.

Why do the wicked flourish and the righteous so often flop? That's why. The wicked have Faith. They bet on their stuff—and on the force within them which makes their stuff. But the righteous, too frequently, only pretend. They're not betting. They're just passing. And life passes them in return.

"But I have faith," you sigh. "And I'm sure I could make good if I could get a chance."

There's the catch. You're waiting for a chance. But those who succeed feel that being born is the only chance a smart guy needs. You're holding back and haggling, waiting for life to make just the right proposition to you. But they bet on themselves and went ahead and made their own propositions. Never a truer motto, partner, than "Life helps those who help themselves."

The Marry-Go-Round
By HELEN ROWLAND

The Silly Season

THE AVERAGE man's conscience is like a canvas shoe: he just spreads a little "whitening" over the spots—and, behold, it is clean, pure and all set for another day.

Probably, no two things in the world require a more highly specialized genius than authorship and marriage. Yet, there never lived a man who didn't feel secretly convinced that he could write a book or make a woman happy.

An eel will swim 3000 miles to find himself a mate according to the scientists. And then, no doubt, he'll think of himself as a "poor fish" and say that the lady-eel lured him into matrimony.

In novels and on the screen the hero is always "just in time", but in real life, any man who is less than 20 minutes late for ANYTHING from an appointment to his wedding, regards himself as a "hero."

"A motor-car," says the bachelor, "may be as capricious, as expensive and as hard to understand as a woman—but it never gets a martyr-complex."

When a woman finds herself heading for temptation she cries, "Get thee behind me, Satan!" A man, in the same predicament, cries, "Get thee behind me, Satan—and give me a shove!"

Nothing makes a man more uncomfortable than to be idealized and adored by a woman, when he only wanted to be amused and petted a little.

Why do most women seem to imagine that the ultimate proof of a man's love is not his willingness to do something altruistic and noble, but his readiness to do something weak and foolish for a woman's sake?

This is the "silly season" when a man and a girl stroll out to enjoy the beauty of the moon—and then forget to look for it.

Miss Fairfax On the Air

BEATRICE FAIRFAX will discuss a problem of heart and home every night, at 6:35 p. m., over station WLEX. Tonight's problem follows.

"Promiscuous Kissing"

DEAR MISS FAIRFAX:

We are two school girls, and close chums. Our ages are 17 and 18 respectively. We have come to the conclusion that we are not "fast" enough to attract the opposite sex because we do not like the fad in which a girl, to have boy friends, must smoke, drink and pet. Please do not misunderstand us and think we are prigs, because we are not. In fact, we are far from that. We like fun as much as any other girl, but we do not see how a girl gets enjoyment when she makes herself actually sick through inhaling tobacco smoke and drinking poor liquor. How can she enjoy herself worrying how far her boy friend will go in petting?

We think that if a man ever makes one of us love him, we want to be able to say that he is the first to have our kisses and that our caresses mean something. Is there such a man alive who would wish to become acquainted with such girls? Are we justified in our standpoint, that we should not be cheap enough to surrender our lips to any Tom, Dick and Harry simply because he asks for them, or because we will not be asked out again if we refuse.

We both like children and we would like to make an ideal home. It would not have to be expensive, just the right kind of a man to share it. Are there any such men? Are we doomed to be old maids?

PEG AND DOT.

Dear Peg and Dot: I will discuss your problem over station WLEX at 6:35 tonight.

Girl Should Have Friends

DEAR MISS FAIRFAX:

I am 19 years old and I went with A for a year and a half. I was working every other night, so he started going out with other girls. I got mad and kept company with B for almost a year, with A calling me up all the time.

A called me up the day before my birthday and asked if he could see me.

I told B and he didn't like it. I would like to please them both but B won't stand for me going with A. He says that no girl should have two fellows.

IN DOUBT.

Dear In Doubt: Your friend B is absolutely wrong. A girl should have all the friends she can possibly get until she decides to become engaged to marry.

Try and Forget Him

DEAR MISS FAIRFAX:

I am a girl of sixteen. I have been going with a boy for two years. We had a quarrel and parted. I care for him a great deal and would like to know how I could win him back. He told a girl friend that he did not care for me any more.

SISTER.

Dear Sister: Actions are really the only proof of affection, you know, and I don't think this young man has given you much to go on in the way of encouragement. Better try to forget him, and make other friends.

(Miss Fairfax will be pleased to answer readers' questions regarding love problems which may be troubling them. Write on one side of the paper only.)

POINTERS ON ETIQUETTE -:- By Mrs. Beeckman

Mourning

DEAR MRS. BEECKMAN:

I wonder if you could tell me how long one should stay in black for one's mother who has been gone a month? It is the first black I have ever worn and I dislike black very much. Would it be all right to gradually put white on?

T. D. J.

With the new point of view about mourning, you can wear it for as long or as short a time as you wish, have it as "heavy" or "light" as you wish, or not wear it at all, if you prefer. Since you dislike black, and since your mother would have known that, I am sure that she would have preferred to have you wear it as little as possible, and so I suggest that you gradually ease the black into other shades. You know that all white is as "heavy" mourning as is all-black, and so you could wear this for warm days, and in your own home. Don't be at all self-conscious about not wearing black, for this now is a purely personal wish and choice.

Informal Church Wedding

DEAR MRS. BEECKMAN:

I am planning to be married and would appreciate your help. I have been married before.

Is it proper to have a small church wedding with only 20 or 25 attending, or would it be better to be married at a friend's home? If we are married at the church, we plan to go to this friend's home for a reception and refreshments.

ANXIOUS.

Your plan to have a small church wedding informal is a perfect one. While it would be just as good taste and in just as good form to be married at the home of a friend, apparently you would like to have a church wedding and, if this is the case, I advise that you have one.

Dance Program

DEAR MRS. BEECKMAN:

1. Is it correct for a man to ask a married woman for a dance, if her husband has not danced with her and he can dance?

2. Is the woman free for dancing after the first has passed and her escort has not danced with her?

3. Can you tell me the correct way to eat chicken at a formal dinner?

4. Should a woman ever rise when introduced? If so, when?

R. O. J.

1. Yes.
2. Yes.
3. With the knife and fork.
4. When she is introduced to a woman appreciably older than herself, or when she is introduced to her hostess, if she has not already known her. And, if she is an especially polite person, when she is accepting introduction of an old and distinguished gentleman.

(Mrs. Beeckman will be glad to answer questions on etiquette by readers.)

How to Keep Well
—By DR. R. S. COPELAND—

Teeth Suffer From Soft Foods

CIVILIZED PEOPLES today sin against Nature by eliminating foods containing the precious vitamins, mineral substances and roughage. We damage our bodies seriously and permanently by using too many soft foods.

Dr. Copeland

There is danger of Americans, a few generations from now, having smaller jaws and quite a different physical appearance than they have today. Unless the present dietary faults are corrected we are to suffer, is the opinion of our leading dentists and scientists.

This subject was discussed recently at the annual meeting of the Dental Society of New York State. It was said that 80 per cent of the population today are suffering from faulty development of the teeth and jawbone.

Not only in America, but in England and many other countries, is this tendency noted. Faulty diet is the cause.

It is mighty important what you eat. There are two vital chemicals—lime and phosphorous. They are required in the proper development of the teeth and jawbones, as well as other bones of the body. The common tendency is to indulge in too much starchy food, leaving out the necessary vegetables and fresh fruits. The last are needed to give the body these two important chemical substances.

Give your jawbones and teeth something to do. Eat the coarser, harder foods and chew them well. Non-use of any structure or organ tends to weaken and degenerate it. Use strengthens it.

Lack of exercise of the jaws and teeth just as surely weaken them as the legs are weakened by disuse from illness or injury or laziness. A healthy man may take a rest cure and he will be astonished to find after several weeks that his legs will scarcely support him. On beginning to walk these muscles become stronger.

So, for the good of every growing child and every adult liberal supplies of fresh fruits and green vegetables, wholesome bread and cereals, milk (a pint for an adult and at least a quart for the child), orange juice and if necessary cod liver oil, should be taken. Eat, too, plenty of the coarser vegetables that give roughage to the digestion.

You will add years to your life and enjoy better health by carrying out this program. It is worth your attention.

Do You Know—

Entrances to the dining room of a new million dollar school at San Antonio, Tex., lead through washrooms.

Production of tobacco in Italy increased from 22,964,000 pounds before the world war to 97,032,000 pounds in 1929.

Sound films are progressing better in Japan than in many European countries.

Tasty and Timely Tomato Dishes for the Family

By MARTHA LEE

Organizer and Conductor of New England's Largest Homemakers Club of Over 37,000

ON THE lookout for something different? Something [illegible] appetites of the family [illegible] and grateful response?

It's hard to get away from the [illegible] with the main course of the meal [illegible] are willing to spend quite a bit for extras to give more time to [illegible] over elaborate dinners. But with fruit cocktail, salad and [illegible] have the opportunity to prepare [illegible] otherwise [illegible] meal.

Martha Lee

Tomatoes en Surprise are certainly not new as a salad or as the main course for a luncheon, but instead of the diced chicken and celery so usual for the filling try stuffing the chilled scooped out tomatoes with 1 c. of crushed pineapple to which has been added the pulp removed from the tomato, cut into tiny small bits. Add [illegible] chopped nuts—peanut [illegible] salt to taste, ½ tsp. of paprika, and ½ c. of thick mayonnaise. Fill the tomato cups generously and arrange on crisp lettuce. Served with French fried potatoes, this is really substantial enough for a main luncheon or supper dish. Lobster in mayonnaise, or crab flakes make another nice stuffing for tomatoes and a generous order of cole slaw with the French fried potatoes will make an attractive hot weather one-platter meal.

Cream cheese and pineapple is another combination that's not especially new yet can be made [illegible] attractive [illegible] Salad. Make a French [illegible] your favorite recipe adding 2 tablespoons of pineapple juice to ½ cup of the dressing. Shape cottage or cream cheese into small balls, allowing 3 or 4 for each serving. Cut inch-wide rings from a green pepper or pimiento and arrange on crisp lettuce. Place diced, crushed pineapple in pepper rings and arrange cheese balls on top. Sprinkle with paprika and just before serving pour the dressing over the salad. If you prefer, a thin-boiled dressing can be used in place of the French dressing.

A Jellied Tuna Fish Salad is not to be despised, even if you're one of those people who have an anti-tuna complex. I do hope you're not because if you'll buy the white or yellow tuna and use it in some of my pet tuna recipes—which I gladly send you if you haven't them already—I think you'll find it a pretty good chicken substitute.

For this Jellied Tuna Salad soak 1 tablespoon of gelatine in ¼ cup of cold water for 5 minutes and then set the cup into or over boiling water until the gelatine is dissolved. Stir this into one cup of cooked salad dressing, or mayonnaise as you prefer, and add to it 1 cup of flaked tuna, ½ cup of chopped celery, [illegible] chopped green pepper, cabbage or [illegible]. If [illegible] serve it [illegible] a tablespoon [illegible] [illegible] and [illegible] of lettuce and garnish with [illegible] mayonnaise.

More tomatoes [illegible]

Yours [illegible]

Martha Lee

Women's Exchange

From MRS. E. M. DRAKE, 433 [illegible] come these three delicious corn recipes.

CORN CUSTARD

To 2 cups of cooked corn add 2 [illegible] butter melted [illegible] pepper and a little celery salt.

Mix well and bake in a baking dish in a moderate oven until the custard is firm. When a clean knife inserted in the custard comes out clean the custard is done.

CORN WITH WHITE SAUCE

Allow ½ cup of white sauce and 1 [illegible] to each cup of cooked corn. Season with salt, pepper and sugar [illegible] of sugar to 1 cup of corn. Put in a baking dish and bake in a moderate oven until firm.

CORN A LA KING

1½ cups cooked corn cut from the cob
1 onion chopped
1 [illegible] green pepper
[illegible] tomatoes
[illegible] butter
Salt
Pepper

Chop the onion and pepper and fry in the butter until soft. Then add the tomatoes peeled and mashed, the corn and seasoning. Bring to a boil and simmer a few minutes before serving. Serve hot.

The Daily Dollar

WATERMELON CAKE

White part
1-3 cup butter
1-3 cup sugar
[illegible] cup milk
1[illegible] cup flour
1 [illegible] tsps. baking powder
Whites of 2 eggs
1 tsp. almond extract

Cream butter, add sugar gradually and cream well together. Mix and sift flour and baking powder and alternate with milk and add to first mixture. Add extract and beat whites of eggs until stiff and cut and fold into mixture.

Pink part
1-3 cup butter
2-3 cup sugar
[illegible] cup milk
Yolks of 2 eggs
1½ cup flour
1½ tsp. baking powder
1 tsp. vanilla
¼ cup raisins or currants
Red coloring

Cream butter, add sugar and yolks of eggs and beat into mixture, add flour which has been sifted with baking powder and add to first mixture and alternate with milk. Add extract. Line a cake tin with the white mixture, pushing gently to the sides of tin. Pour in the pink mixture having center hollow and sprinkle in the raisins, along the sides of the mixture. Bake in a medium oven 45 minutes. Cover with frosting, color with green.

MRS. HOWARD BAILEY,

512 Eighth st., South Boston.

BUSINESS BOSTON EVENING AMERICAN INDUSTRY

Pent-Up Auto Demand Seen by A. P. Sloan

Gen. Motors Head Cheerful on Long Term Outlook for Auto Trade

By M. S. Rukeyser

New York, Aug. 26.—[illegible] believes [illegible] up demand [illegible] during [illegible] end [illegible] on the industry for [illegible] long pull.

As for immediate prospects, he [illegible] of the [illegible] company [illegible] ing [illegible] fied [illegible] tomotive [illegible] related [illegible] he said.

M. S. Rukeyser

"It is against our policy to deal with forecasts, and a statement regarding sales or profits for General Motors or for any other company is in that category. So far as the general sales and profit situation is concerned, however, I think I should have to say that, while I am a 'bull' on the motor industry for a long pull, I feel that the second half of the year is more or less uncertain, not on account of anything within the industry itself but simply on account of the perfectly evident and fully recognized business recession through which we are passing. I do not think that there is yet any tangible evidence for an improvement in the near future. That, I see the picture, is generally conceded. We are getting well into the third quarter and, naturally, a business improvement takes time to get under way and develop momentum. Therefore, I hardly look for an improvement to be very helpful for the second half, especially dealing with the fourth quarter when the motor car industry, due to the seasonal trend, is at the lowest point for the year."

As to whether the increasing preference fo[illegible] on [illegible] temporary [illegible] the business recession Mr. Sloan said:

"I think that the increasing preference for the low price car is only, in a measure, a temporary effect of the present business recession. It is due, in addition to the latter, to the fact that values in the lower price cars are so extraordinarily great. Naturally, as we pass out of the present industrial reaction, the trend will adjust itself more in line with what it was a year or so ago. It will not necessarily—as a matter of fact, I do not think it will—entirely go back to the previous relationship."

And whether the decision of motorists to drive their old cars longer resulted in a pent up demand the head of the General Motors answered:

"I think there is likely to be a pent up demand in times like these on account of motorists driving their older cars longer from the standpoint of economy and with a readjustment of business conditions this is bound, at least in degree, to make itself felt. I might say further that over a term of years all these things naturally adjust themselves. If business is abnormally good some years, it is likely to be not so good in others. In other words, I believe that industry works along very definite trends, and in a country like ours naturally the trend over a long enough period must be distinctly upward."

As for the changes within the company Mr. Sloan said:

"Like all industrial organizations, we have had to adjust our operations in line with the reduced scale of business affected by the industrial recession through which we are passing. In addition to and entirely aside from this, I should say that technological efficiency was more or less increasing all the time creating a problem which we all recognize is now before us.

"We have not changed our hourly wage rates and have no desire to do so. Neither do we think from the standpoint of general prosperity, it is the right thing to do."

Queried about what can be done to stimulate exports, Mr. Sloan said:

"I feel that sooner or later there has got to be a more fundamental understanding of the relation between exports and imports, which brings on the question of the tariff which, as you appreciate, is a very involved question. Outside of this I can't suggest anything that will serve to increase export sales. As you, of course, know the purchasing power of practically all the important motor consuming markets in the world has been tremendously curtailed, and due to the low commodity prices, we cannot expect much of an improvement until an improvement takes place in that direction."

Earning Power of Rails Is Studied

The current edition, just issued, of the annual publication, "Mundy's Earning Power of Railroads," marks the completion of a quarter-century of endeavor through this medium to acquaint the public with the more essential data pertaining to American railroads and their securities. As a new feature, there are included 20 maps indicating the railroad consolidations as outlined by the Interstate Commerce Commission in December, 1929.

EXTRA HOLIDAY CUTS TRADING ON EXCHANGE

By FRANK H. MELOON

The extra holiday this week which will [illegible] the New York and Boston Stock Exchanges on Saturday in extension of the Labor Day holiday [illegible] trading [illegible] the market [illegible] either [illegible] holiday. The market [illegible] a position where [illegible] developments many of which cannot be foreseen. A three-day holding period is considerably too long therefore for many of the traders looking for quick profits.

* * *

President T. B. Macauley of Sun Life Assurance Co. stands by his original position regarding common stocks which he regards as very good for the long pull, if well selected. His views, as given in our financial columns yesterday [illegible] with [illegible] of Prof. Irving Fisher, Yale economist, which we published earlier in the year. President Macauley thinks stocks too high in the late Coolidge bull market, but thinks those top prices will be justified again by next year or by 1932 at the latest.

T. B. Macauley

* * *

There have been persistent reports in the financial district that the New York, New Haven & Hartford Railroad Co., as the title runs in full, is planning to change its name. The report, of course, is founded on the fact that letterings on the big carrier's cars, engines, bridges, etc., have been changed for the most part to read simply "New Haven." This is the name by which the railroad has always been known in financial districts.

* * *

A change of name would in the [illegible] and [illegible] of new stock and bond certificates. This process, not inexpensive, was gone through not many moons past when the New Haven issued its preferred stock. Besides the printing of certificates for the preferred it was necessary to print exchange certificates for the old common.

* * *

When business improvement comes, it is practically certain the railroads will need more workers to handle it. Stockholders as well as workers laid off will be glad to see the day hastened.

* * *

The price of copper, which cracked in April from 18 cents to 14 cents a pound and has since sagged to 11 cents, with some sales reported below the latter figure, has changed the dividend outlook on nearly all of the leading copper stocks.

* * *

A number of downward revisions in dividends were made at the first signs of lower prices for the metal but in almost every case there was a belief that buying of copper which had been slow would be revived after the four cents per pound cut in mid-April. It was the failure of this anticipated buying to develop that caused the gradual chipping away of the 11 cent price to current figures.

60 Cents a Bushel Wheat Pool Payment

Winnipeg, Aug. 26 (AP)—A hundred and forty-three thousand Western farmers, members of the prairie wheat pool, knew today what the initial payment would be on their 1930 grain crops.

It will be the lowest in the seven-year history of the pools—60 cents a bushel on wheat, oats, 30 cents; barley, 25 cents; rye, 35 cents, and flax, $1.25. The Canadian Co-operative Wheat Producers, Ltd., central selling agency of the pools, announced the figures.

Today's News of Live Stocks in Wall Street

[illegible] Wall Street [illegible] to be the principal cause of weakness [illegible] around shares is widely attributed to short covering. There is a [illegible] and are therefore well content to [illegible] provement before beginning to buy freely.

Johns-Manville Call Speculative

That recent buying of Johns-Manville is speculative in character is indicated by the company's earnings for the seven month this year [illegible] about covered dividend [illegible] for that period.

United Aircraft Sponsors Active

[illegible] friends by its performance of late. There is reason for believing the stock is enjoying more than speculative sponsorship.

Nickel Yields With Market

Setback in International Nickel reflected the general market. It is evident that the stock is well supported, but that aggressive sponsorship may await expiration of the stock offering.

Foreign Power Holds Firm

Despite rumors of international difficulties in South American countries where American & Foreign Power is interested, the stock holds firm. Foreign Power is one of the most aggressively sponsored issues in the utility group.

American Can and Crop News

American Can has yielded relatively little to the selling pressure, although there is a disposition to await final figures on the size of the "canning" crops before arriving at a definite conclusion regarding the company's prospects for next year.

Consolidated Gas Investment Buying

Buying in volume appears in Consolidated Gas only on setbacks. It is said that considerable investment demand for the stock exists just under the market. The speculative fraternity generally is steering clear of Gas at the moment.

Warner Bros. Remains Firm

Recent price firmness in Warner Bros. reflects an extensive short interest built up by the various rumors broadcast concerning the company, most of which are untrue.

Jersey Oil Weakness

Decline in Standard Oil of New Jersey was one of the most unsettling developments of the week. The stock had been counted upon as a potential leader of the market on the up side.

Mail Results on Rail Profit

Effect of the decline in traffic on railroad earnings as a whole will again be magnified in July reports now coming to hand, due to the fact that a number of carriers last year took approximately $9,400,000 non-recurring back mail pay into gross, and after allowing for taxes about $8,300,000 into net.

Radio as Leader of Bull Side

Virtually all of the speculative interests aligned on the constructive side of the market are partial to Radio as a natural leader of the hoped-for upturn.

Union Carbide Earnings to Gain

There has been buying of Union Carbide & Carbon in the last month based on the expectation [illegible] the company's profits will [illegible] an improvement in the remainder of the year since the last [illegible] accounts for the largest proportion of the year's earnings.

[illegible] considered to rank among the [illegible] industrials with diversified interests and a variety of new and [illegible] of industry including [illegible] chemicals and electro [illegible]. This the company [illegible] to long pull investors of large sums of money.

Big Trading in R.-K.-O. and Radio

Both Radio Corp. common and R-K-O are enjoying strong market sponsorship these days and evidence of this is the total sales of the company's shares traded in on the Stock Exchange last week. Radio Corp. sales aggregated 652,[illegible] shares and those of R.-K.-O. 479,000, an aggregate of 1,131,000 out of total sales on the New York Stock Exchange of 8,831,000.

International "Aggie" Increases Earnings

There has been quiet buying of International Agricultural Corp. preferred stock around 59 predicated on the forthcoming annual report which is expected to show a large increase in revenues over last year when net revenues were equivalent to $10 a share on the 7 per cent preferred stock. This is the second company to show much improved earnings in the plant food field, for the American Agricultural Chemical more than doubled its earnings in the last fiscal year compared with the previous year.

Investment Trusts Buy Allied Chemical

In spite of its low yield investment trusts continue to buy Allied Chemical & Dye. For instance, the Gude Winmill Trading Corporation showed holdings of 2000 shares in a carefully selected total of investments. Allied Chemical, with its multifarious field, including the growing synthetic nitrate plant at Hopewell, Va., is doing a satisfactory business although it is showing lower revenues from some important fields like steel.

General Bronze Gets Orders

There has been substantial buying of General Bronze in the past week and the stock has advanced some six points to a price around 21. This was partly accomplished at the expense of the shorts who sold when the dividend was cut and have found a thin market in which to cover. The company has received some substantial orders in the last few weeks.

Some Selling of Packard Noted

There has been some inside selling of Packard noted in the last few days and the stock at 13¼ is but fractionally above the low of the year. In the first six months the company earned 36 cents on the 15,000,000 shares against dividend requirements of 30 cents.

The company has cut its prices sharply and June showed record sales for that month. Naturally, the company is not expected to show better earnings for the six months.

Earnings Are Given Review

Earnings reports compared with corresponding periods of a year ago and dividend announcements by leading companies shade up as follows:

	Since July 1	Additions Monday
Increased earnings	154	5
Decreased earnings	382	14
Initial dividends	12	0
Unchanged	741	12
Increased dividends	4	0
Decreased dividends	24	0
Omitted dividends	25	0

Stock Opportunities in Big Market Reviewed

By The Wall St. Spectator.

Investors should take advantage of the current dullness in market activity to [illegible] their stocks [illegible] and replace poor or questionable securities with better ones, in the opinion of one leading commission house. Advantages obtained from switching stocks are enumerated as follows: First, switching out of bad issues into good ones or even out of good issues into better ones can be planned so as to better income, increase safety, secure better marketability or improve chances of appreciation. Second, switching establishes losses for tax purposes. Third, switching from a high priced issue into a greater number of shares of a low priced issue usually increases possibility of appreciation, as the percentage advance of low priced stocks averages greater than that of high priced issues.

At the conclusion of its survey, a list of fifty stocks is appended, all selling for less than $75. These stocks are of different sorts, some being selected for investment quality, some for yield, some because they enjoy a broad trading market and others because they seem thoroughly deflated and likely to show substantial appreciation shortly after any turn for the better in general conditions. The price classification of the stocks follow:

Selling between 10 and 20—Alleghany, Fokker, Tri-Corporation of America.

Selling between 20 and 50—Adams Express, American Chicle, American Machine & Foundry, American Radiator, American Superpower, Bendix, Chesapeake & Ohio, Chicago Great Western preferred, Chrysler, Columbia Pictures, vtc., Freeport Texas, General Motors, Gold Dust, Hudson & Manhattan, International Nickel, International Telegraph, Kennecott, National Power & Light, Radio-Keith-Orpheum, Remington Rand, Reynolds Tobacco, Standard Oil of New York, United Biscuit, United Corporation, United Gas Improvement, Waldorf System.

Selling between 50 and 75—Allis-Chalmers, American Smelting, Best, Brooklyn-Manhattan Transit, Caterpillar Tractor, Continental Can, General Foods, General Refractories, Goodyear, International Cement, Harvester, Lehman, National Dairy, Otis Elevator, Paramount, Sears-Roebuck, Standard Oil of California, Timken, United Aircraft, Union Carbide, Woolworth.

CURB MARKET PRICE RANGE IS NARROW

New York, Aug. 26.—The curb market suffered from inertia today and slithered along within a narrow trading area which reflected the apathetic attitude towards nearly the entire list. An upward tendency was in evidence most of the session.

Electric Bond & Share found the strongest demand in the utility group and provided the leadership for an advance, but attracted a small following. It opened ½ point higher and with only one setback continued upward. United Light & Power A made a feeble effort to rally, but selling checked its rise and it held firm.

Hydro Electric Service, Brazilian Traction and International Superpower sold slightly lower. For the most part the group was well supported with declines limited to small fractions. Missouri Kansas Pipe Line was weak, selling about a point lower on the movement, and then turning upward around midday.

Houston Oil was a strong petroleum stock. Humble, subsidiary of Standard of New Jersey, continued to show weakness. [illegible] Service, Standard of Indiana, Vacuum and Lone Star Gas displayed a firm undertone.

Active industrials were little changed by the dull trading. Ford Ltd. sold slightly lower. Ford of Canada which sagged yesterday, recovered part of its loss. Fokker, which has been well bought on several recent sessions, was soft. Dresser Mfg., American Cyanamid B, Translux and Crocker Wheeler were firm.

Investment and holding company shares were steady.

Call money renewed on the Curb at 2½ per cent.

Utility's Sales in Month Larger

New York, Aug. 26.—July electric sales of Central Public Service Corp. totaled 45,294,008 kwh., against 44,349,414 in July, 1929, gain of 2.13 per cent. Sales for seven months were 327,511,901 kwh., against 319,281,545 a year before, gain of 2.58 per cent. Sales of gas in seven months were 7,184,909,210 cubic feet, gain of 1.45 per cent over 1929.

Central Public Service Corp., through subsidiaries, has started work on 10 test wells in the natural gas pool of eastern Kentucky, to supply southern and central Indiana. A line 260 miles long, is to be laid to central Indiana. 35,000 tons of 18-inch pipe having been ordered.

Rail and Utility Bonds in Demand

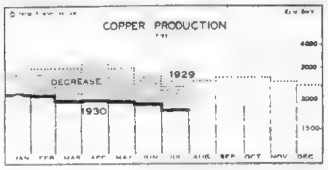
New York, Aug. 26 (AP)—An extensive list of railroad and public utility bonds attracted fresh bidding in an otherwise quiet bond market today. The general tone showed improvement over Monday as the inquiry for the high grade domestic corporation bonds picked up.

The continued weakness of Peruvian bonds whose decline was precipitated by revolutionary activities was the only exception to the narrow movement of foreign issues. Turnover of convertible issues was small and the group was narrowly irregular.

Utility Action in Me. Is Heard

Maine Public Utilities Commission has taken under advisement after a hearing petitions of Cumberland County Power & Light Co. for authority to purchase electric and steam power generating facilities of Pepperell Manufacturing Co. and the issuance of $2,400,000 in bonds in payment.

Copper Output Lower



By JOHN W. LAIRD

(Irving Fisher Service)

New Haven, Aug. 26—For their heroic and generally successful efforts to bring down the output of copper to a point comparable with demand, the domestic copper producers deserve a measure of praise. They are almost alone in having been able to pursue such an agreed plan without wavering. With the exception of three months since a year ago April, each month has shown successive decrease in the daily average output of domestic copper.

It is probably disheartening to the producers to see prices drift downward in spite of their efforts to adjust supply to demand. But the supply was, and still is, swollen in terms of a demand which has shrunken drastically since a year ago.

During early May, a buying flurry followed on weakening prices, but it was not in evidence long, and the trade has been dull since, with predictions freely made that no important buying will re-enter the market for many weeks to come. The industry waits upon the resumption of general business.

A business recovery need not go far before a large portion of the present unwieldy surplus would be found to have melted away. The best that can be said for the latest statistics is that the end of July saw only moderate increase in blister stocks, and an actual though small reduction in refined stocks.

Meanwhile the tiring-out process favors the large companies which can produce at low cost, and threatens the rest with starvation.

MEAT EXPORTS SHOW GAIN

Washington, Aug. 26—A gain of 6 per cent in quantity and 4 per cent in value is shown in the exports of meat from the United States during the fiscal year ended June 30, 1930, as compared with the previous year, according to the foodstuffs division, Department of Commerce.

The total quantity exported during the year aggregated 436,309,000 pounds with a value of $78,619,000 as compared with a 395,366,000 pounds valued at $75,662,000 for the fiscal year 1928-29.

One of the largest gains was shown by hams, shoulders and Wiltshire sides which totaled 131,571 pounds with a value of $26,639 as compared with 125,396 pounds, valued at $25,962 in the previous year.

Shipments of bacon and Cumberland sides aggregated 131,670 pounds valued at $20,181, as compared with the previous year's total of 129,408 pounds with a value of $19,784.

Canned meats increased from 14,145,000 pounds, valued at $5,031,000 in 1928-29 to 19,492,000 pounds with a value of $6,725,000 during 1929-30.

Steel Expansion to Start Shortly

New York, Aug. 26.—Work on the $1,000,000 expansion program for the open hearth department at the Youngstown works of the Republic Steel Corporation is to be started shortly, company officials announced Monday. The work involves the installation of three new 270-ton cranes, the largest ever placed in use in this country. A large addition to the open hearth building will be constructed.

The corporation has 15 open hearths at the Youngstown works, all but two of which are of 85-ton capacity. The present expansion will increase the thirteen 85-ton furnaces to 110-ton capacity and provide for their later expansion to 250-ton capacity. The average monthly capacity of the open hearth division will be increased from 72,000 to 95,000 tons and the new equipment will result in substantial savings in producing costs.

Uniform Laws on Stocks Demanded

New York, Aug. 26—The Stock Exchange Committee of the National Association of Security Commissioners has recommended to the 1930 convention of the commissioners a uniformity of State laws with regard to stock exchanges and securities listed thereon, according to I. M. Bailey, assistant securities commissioner of North Carolina and president of the association.

In co-operation with the New York Stock and Curb Exchange the committee has made arrangements to conduct a study of all stock exchanges in the country. The survey is being conducted for the purpose of determining rules, regulations, practices and policies to be recommended for universal adoption.

Monighan Month Best in History

Chicago, Aug. 26—Sales of Monighan Manufacturing Co. for seven months ended July 31 were about $840,000, against $422,361 a year before. July was biggest month in history of the company. Sales were $194,600, against $134,299 in July, 1929.

AUTO OUTPUT IS STUDIED

Washington, Aug. 26—Study of July production of automobiles in the United States shows it totaled 262,363 vehicles against 335,477 in June and 500,840 in July, 1929, says Department of Commerce. Production for seven months was 2,481,911, against 3,726,283.

Canadian production in July was 10,188 cars and trucks, against 15,090 in June and 17,461 in July, 1929, for seven months 120,873, against 205,822.

United States passenger car output in July was 222,459 against 289,245 in June and 424,944 in July, 1929, for seven months 2,117,465 against 3,188,241.

Passenger car production in Canada was 8556 in July, against 12,194 in June and 13,600 in July, 1929, for seven months 101,915, against 165,213.

Truck production in the United States in July was 39,663, against 45,773 in June and 74,842 in July of last year; for seven months 359,684, against 526,355. Canadian July production of trucks was 163[illegible] against 2896 in June and 3861 in July, 1929; for seven months, 18,958, against 40,609.

United States taxicab production in July was 241, against 459 in June and 1054 in July last year; for seven months, 4762, against 11,887.

Draper Corporation Pays

Draper Corp. declared regular quarterly dividend of $1 per share, payable Oct. 1.

BOSTON STOCK PRICES ARE RUN HIGHER

Prices were run higher in Boston Stock Exchange trading today. Boston & Albany, which has been setting new highs for several days, set still another when it lifted a point to 92.

Hathaway preferred was up [illegible] at 103. Point or better gains [illegible] recorded by Mergenthaler, Gillette, General Electric and Bigelow-Sanford.

American Telephone was up [illegible]. Fractional gains showed for New England Telephone, Pacific Mills and Edison.

Eastern Gas & Fuel preferred at 95 was off a point.

The Babson Statistical organization is advising clients this week to use a small percentage of their liquid funds to buy selected stocks. Announcement from the Babson office states that this is the first broad list of this kind which Babson's has recommended since 1924 and is the first modification of the bearish position taken just before the big break of 1929.

The recommendation advises the use of 20 per cent of the funds for this purpose and names 12 stocks all listed on the Big Board.

Stocks recommended by Babson comprise the following [illegible] yielding stocks": National Dairy Products, General Foods, North American, Texas Corp., American Smelting and Utilities Power & Light A. Also following "active issues": Standard Oil of New Jersey, Electric Power & Light, du Pont, United Corp., U. S. Steel and General Electric.

Syndicate to which was awarded the $3,000,000 city of Boston notes at 101.45 consists of E. H. Rollins & Sons, Stone & Webster [illegible], Blodget, Inc., F. S. Moseley & Co., Eldredge & Co., Brown Bros. & Co. and Curtis & Sanger.

Second bid of 101.419 was submitted by a syndicate composed of Estabrook & Co., Harris, Forbes & Co., First National-Old Colony Corp. and Atlantic Corp.

The only other bid was 101.1[illegible] by Guaranty Co. of New York and National City Co.

Maine Central's Revenues Lighter

Portland, Me., Aug. 26 (AP)—Maine Central Railroad showed a decrease in both freight and passenger revenues for July of this year, as compared to the same month last year, the report of the company showed today. Freight revenue for the period dropped from $1,122,441 in 1929 to $1,079,034 this year, while passenger revenue slumped from $344,337 to $285,3[illegible]. The railway operating revenue for the first seven months of this year was $11,377,634 as compared to $11,420,473 for the same period last year.

New England Grocery Chains Grow Rapidly

New England grocery chains have been growing rapidly. Their 1929 showing has been in marked contrast to that of similar chains operating wholly in other sections.

In comparison with current reports of various chain store systems operating throughout the country, statements recently issued, covering operations of the two big New England chain grocery store organizations, are very encouraging.

PROFITS INCREASE

First National Stores, Inc., largest New England enterprise in point of sales volume for the fiscal year ended March 31, 1930, reported sales of $107,635,000, or 41 per cent of the preceding year. Profits of $4,736,037 or $5.30 per common share were 64 per cent above the preceding year.

Economy's sales for the year ended June 30, last, of $13,827,429 were 30.9 per cent above the preceding year while net profit of $336,048 was 23¾ per cent ahead of 1929. Compared with the 1927-28 year First National's sales increased 67 per cent and profits over 206 per cent. Economy's sales, likewise were up 65 per cent and profits 132 per cent. In this connection Great Atlantic & Pacific Tea Co., giant among chain store organizations reported 1929-30 sales 8.3 per cent ahead of the preceding year and profits up approximately 8.2 per cent.

The record of smaller chain systems outside New England has not been so favorable. This is due in no small part to big expansion last year and in recent months of store facilities. Additional stores have not been assimilated as rapidly as was anticipated. In addition the problem of declining commodity prices proved a difficult one for them to handle.

Witness sales of National Tea Co. for six months to June 30 last, of $43,114,329, or 4 per cent lower than in the same 1929 period while profits of $550,742 were more than 60 per cent off from last year. In the case of Safeway Stores profits for the first six months of $1,711,012 were little more than half those of a year ago, despite a comfortable gain in sales volume.

KROGER NEAR RED

Kroger Grocery & Baking, second largest chain system, reports a 6.7 per cent decrease in sales for the 30 weeks and four days to Aug. 2 and earnings are considered to be dangerously close to the red ink line. David Pender Grocery Co. for six months to June 30 show operating loss of $55,539 against profit last year of $125,014, despite a 3.8 per cent sales gain this year.

Since the close of their respective fiscal years, both First National and Economy have shown further gains. The former reported for the June quarter sales 10.7 per cent ahead of the same 1929 period, while profits, although negligible under a year ago, were 2¼ per cent ahead of the preceding quarter. July sales were up nearly 4 per cent. Although July sales of Economy showed up less favorably than July last year, profits are understood to have gone ahead.

In its latest fiscal year, First National showed profits per dollar of sales of 4.43 cents, compared with 3.82 cents in the preceding year and 2.47 cents in 1927-28. The [illegible] figures for Economy in those years were 2.43, 2.57 and 1.30 cents, respectively, while Atlantic & Pacific showed 2.47, 2.49 and 2.41 cents, respectively.

NEW YORK STOCKS *Today's Complete Prices and Dividends*

STEEL LEADS UPWARD ACTION IN WALL STREET

New York, Aug. 26—The hungry bulls, grown lean during a summer barren of the kind of business news that is their sustenance, found a plot of green pasturage in today's stock market, with the announcement of sharp increase in the United States Steel Corporation's ingot production.

A wide assortment of shares was sent up 2 to 6 points or more on publication of the steel news showing output increased from 62 to 66 per cent of capacity. U. S. Steel rose about 4 points to the best prices since the June crash.

The steel news served to quicken an advance which had developed earlier under the leadership of the motion picture shares. Shorts rushed to cover and trading expanded sharply.

The advance embraced groups, with the exception of the oils and coppers. Shares selling up 3 to 6 included American Can, Du Pont, Vanadium, Air Reduction, Southern Railway, Auburn, Westinghouse Electric, Worthington Pump, Case and Columbian Carbon, while Consolidated Gas, North American, New York Central, Corn Products and Johns Manville gained 2 or more. The close was strong.

FUEL FOR BULLS

Such a coincidence as dismissal of the Warner Bros. receivership petition on the day of publication of an optimistic reports to Fox Film stockholders from the new management, at last provided professional traders with some excuse for bidding up stocks.

The advance was helped along by extremely conservative buying recommendations issued to clients by a statistical organization which has been bearish for some time.

The market was sluggish during the early trading, and worked lower under the influence of selling of the agricultural implements, oils and coppers.

By midday, however, the motion picture stocks turned emphatically upward, and were soon joined by a wide assortment of popular trading favorites.

Short covering appeared in some volume. The market continued mostly the private affair of professional traders, however, as no widespread inclination to buy stocks developed.

Fox gained more than 3 points, and Loew's nearly as much.

The balance sheet as shown for June 30 by Fox indicated a complete reversal of the cramped financial position shown six months previously. Total assets were carried at about $192,500,000, gain of more than 50 per cent from Dec. 31. The company is still faced with the problem of permanent financing, however, as it has $55,000,000 in short term notes coming due next spring.

Warner Bros. sold up more than 3 points, although dismissal of the equity suit was only on a technicality. General Theaters and Paramount were firm.

ADVANCE EXTENDED

The advance was joined by practically all groups, and individual gains of 2 to 3 points were numerous, appearing in Air Reduction, Mathieson Alkali, American Telephone, North American, Standard Gas, Vanadium, Byers, Norfolk & Western, New York Central, Dupont, Gillette, Eastman Kodak and National Biscuit, such shares as American Can and General Electric soon gained more than a point.

The utilities displayed more notable strength than of late.

A conspicuous weak spot in the list was International Telephone, which sagged persistently, getting down more than 2 points. The stock has been under considerable pressure at various times in recent months, owing to curtailed earnings resulting from world-wide depression. Oils were easy.

As railway earnings reports for July continue to appear, the comparison with recent years shows little change from June. The more favorable reports usually appear first.

The Department of Commerce automobile production report for July was somewhat less than had been expected, and indicated clearly the extent of the slump in that month. Output was 21½ per cent below June and 47½ per cent under July, 1929. Call money continued at 2 per cent.

WARREN OUTLOOK

Discussing the prospects for Warren Brothers Co., Paine, Webber & Co., the company's bankers two of whose firm members are on the Warren Brothers board of directors, say:

"So far in 1930, earnings are ahead of last year with every indication that net for full year will equal $8.50 per share of common stock. This would be ninth successive year of increasing earnings.

"Among the favorable factors in company's outlook are easy money which enables cities, states and countries to borrow for road building, and tendency to build more roads during periods of unemployment. These factors have been reflected in an increased domestic gross business this year and in several important new foreign contracts, including a $5,000,000 contract for feeders to Cuban Central highway and $12,000,000 Peruvian contract. In Poland, company has doubled its equipment and a large stone block contract has been obtained in Argentina. Prospects for additional foreign business are excellent."

Selling of Goodyear Tire & Rubber common stock that has carried it down to a new low level for the year, 54¼, has followed in the wake of the announcement of heavy curtailment of production beginning with September. Coupled with the failure of earnings of the first half-year to cover dividend disbursements, some uneasiness over the permanence of the $5 dividend has naturally arisen.

Commonwealth & Southern Corp. reports for 12 months ended July 31 net income of $30,200,540 after taxes, charges and depreciation.

Estimated net income of Southern Railway Co. for seven months ended July 31 totaled $2,969,000 after taxes and charges, equal after dividend requirements on the 5 per cent preferred, to 94 cents a share on the 1,300,000 shares of common, against $10,344,000, or $6.60 a share, in the same period of 1929. July net income is estimated at $1,007,000, or 58 cents a common share, against $1,330,000, or 87 cents a share, in July 1929.

Boston Market in Wool Found Quiet

Local office of Department of Agriculture says: "The quietness of the wool market appears to be due largely to seasonal factors, such as vacations in mills, shutdowns for overhauling machinery and the waiting period likely just previous to openings of new lines of goods by large manufacturers."

ADVICE TO INVESTORS IS FREE

Before you buy or sell stocks or bonds, you ought to secure unbiased expert advice. Send your investment inquiries with stamp to Frank H. Meloon, Financial Editor, Boston Evening American, 5 Winthrop sq., Boston. All replies are made by mail direct.

SEVERE LOSS

Miss A. L. S., Newton—Your advice to others has prompted me to consult you regarding my stocks. I own 10 shares of United States Smelting, Refining & Mining at 68 and five Patino Mines at 38. I am self supporting and have only $350 in a savings bank.

Ans.—The predicament in which you find yourself clearly demonstrates our idea that the best place for sums under $2000 is in the savings bank. Foolishly, you withdrew close to $900 for the purchase of two stocks which, at current levels, have a market value of less than $400. Because of unsatisfactory earnings and instability of metal prices, United States Smelting, Refining & Mining common was placed on an annual dividend basis of $1 a share, contrasted with the $3.50 rate maintained from January, 1928, following $3 rate from resumption in 1925 after four years' omission. For five months ended May 31, 1930, net income equalled $1.12 a share, compared with $2.19 for corresponding period of 1929. Net for 1929 was $5.02 a share, against $6.82 in 1928 and $3.79 in 1927. The stock is speculative. Patino Mines & Enterprises is a mere speculation. No dividend has been paid since November, 1929. Operations for first six months of current year resulted in a deficit of 21 cents a share, contrasted with net income of $2.03 in similar period of 1929. Net for 1929 was $3.31 a share, compared with $3.73 in 1928 and $3.31 in 1927. Of course, we can make no attempt to predict future prices for either issue.

WOULD LOSE.

N. T., Concord—I own 50 shares Glidden common at 45. Shall I hold or sell?

Ans.—Were you to sell now you would take a severe loss, but no one can predict prices. Glidden Company is a leading factor in the paint industry and recently acquired several well-established food products enterprises. The common stock, however, is speculative because of irregular dividend record. Dividends suspended in July, 1927, were resumed with quarterly payment of 37½ cents a share January, 1929; increased to $2 annually October 1, 1929, January 1 and March 12, 1930. For fiscal year ended October 31, 1929, earnings of $3.69 a share, compared with $3.01 in 1928 and $2.51 in 1927. For six months ended April 30, net was only 30 cents a share, against $1.12 for similar period of 1929.

FOUR STOCKS.

N. E., Clinton—I own 20 shares each General Motors at 44, Standard Brands at 28, Standard Oil of New York at 43 and Woolworth at 82. What is your opinion of them?

Ans.—Standard Oil of New York and F. W. Woolworth are the best stocks in your list, from an investment viewpoint. Of course, General Motors is the world's leading automobile maker and record of earnings and dividends is good. Based on net profits so far this year the current $3 dividend can be maintained. In 1929, Standard Brands earned $1.37 a share on the outstanding common. This did not cover the $1.50 annual dividend. In the first half of current year, net profits were 57 cents a share. The company controls the sale and manufacturer of widely used food products.

PAYS NO DIVIDEND

R. C., Wayland—I am a reader of your paper and want your opinion of a purchase of Congoleum-Nairn.

Ans.—Congoleum-Nairn common pays no dividend. It is a speculation on which we could not advise. The company is the country's largest manufacturer of felt base floor covering. For the year ended December 31, 1929, earnings were $1.38 a share, compared with 83 cents in 1928. In six months ended June 30 net was 40 cents a share, contrasted with 55 cents for similar period of 1929. When you want an income from securities consult us.

Sex Appeal

BENNY RUBIN, radio picture star and dialect comedian, who hails from Chelsea, and who is one of the artists in tonight's "RKO Theater of the Air" program at 10:30 over WEEI.

WJZ Chain Hears Program From Washington at 10:30

Over WJZ, New York, and a wide network of NBC stations, the broadcast of a banquet arranged by the attorney general in honor of the English, French, Scottish, Irish Free State and Canadian lawyers who are visiting this country as guests of the American Bar Association, will be heard at 10:30 tonight.

The program originates in the Hall of America's Pan-American Union in Washington. The address of welcome will be delivered by J. Miller Kenyon, chairman of the committee of Washington lawyers. Speakers are Sir William Jowitt, attorney general of Great Britain; Maitre Henri De Cugis, chairman of the French delegation, and John Lord O'Brian, assistant attorney general of the U. S. Music will be furnished by the U. S. Marine band, and Charles Trowbridge Tittman, basso, will be soloist.

RADIO Personalities

Radio talks that could be very popular at the moment—BETTY NUTHALL on "WHAT WOULD HAVE HAPPENED IF HELEN PLAYED." H. L. MENCKEN on "MARRIAGE." AIMEE McPHERSON'S MOTHER on "MOTHER LOVE." JOHN McGRAW on "HOW THE CUBS WILL WIN THE WORLD SERIES." Each of the "59 RULERS OF THE U. S." to name his selections of the 59 rulers . . . PADEREWSKI may tickle the ivories over the NBC this fall. . . . JOE COOK is preparing a radio script that will be submitted to a sponsor this fall. . . . VINCENT LOPEZ once studied for the priesthood. . . . EDWARD BALLISH aviator, will speak to the radio audience over WLW Labor Day while in a parachute heading earthward. . . . ALWYN BACH, NBC announcer, once broadcast from a bathtub. . . . MINNIE BLAUMAN, CBS musical arranger, once worked in a Boston 5 & 10c. store and got $3.50 a week. . . . 5 per cent of NBC mail asks if the same persons play in the "Sunday at Seth Parker's" and the "Real Folks" programs. . . . A N. J. woman has named her dog "Sake" after one of the "East of Cairo" characters.

Concerning Radio

Edited by BILL WHIPPLE

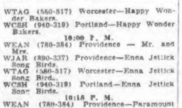
It is quite possible that by bringing up the subject of television in these columns so frequently, you customers may get a little peeved and loudly declare the radio editor of this section can't have any more brains than the Almighty put in a brook sucker, harping so much about something which seemingly hasn't got even a toe-hold as yet.

As far as mental capacity is concerned probably you would be right; we don't claim to be any great shucks when it comes right down to a first-class thinking apparatus. But we'll rare right up and speak out loud when you question our prophetic ability concerning television.

This sight and sound business of radio is coming along so fast it makes us dizzy. Undoubtedly the general public cannot as yet sense the developments taking place. But we who are so closely associated with radio affairs, hearing about this, reading about that and figuring out a logical conclusion well know that the great radio audience is very close upon the eve of a new and most interesting era in radio reception.

Movie sound pictures burst upon the world in dazzling suddenness. We all knew, in a hazy sort of way, science was developing and perfecting such appliances. But, if we thought of it at all, such things would not be practical for a long, long time.

And so is the public rather dimly aware that somebody, somewhere is working on something called television, that sometime may be perfected enough to make use of in the homes. That time is right here, neighbors, and we'll bet a dollar against a couple of pint-empties that before the robins roost again in our maples, many of you who are reading these lines will have a little television in your home. Don't take us up, folks, for you may need those containers.



Just one thing more concerning "sight" radio. We are indebted to the Shortwave and Television Laboratory, Inc., Brookline ave., Boston, for one of their booklets, entitled "The Romance and Reality of Television." We haven't permission to invite you to visit their great plant up there—we haven't even seen it ourself—but if you can get one of their little booklets, describing what before long you must become familiar with, by all means get one. We believe you will share our enthusiasm.

We wish to make a note of thanks to J. M. Barnes of Wollaston, for writing us concerning his reception of sound over the Evening American's newly affiliated station, WLEX. He informs us that at times the program does not come through clear. Again we thank him.

That will be remedied. And that is the spirit we like. We are just bound to popularize this station; its programs will be so interesting that you will not feel the day is complete without at least a dash of WLEX. And it will make our task lighter if you will let us know what complaints you have against the station—if any. If things are not to your liking tell us about it.

We really wish to do everything we can to help the Atwater Kent Foundation find America's best non-professional young singers, in its Four National Radio Audition. Space will not allow much propaganda; the movement is worth considerable printed matter, however, and we gladly do what we can.

For the information of those interested Mrs. A. Julian Rowan of Belmont heads the local committee representing the foundation, and who will be glad to supply detailed intelligence to the ambitious young singers and musicians who wish to enter the contest.

Movie addicts who possess radios will be given an opportunity to keep posted on the doings of their favorite stars when a personality known as Jerry "Close-Up" Madison makes his appearance on the first of a new series of fall programs on the Paramount Publix hour heard tonight over WNAC at 10:15. Madison, who is to be a permanent fixture of the program, comes as an interesting informer, presenting to the audience intimate chatter, gossip and facts about the activities of the celebrated movie stars. Another innovation is the "Musical Newsreel," by which the events of the day will be given by means of especially chosen compositions.

Music from the "Second Little Show" makes one of its rare radio appearances tonight over WEEI on the Happy Wonder Bakers program heard at 9:30. "Lucky Seven," "Sing Something Simple" and "You're the Sunrise" are the group that will be heard. The remainder of the program consists of curent hits and an arrangement of Irish airs which include "Killarney," "Irish Washerwoman" and "Come Back to Erin."

Coming with the announcement of the Publix change in broadcasting, is a notice that the RKO theater of the air adds to its Tuesday night program by having a broadcast on Friday nights as well. Among the outstanding participants of this evening's program will be Joseph Regan, Boston tenor; Ann Seymour, Gus Van of the former team of Van and Schenck; Leslie Frick and the RKO-lians. Benny Rubin, another local product, is also among those present.

Treasurer Held as Indiana Bank Closes

Hammond, Ind., Aug. 26 (INS)—State bank examiners ordered the Northern Trust & Savings Bank of Hammond closed today after announcing that Boleshaw Salik, its secretary and treasurer, had confessed embezzling $211,000.

Hyde Park Couple Mark Golden Jubilee

The 50th anniversary of the marriage of Mr. and Mrs. James Allsop of 43 Webster st., Hyde Park, was celebrated at their home yesterday.

Mr. and Mrs. Allsop were married in Greenville, R. I., August 25, 1880. An informal reception was given by the five children of the couple, at which the immediate family and close friends attended.

Dr. Root Reported Somewhat Better

Georgetown, Aug. 26—Slight improvement was reported today in the condition of Dr. Richmond B. Root, 84, former medical examiner, who is seriously ill in the family home in North st. Dr. Root has been practicing medicine in this town for more than 60 years.

PORT OF BOSTON IN REVIEW

By CARL MORRISON

Gradually the several ships under the United States Shipping Board control are coming under the "lump sum" agreement known as the "operating agreement of 1930," whereby operators handle the ships at a definite sum.

Many of these ships operate in and out of Boston. The government under this plan pays the operating steamship company a "lump sum" which is to cover all costs and profits, such as $13,000 for the Yankee line per trip and $10,000 for the American-Republic line.

The American Merchant line, which docks at Hoosac in this port, already has its four ships operating under the new plan.

The Yankee Line, operated by Rogers & Webb of Boston, and docking at Hoosac, has the Westpool, the Natirir and the West Hareuvar under the new plan. When the Seattle Spirit, due in Boston early next month, completes her present trip, she will go under the "lump sum."

Of the American-Republic Line, which docks at the Army Base Terminal, the ships already on the new operating plan are: Calberson, Satartis, Commack, Bakersfield, Capillo and Collingsworth. The first three named vessels are on the Boston run.

About nine nother ships of this line will go on the new plan when their cruises are completed.

The Oriole Line, also docking at the Army Base, is undergoing the change in financial operating costs, as are the Black Diamond and Roosevelt Lines, which dock at this terminal.

This new 1930 agreement will have all shipping board vessels under the "lump sum" by the end of this current year. This has a significant factor from the Boston viewpoint, for all "clerking" or "checking" will be done under direction of operators instead of the U. S. Shipping Board.

As the clerking concession had been given out by the board to the local terminal, this will represent an annual loss of approximately $15,000, to the Bay State Shipping Co., holders of the temporary shipping board lease.

DIRECT TO BOSTON

Another ship making a run direct to Boston from California is the Robin Goodfellow, which left Los Angeles this forenoon for the Hub. She is due in about 21 days, with a general cargo for Norton Libby, & Co.

AN IDEAL VACATION

Capt. T. A. Miller, district director for New England for the U. S. Shipping Board, has an ideal method of spending a vacation. He is practically living on his yacht, "Irene," at Squantum and vicinity for the next two weeks. His vessel is one of the largest catboats in New England.

MISCELLANEOUS

Ed Bemis, of the foreign and domestic commerce bureau, is spending his two weeks' vacation at home and elsewhere.

William A. McIsaac, general agent of the U. S. Lines, has returned to Boston from New York. He has been attending a field conference of representatives which included a dinner on the Leviathan, flagship of the line.

TODAY'S WHO'S WHO

The subject of today's harbor sketch is William F. Garcelon, chairman of the New England Shippers Advisory Board.

Black & Steller photo

W. F. Garcelon

Garcelon and his board perform valuable services for shippers. He is also secretary of the Arkwright Club of cotton manufacturers, and is attorney for several industrial organizations.

The chairman has the admiration and respect of the entire shipping fraternity. He has a genial nature and a sense of humor, which come to the front in his chatty communications to board members. His hobbies are athletics annd parliamentary law.

Garcelon is a graduate of Bates, Me., and of Harvard Law school. He has been graduate manager of Harvard athletics and judge of frequent track events, having been a track man in school. He is an ardent golfer and has been secretary of the Massachusetts Golfing Association.

It is as presiding officer of a convention or business meeting that the Harvard man is at his best. He is well versed in parliamentary rules and never at a loss how to conduct affairs.

ARRIVED

YARMOUTH, Crosby, Yarmouth, N. S., with merchandise and passengers to Eastern S. S. Lines, Inc. Docked at Central wharf.

INCOMING SHIPS

Compiled from latest information and subject to change.

DUE TODAY

BRAZILIAN PRINCE, Buenos Ayres via New York; docks army base, South Boston.

CANADIAN SKIRMISHER (Br), River Plate ports; docks army base.

EASTERN CROWN, Newport News.

FARNORTH (Br.), Halifax, NS, and St. John's, NF.; docks Commercial wharf.

HAMPDEN, Newport News.

MALAKUTA (Br), Calcutta, etc.

BETTER BUSINESS

An increase in harbor business can be detected, with every indication of improvement early in September. Crops in New England, which have been good as contrasted with failures in other sections, will begin to move briskly by rail and water in a few weeks.

Grain shipments are steadily moving out of Boston. A week ago 230,000 bushels of wheat left the harbor. Three ships are now in port, getting ready to carry away 154,000 bushels for foreign points. This will make a substantial reduction of the amount of grain in Boston elevators. The 823,000 bushels in the elevators as of the date of yesterday, represents about one-third of the full capacity.

TIP ON CRASH OF BOATS WINS

Continued from Page 1, Sec. See.

West End. Arrest of alleged gunman, Burke, in Palmer.

John Alcaro, 14 Dinsmore ct., Cambridge. Woman's body in the Charles river, near Cambridge Hospital.

Name withheld. Leo F. Cox, 185 Hanthorne rd., West Roxbury, to be married, with three brothers participating.

Name withheld. Inn robbed—Sunnyside Inn at Topsfield.

Lucky Girl

Continued from Page 1, Sec. See.

. . hope?" Cathie quavered.

But he wouldn't say.

Ruth put her head down on the kitchen table. "I can't bear it," she moaned. "I can't. I've been through too much. And now this. With Eddie in South America, and Jean having a party . . . ooh, I don't know how I'll raise the money, I don't, I don't!"

Secret Guarded

Cathie listened. Listened to the sound of Ruth crying hopelessly, to the sound of the bridge party in the front room, to the sick woman's labored breathing. It was a nightmare. She'd wake up pretty soon.

Jean came into the kitchen, starry-eyed. "Cathie, dear, is there any more hot choc'late, and whip cream for the choc'late. The girls just loved the chicken. Oh, what's the matter with Ruth?"

"Headache," Ruth said from between dry lips.

"Where's ma?"

"In her room, resting." Surely Jean would hear the breathing . . . funny how sleeping drafts made people breathe . . . But no, Jean didn't hear anything. She took her tray of refilled cups and hurried back to her guests.

"I won't have ma go to the county hospital, not if I have to beg on the streets." Ruth lifted her head to whisper.

"Shh—the children will hear!"

"But we've got to plan. I want ma taken care of right. I suppose you could borrow a month or so ahead on your salary? I won't be able to, on account of it being city money."

Cathie nodded. She supposed so.

"I hate to ask you," Ruth said.

"Well, we've got to get the money somewhere. Besides Mr. Farnsworth is awfully nice."

Financial Problem

"Nice!" Ruth sat up sharply, her hair all awry. "Nice! That's why I hate to have you do it. That's why you have to be careful! Oh, Cathie, you're such a baby. Mind how you go about asking him. Don't you do anything you shouldn't do—to get the money. I won't have it, not even for ma—not if I have to beg on the streets first—"

Cathie turned scarlet. Don't be silly," she said awkwardly.

"I'm not silly. I'd rather go to Mr. Browning and ask him the name of a loan broker, than have you—"

"Shh—don't talk so loud, Ruth!"

The little girls were saying goodbye. You could hear their laughter, their happy farewells. Cathie suddenly felt very old. Older than her mother, sleeping trustfully on her bed, older than Ruth with her funny ideas about bosses wanting to take advantage of young girls.

the gangs of men working dan-

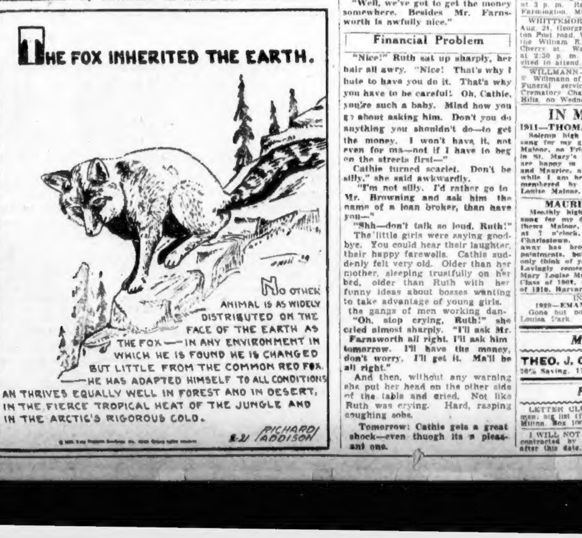
"Oh, stop crying, Ruth!" she cried almost sharply. "I'll ask Mr. Farnsworth all right. I'll ask him tomorrow. I'll have the money, don't worry. I'll get it. Ma'll be all right."

And then, without any warning she put her head on the other side of the table and cried. Not like Ruth was crying. Hard, rasping coughing sobs.

Tomorrow: Cathie gets a great shock—even though its a pleasant one.

CURIOUS CREATURES

By RICHARD A. ADDISON



THE FOX INHERITED THE EARTH.
NO OTHER ANIMAL IS AS WIDELY DISTRIBUTED ON THE FACE OF THE EARTH AS THE FOX — IN ANY ENVIRONMENT IN WHICH HE IS FOUND HE IS CHANGED BUT LITTLE FROM THE COMMON RED FOX — HE HAS ADAPTED HIMSELF TO ALL CONDITIONS AN THRIVES EQUALLY WELL IN FOREST AND IN DESERT, IN THE FIERCE TROPICAL HEAT OF THE JUNGLE AND IN THE ARCTIC'S RIGOROUS COLD.

Legal Notices

A PUBLIC meeting will be held in the Ward Room, Ward 9, on Thursday, August 28, 1930. Said meeting will be held in accordance with Section 4, Chapter 27, of the Revised Ordinances of 1914. Harold H. Goldstein, 599 Columbus Ave., Boston, Mass.

Boston, Mass.

On Thursday, Sept. 4, 1930, at about 9:45 a. m., a hearing will be held in the office of the Board of Appeal, Room 907, City Hall Annex, in reference to the Appeal of Patrick F. Murphy asking to vary the application of the Zoning Law of Boston at premises, 20 Washington St., Wd. 21, in the following respect: (Sec. 4) permit business (miniature golf course) in residential district.

LARGEST EVENING
CIRCULATION IN NEW ENGLAND

Cap Hatfield

Died With His Boots Off

Devil Anse Hatfield's son Cap, last of the McCoy-Hatfield feudists of West Virginia, died with his boots off last week. The end came to Cap in a Baltimore hospital, and of a prosaic ailment. Such a death was an inglorious conclusion to a picturesque career. It emphasizes the fact that another cycle of American history has passed.

The Hatfield-McCoy feud started in 1880 over the ownership of a hog. The warfare waged between the two clans reached epic proportions. Cap Hatfield "guessed" he had been shot at 300 times by the McCoys, and also guessed that he bore a charmed life, as he had been wounded only once.

Hatfields and McCoys, by ordinary standards of morality, could hardly be called admirable characters, but they look like paragons of heroism compared with the urban gunmen of today. They killed for principle, not money, and their courage was not of the cocaine-stimulated variety. They loom up beside our modern Moes and Louies like mountain wildcats alongside of sewer rats. They were **MEN**, and it is a great pity that the last of the line did not have the privilege of dying outdoors, with a bullet through his heart from some trusty squirrel rifle.

He would have preferred that.

"None Was Warned"

Police Raiders Under New System

The police department, acting under direct orders from Commissioner Hultman, made 27 raids on speakeasies and gambling resorts over the week-end.

As the result of these raids, 182 persons face charges.

Doubtless, had he had the men and the time, Hultman could have found ten times 27 law-breaking places to raid.

And we read further in the same news report that 26 sufferers from alcoholism were received at one relief station, victims of "prohibition" liquor.

And they say prohibition is a success!

Most important to Boston, however, and the most hopeful sign that our police department is getting back to an honest, efficient basis, is this little sentence from the same news report:

"The attitude at the raided places indicated that none had been forewarned."

Gone are the days, we may now hope, when raiding orders got to the intended victims before they reached the raiding squads.

How to Save Your Life

Don't Be a Jaywalker

When Boston citizens come to realize that the new traffic lights are designed for their protection even more than for the expedition of automobile traffic, jaywalking and resultant deaths and injuries will cease.

The combination of red and yellow lights is the pedestrian's signal to go.

Every other light and combination spells danger to persons seeking to cross the street.

Punishing the jaywalker is an unpleasant thing to do, and Boston's traffic guardians do not want to take punitive action unless it becomes imperative to save the lives of the jaywalkers themselves.

Watch the red and yellow lights! Don't be a jaywalker!

Sleep

A Strenuous Process

"I slept like a log" is what you say when you have spent a restful night. The fact is, however, that you slept like a branch of a tree in a storm, turning and tossing more than a score of times.

In eight hours, if you are normal, you will have made at least thirty-five changes of position.

Probably you don't know that, and even if you do it is of no particular significance. But merely as a matter of accuracy, don't compare yourself to a log. And in no case say that you slept like a dead man.

If you had, you couldn't.

Valparaiso, 15 Days

An American Ship's Record

The world grows smaller, and American engineering ability helps the process. Six days were cut off steamer time between Valparaiso, Chile, and New York by the new Grace liner Santa Clara—built in an American yard by American workmen, operated on the American scale of wages, and flying the American flag.

Best previous time of any vessel on this run was 21 days. This vessel, turbo-electric driven, made it in 15.

Don't believe those who tell you that this country cannot build ships and run them in competition with England or Germany or Japan. Six days clipped from twenty-one is a sufficient answer to that fallacy.

"It Can't Be Done!"

The Wickersham Commission Makes a Discovery

President Hoover's law enforcement commission, say Washington dispatches, has concluded that prohibition is unenforceable. The commission has made no formal announcement of its views. But it is understood that individual members, including Chairman Wickersham, Newton D. Baker, Dean Roscoe Pound and other great minds of the fact-finding body, have personally decided that "it can't be done."

If this is the case, the commission must be congratulated on its keen powers of perception. Its members spent around $150,000 of taxpayers' money to learn the painful truth, whereas any corner cop could have given them the information free of charge, if they had asked him.

But commissions don't work that way — otherwise they wouldn't be commissions.

NEW YORK DAY BY DAY

By O. O. McIntyre

NEW YORK, August 26—Dame luck has been dealing shallow hands to one of the Rialto's picturesque producers—Morris Gest—recently. But, like the slogan of Salvationists, he is "down but never out." Doubtless he is winding up now for a plate-cutting fast one.

It was a Gestion gesture to confound those who say he is through with a nonchalant come-back. He has done this many times. His health coupled with an ill-fated theatrical venture, plunged him into bankruptcy recently, with debts of a half million.

But the man who gave New York "Chu Chin Chow," the original Russian ballet, Michael Fokine, Balieff's Chauve Souris, the Moscow Art Theater repertory, re-introduced Eleanor Duse and staged the beautiful "Miracle" is not likely to become bankrupt of ideas.

Gest is a real life hero in one of those up-from-the-sidewalk careers. Born in Vilna, Russia, he spent his boyhood selling newspapers in Boston. Coming to New York, he dabbled in theatricals without making a splash until presenting "Experience" in 1914.

* * *

From then on spectacular successes and intermittent failures of Gest became legends of the theater. He publicized himself by wearing a black velour hat at a rakish angle and sporting a flowing tie. Frequently he would weep in the lobby at first nights.

He had, boo, hoo, spent his last penny—and the premiere would decide his future. It was "great theater," for Gest is a showman. But he cried "wolf" so often few thought he was beached on financial shoals until liabilities were spread in the newspapers.

Gest has the ballyhoo shrewdness of Barnum, plus a deep understanding of the theater. He dredged mediocre exhibits out of candle-lit Russian cellars and made them social rages in New York. His wife is the daughter of David Belasco, also somewhat of a showman.

* * *

Due, perhaps, to old Winter Garden presentations, the Shuberts have been linked with the rowdy type of musical shows. Certain productions featuring a jovial commonness were known as "Shubert shows." Yet during the past season they gave the town four of its most artistic plays in "Topaze," "Death Takes a Holiday," "The Infinite Shoeblack" and "Bird in Hand."

* * *

An unusual calling is that of a lady who inspects private library bindings and prevents them from curling and decay. She uses a salve, rubbed in expertly, and the job is not only lucrative but brings her in touch with the best people.

* * *

Somebody has been clipping my column from a western paper daily, writing across it in red pencil "O, yeah" and mailing it to me. Today the stamp was uncancelled and I, like a dirty little thief, swiped it. I guess that's getting even, hey, fat head?

* * *

Today while roaming the majestic mid-town glitter with its stepping towers, braggy fronts and restless electric dazzle, I somehow thought of those grey streets in London, especially the narrow Strand and the shy alleys dipping down to the Thames. It would have been pleasant to hear the ineluctable cry of the muffin men, the chant of old ladies selling heather, and most of all the spiel of the Punch and Judy show.

Yet such longings are quickly cured. I notice three talented gentlemen — Frank Ward O'Malley, Adolphe Menjou and Ralph Barton — who fled America during the past three years to remain permanently, are back kissing Times sq. paving stones and hugging avenue lamp-posts.

What Do You Know?

BOSTON'S ORIGINAL KNOWLEDGE TEST

Match correctly:

1. economical	domicile
2. iconoclast	trite
3. dwelling	physiognomy
4. visage	frugal
5. hackneyed	image breaker

Do you know:

6. In what Shakespearean play does Macduff appear?
7. What word refers to opposite to the zenith?
8. What is oakum used for?
9. What are the cliffs of the Hudson called?
10. What is a quadruped?
11. What part of the plant is the radish we eat?
12. What is sabotage?
13. What is the largest river in the world?
14. In nautical language, what is the tackle?
15. What does the phrase Ultima Thule mean?

Answers to today's test:

1. Frugal. 2. Image breaker. 3. Domicile. 4. Physiognomy. 5. Trite. 6. Macbeth. 7. Nadir. 8. Caulking seams and mending leaks. 9. Palisades. 10. Four-footed animal. 11. Root. 12 Malicious destruction of employer's property. 13. Amazon. 14 Rigging of a ship. 15. Furthest part of the habitable world.

Capital Silhouettes

H. G. Wells Writes

ON "THE SCIENCE OF LIFE"

(Continued from Yesterday)

A STRANGE fact, the posterior lobe of the pituitary (post-pituitary) works against metamorphosis. Injections of this, in axolotls, for instance, are antagonistic to the effects of thyroid and pre-pituitary, and can prevent the animal's transformation.

H. G. Wells

This is interesting as evidence of at least a partial antagonism between the two halves of the pituitary. It has also had practical results, for the investigation of the reasons why certain extracts of pre-pituitary had no affect on axolotls, revealed the fact that if the two parts of the pituitary are not separated as soon as possible after death, post-pituitary hormone looks into the pre-pituitary there to work against its hormone.

And this had led to improved methods and the preparation for the first time of really pure, pre-pituitary extracts for medical use.

The transformation of pollywogs is not so trivial a process as it seemed. Processes are there at work which are of the utmost importance in our own lives; but in the tadpole they are more readily accessible to experiment.

The specific sensitiveness of different tissues, their reactions to different intensities of one and the same substance; the synchronizing of many processes by the aid of one hormone; the shifting of the time of some development crisis by altering the relative rates of two processes; the interaction of different ductless glands, different parts of that "chemical skeleton" whose general plan runs through all vertebrates just as definitely as does the plan of their true mechanical skeleton—in all these ways the study of tadpoles has shed new and valuable light on general problems.

SECTION 5. ROLE OF THE GENES

We have traced the main stages in the evolution of an individual body from an egg.

First, the very young embryo is a plastic thing, making the most elementary arrangements, deciding in which direction its head and its tail will be produced and which will be its right and which its left.

Then it begins to specialize itself, to crystallize out into tissues and organs. Rudiments appear and shape themselves and differentiate until they become workable parts. And, finally, there is the third stage of action, of pulsing blood, of contracting muscles and hardening bones, of messages flashing along the newly drawn out nerve fibres, of ductless glands pouring their controlling secretions into the blood stream.

In this stage the tissues settle down together, so to speak, and knock each other into shape until the body becomes a harmoniously working whole.

(To be continued tomorrow.)

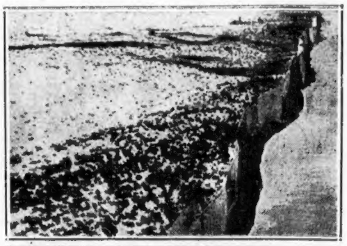
Locusts in the Holy Land

That Plague Seems to Come of Its Own Accord



A "CLIFF" OF ZINC HOLDS BACK THE LOCUSTS

> "Else, if thou refuse to let my people go, behold, tomorrow will I bring the locusts into thy coast:
>
> "And they shall cover the face of the earth, that one cannot be able to see the earth; and they shall eat the residue of that which is escaped, which remaineth unto you from the hail, and shall eat every tree which groweth for you out of the field:
>
> "And they shall fill thy houses, and the houses of all thy servants, and the houses of all the Egyptians; which neither thy fathers, nor thy fathers' fathers have seen, since the day that they were upon the earth unto this day."

To punish the wicked, hard-hearted Egyptians the Lord caused various terrible plagues to appear. One of the worst was that of the locusts, devouring crops, destroying every green thing, starvation following them.

The same old locusts, or new locusts of the same old kind, apparently without waiting for any especial Divine command, continue to attack different parts of the globe at different times.

Recently terrific swarms have devastated sections of Palestine, including beautiful farms and groves lying close to Jerusalem, devastating also other parts of the East.

These pictures give an idea of the number of locusts. The picture at the top looks like a steep cliff at the edge of the sea.

What looks like a cliff is really a stretch of zinc sheeting, reaching twenty miles across the country, raised to head off the advancing plague of insects. It is not high, as the insects keep close to the ground, and when they reach the zinc sheeting they can go no further. They accumulate in millions and are wiped out in various ways—sometimes by "flame throwers," sometimes sprinkled with kerosene, which strangles them, and then they are set on fire to make sure that they will die.

LOCUSTS GATHER ON A LOCUST FIGHTER

A CAMERA COVERED WITH LOCUSTS

The two smaller pictures show, on the left, a locust fighter with the locusts climbing up his legs, even as he uses the modern machinery for their destruction.

The other shows the locusts literally covering every square inch of a camera in the hands of a photographer.

These insects, horribly prolific, are fortunately not poisonous. They do not bite or sting. They simply are the vegetarian nuisance in its worst form, eating everything green, devouring crops, ruining farmers.

The locusts have recently threatened Egypt as well as Palestine, and the British, everywhere energetic, are fighting the danger, fencing off the locusts, digging traps into which they fall by millions, spraying them with kerosene, burning them with flames thrown to a considerable distance.

The bottom picture shows the flame thrower at work.

Some day when men are civilized they probably will use these "modern methods of warfare" against insects and other pests only.

KILLING LOCUSTS WITH "FLAME THROWERS"

They develop the new methods of killing, at first, by using them on each other.

No fight against locusts or poisonous snakes was ever as deadly, savage or full of hatred as the recent fighting of man against man in the great war.

The IMPORTANT fight of men, now, as it must be for years to come, is the fight against insect life.

If insects got the upper hand, they could easily wipe vegetation from the earth and make human life impossible.

The ants alone, if unrestrained, could wipe out whole civilizations.

The termites (so called white ants, that fortunately cannot live in a cold country) might suddenly become a greater menace to the nations of warm climates than any possible war.
